

B. Submitting Comments

Please include Docket ID NRC–2015–0136 in the subject line of your comment submission, in order to ensure that the NRC is able to make your comment submission available to the public in this docket.

The NRC cautions you not to include identifying or contact information in comment submissions that you do not want to be publicly disclosed in your comment submission. The NRC will post all comment submissions at <http://www.regulations.gov> as well as enter the comment submissions into ADAMS, and the NRC does not routinely edit comment submissions to remove identifying or contact information.

If you are requesting or aggregating comments from other persons for submission to the NRC, then you should inform those persons not to include identifying or contact information that they do not want to be publicly disclosed in their comment submission. Your request should state that the NRC does not routinely edit comment submissions to remove such information before making the comment submissions available to the public or entering the comment into ADAMS.

II. Background

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the NRC is requesting public comment on its intention to request the OMB's approval for the information collection summarized below.

1. *The title of the information collection:* NRC Generic Letter 2015–XX, “Monitoring of Neutron-Absorbing Materials in Spent Fuel Pools”.

2. *OMB approval number:* An OMB control number has not yet been assigned to this proposed information collection.

3. *Type of submission:* New.

4. *The form number, if applicable:* Not applicable.

5. *How often is the collection required or requested:* One-time.

6. *Who will be required or asked to respond:* All nuclear power reactors with a license issued under Title 10 of the Code of Federal Regulations (10 CFR) Part 50, “Domestic Licensing of Production and Utilization Facilities,” except those that have permanently ceased operations with all reactor fuel removed from on-site spent fuel pool storage; all holders of an operating license for a non-power reactor (research reactor, test reactor, or critical assembly) under 10 CFR part 50 who have a reactorpool, fuel storage pool, or

other wet locations designed for the purpose of fuel storage, except those who have permanently ceased operations with all reactor fuel removed from on-site wet storage.

7. *The estimated number of annual responses:* 112.

8. *The estimated number of annual respondents:* 112.

9. *The estimated number of hours needed annually to comply with the information collection requirement or request:* 12,900 hours.

10. *Abstract:* Neutron-absorbing materials installed in the spent fuel pool that are credited for maintaining subcriticality must be able to perform their neutron-absorbing safety function during both normal operating conditions and design basis events. Monitoring of neutron-absorbing materials is intended to identify when degradation may affect the ability to perform the neutron-absorbing safety function, so that appropriate corrective action can be taken. The NRC is requesting information to determine if (1) addressees have adequate neutron-absorbing material monitoring programs in place to ensure compliance with the regulations, and (2) the agency should take additional regulatory action. The NRC is required by the Atomic Energy Act to verify that licensees are in compliance with the regulations and license conditions. Compliance with the regulations provides reasonable assurance of public health and safety. The NRC has authority to collect this type of information pursuant to Title 10 of the Code of Federal (10 CFR) 50.54(f). The NRC staff may at any time require a licensee to submit additional information to enable the Commission to determine if the license to operate a nuclear facility needs to be modified, revoked, or suspended. The Commission uses the information collected to verify that licensees meet the NRC regulations and requirements of their license.

III. Specific Requests for Comments

The NRC is seeking comments that address the following questions:

1. Is the proposed collection of information necessary for the NRC to properly perform its functions? Does the information have practical utility?

2. Is the estimate of the burden of the information collection accurate?

3. Is there a way to enhance the quality, utility, and clarity of the information to be collected?

4. How can the burden of the information collection on respondents be minimized, including the use of automated collection techniques or other forms of information technology?

Dated at Rockville, Maryland, this 29th day of May 2015.

For the Nuclear Regulatory Commission.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–75069; File No. SR–FINRA–2015–013]

Self-Regulatory Organizations; Financial Industry Regulatory Authority, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Extend the Implementation of FINRA Rule 4240 (Margin Requirements for Credit Default Swaps)

May 29, 2015.

Pursuant to section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”)¹ and Rule 19b–4 thereunder,² notice is hereby given that on May 20, 2015, Financial Industry Regulatory Authority, Inc. (“FINRA”) filed with the Securities and Exchange Commission

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b–4.

(“SEC” or “Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by FINRA. FINRA has designated the proposed rule change as constituting a “non-controversial” rule change under paragraph (f)(6) of Rule 19b-4 under the Act,³ which renders the proposal effective upon receipt of this filing by the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

FINRA is proposing to extend to July 18, 2016 the implementation of FINRA Rule 4240 (Margin Requirements for Credit Default Swaps). FINRA Rule 4240 implements an interim pilot program with respect to margin requirements for certain transactions in credit default swaps that are security-based swaps.

The text of the proposed rule change is available on FINRA’s Web site at <http://www.finra.org>, at the principal office of FINRA and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, FINRA included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. FINRA has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

On May 22, 2009, the Commission approved FINRA Rule 4240,⁴ which implements an interim pilot program (the “Interim Pilot Program”) with respect to margin requirements for certain transactions in credit default swaps (“CDS”).⁵ On June 23, 2014,

FINRA filed a proposed rule change for immediate effectiveness extending the implementation of FINRA Rule 4240 to July 17, 2015.⁶

As explained in the Approval Order, FINRA Rule 4240, coterminous with certain Commission actions, was intended to address concerns arising from systemic risk posed by CDS, including, among other things, risks to the financial system arising from the lack of a central clearing counterparty to clear and settle CDS.⁷ On July 21, 2010, President Obama signed into law the Dodd-Frank Wall Street Reform and Consumer Protection Act (the “Dodd-Frank Act”),⁸ Title VII of which established a comprehensive new regulatory framework for swaps and security-based swaps,⁹ including certain CDS. The new legislation was intended, among other things, to enhance the authority of regulators to implement new rules designed to reduce risk, increase transparency, and promote market integrity with respect to such products.

Pursuant to Title VII of the Dodd-Frank Act, the CFTC and the Commission are engaged in ongoing rulemaking with respect to swaps and security-based swaps.¹⁰ The Commission has, among other things, proposed rules with respect to capital, margin and segregation requirements for security-based swap dealers and major security-based swap participants and

⁵ In March 2012, the SEC approved amendments to FINRA Rule 4240 that, among other things, limit at this time the rule’s application to credit default swaps that are security-based swaps. See Securities Exchange Act Release No. 66527 (March 7, 2012),

⁸ See Dodd-Frank Wall Street Reform and Consumer Protection Act, Public Law 111-203, 124 Stat. 1376 (2010).

⁹ The terms “swap” and “security-based swap” are defined in Sections 721 and 761 of the Dodd-Frank Act. The Commodity Futures Trading Commission (“CFTC”) and the Commission jointly have approved rules to further define these terms. See Securities Exchange Act Release No. 67453 (July 18, 2012), 77 FR 48208 (August 13, 2012) (Joint Final Rule; Interpretations; Request for Comment on an Interpretation: Further Definition of “Swap,” “Security-Based Swap,” and “Security-Based Swap Agreement”); Mixed Swaps; Security-Based Swap Agreement Recordkeeping). See also Securities Exchange Act Release No. 66868 (April 27, 2012), 77 FR 30596 (May 23, 2012) (Joint Final Rule; Joint Interim Final Rule; Interpretations: Further Definition of “Swap Dealer,” “Security-Based Swap Dealer,” “Major Swap Participant,” “Major Security-Based Swap Participant” and “Eligible Contract Participant”).

¹⁰ See, e.g., Securities Exchange Act Release No. 67177 (June 11, 2012), 77 FR 35625 (June 14, 2012) (Notice of Statement of General Policy with Request for Public Comment: Statement of General Policy on the Sequencing of the Compliance Dates for Final Rules Applicable to Security-Based Swaps Adopted Pursuant to the Securities Exchange Act of 1934 and the Dodd-Frank Wall Street Reform and Consumer Protection Act).

capital requirements for broker-dealers.¹¹ FINRA believes it is appropriate to extend the Interim Pilot Program for a limited period, to July 18, 2016, in light of the continuing development of the CDS business within the framework of the Dodd-Frank Act and pending the final implementation of new CFTC and SEC rules pursuant to Title VII of that legislation. FINRA is considering proposing additional amendments to the Interim Pilot Program.

FINRA has filed the proposed rule change for immediate effectiveness. FINRA is proposing that the implementation date of the proposed rule change will be July 17, 2015. The proposed rule change will expire on July 18, 2016.

2. Statutory Basis

FINRA believes that the proposed rule change is consistent with the provisions of section 15A(b)(6) of the Act,¹² which requires, among other things, that FINRA rules must be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, and, in general, to protect investors and the public interest. FINRA believes that the proposed rule change is consistent with the Act because, in light of the continuing development of the CDS business within the framework of the Dodd-Frank Act and pending the final implementation of new CFTC and SEC rules pursuant to Title VII of that legislation, extending the implementation of the margin requirements as set forth by FINRA Rule 4240 will help to stabilize the financial markets.

B. Self-Regulatory Organization’s Statement on Burden on Competition

FINRA does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. FINRA believes that extending the implementation of FINRA Rule 4240 for a limited period, to July 18, 2016, in light of the continuing development of

the CDS business within the framework of the Dodd-Frank Act and pending the final implementation of new CFTC and SEC rules pursuant to Title VII of that legislation, helps to promote stability in the financial markets and regulatory certainty for members.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to section 19(b)(3)(A) of the Act¹³ and Rule 19b-4(f)(6) thereunder.¹⁴

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

FINRA has fulfilled this requirement.
