### Federal Railroad Administration

[Docket Number FRA-1999-5104]

#### Petition for Waiver of Compliance

In accordance with part 211 of title 49 of the Code of Federal Regulations (CFR), this provides the public notice that by a document dated May 6, 2015, the Association of American Railroads (AAR) has petitioned the Federal Railroad Administration (FRA) for an extension of a waiver of compliance from certain provisions of the Federal railroad safety regulations contained at 49 CFR part 213. FRA assigned the petition docket number FRA-1999-5104.

AAR, on behalf of its member railroads, received permission from FRA to install flange bearing frogs on June 27, 2000. AAR requested and was granted two extensions, dated July 28, 2009 and October 5, 2010. The current waiver, which will expire on October 5, 2015, grants AAR relief from the flangeway depth requirements of 49 CFR 213.137(a), and the track class and speed restrictions of 213.137(d) in order to install flange bearing frog crossing diamonds in any track class up to Class 5.

A copy of the petition, as well as any written communications concerning the petition, is available for review online at [www.regulations.gov](http://www.regulations.gov) and in person at the U.S. Department of Transportation's (DOT) Docket Operations Facility, 1200 New Jersey Ave. SE., W12-140, Washington, DC 20590. The Docket Operations Facility is open from 9 a.m. to 5 p.m., Monday through Friday, except Federal Holidays.

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. FRA does not anticipate scheduling a public hearing in connection with these proceedings since the facts do not appear to warrant a hearing. If any interested party desires an opportunity for oral comment, they should notify FRA, in writing, before the end of the comment period and specify the basis for their request.

All communications concerning these proceedings should identify the

appropriate docket number and may be submitted by any of the following methods:

- *Web site:* <http://www.regulations.gov>. Follow the online instructions for submitting comments.
- *Fax:* 202-493-2251.
- *Mail:* Docket Operations Facility, U.S. DOT, 1200 New Jersey Avenue SE., W12-140, Washington, DC 20590.
- *Hand Delivery:* 1200 New Jersey Avenue SE., Room W12-140, Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal Holidays.

Communications received by July 20, 2015 will be considered by FRA before final action is taken. Comments received after that date will be considered as far as practicable.

Anyone is able to search the electronic form of any written communications and comments received into any of our dockets by the name of the individual submitting the comment (or signing the document, if submitted on behalf of an association, business, labor union, etc.). ### Federal Railroad Administration

[Docket Number FRA-2015-0041]

#### Petition for Waiver of Compliance

In accordance with Part 211 of Title 49 Code of Federal Regulations (CFR), this provides the public notice that by a document dated April 28, 2015, the Central Florida Rail Corridor (CFRC) also known as SunRail, has petitioned the Federal Railroad Administration (FRA) for a waiver of compliance from several provisions of the Federal

railroad safety regulations. Specifically, CFRC requests relief from certain provisions of 49 CFR part 240, Qualification and Certification of Locomotive Engineers, and part 242, Qualification and Certification of Conductors. The request was assigned Docket Number FRA-2015-0041. The relief requested is contingent on CFRC's implementation of and participation in the Confidential Close Call Reporting System (C3RS) pilot project.

CFRC seeks to shield reporting employees and the railroad from mandatory punitive sanctions that would otherwise arise as provided in 49 CFR 240.117(e)(1) through (4); 240.305(a)(l) through (4) and (a)(6); 240.307; and 242.403(b), (c), (e)(l) through (4), (e)(6) through (11), (f)(l) and (2). The C3RS pilot project encourages certified operating crew members to report close calls and protect the employees and the railroad from discipline or sanctions arising from the incidents reported per the C3RS Implementing Memorandum of Understanding (IMOU).

A copy of the petition, as well as any written communications concerning the petition, is available for review online at [www.regulations.gov](http://www.regulations.gov) and in person at the U.S. Department of Transportation's (DOT) Docket Operations Facility, 1200 New Jersey Avenue SE., W12-140, Washington, DC 20590. The Docket Operations Facility is open from 9 a.m. to 5 p.m., Monday through Friday, except Federal Holidays. If you do not have access to the Internet, please contact FRA's docket clerk at 202-493-6030 who will provide necessary information concerning the contents of the petition.

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. FRA does not anticipate scheduling a public hearing in connection with these proceedings since the facts do not appear to warrant a hearing. If any interested party desires an opportunity for oral comment, they should notify FRA, in writing, before the end of the comment period and specify the basis for their request.

All communications concerning these proceedings should identify the appropriate docket number and may be submitted by any of the following methods:

- *Web site:* <http://www.regulations.gov>. Follow the online instructions for submitting comments.
- *Fax:* 202-493-2251.
- *Mail:* Docket Operations Facility, U.S. Department of Transportation, 1200 New Jersey Avenue SE., W12-140, Washington, DC 20590.

- *Hand Delivery:* 1200 New Jersey Avenue SE., Room W12-140, Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal Holidays.

Communications received within July 20, 2015 of the date of this notice will be considered by FRA before final action is taken. Comments received after that date will be considered as far as practicable.

Anyone is able to search the electronic form of any written communications and comments received into any of our dockets by the name of the individual submitting the comment (or signing the document, if submitted on behalf of an association, business, labor union, etc.). In accordance with 5 U.S.C. 553(c), DOT solicits comments from the public to better inform its processes. DOT posts these comments, without edit, including any personal information the commenter provides, to [www.regulations.gov](http://www.regulations.gov), as described in the system of records notice (DOT/ALL-14 FDMS), which can be reviewed at [www.dot.gov/privacy](http://www.dot.gov/privacy). ### Federal Railroad Administration

[Docket Number FRA-2004-19950]

#### Petition for Waiver of Compliance

In accordance with part 211 of title 49 of the Code of Federal Regulations (CFR), this provides the public notice that by a document dated December 9, 2014, the New York & Lake Erie Railroad (NYLE) has petitioned the Federal Railroad Administration (FRA) for a waiver of compliance from certain provisions of the Federal railroad safety regulations contained at 49 CFR 223.11 Requirements for existing locomotives. FRA assigned the petition Docket Number FRA-2004-19950.

The New York & Lake Erie Railroad of Gowanda, New York, has petitioned for a permanent waiver of compliance for two locomotives, numbered NYLE 1013 and NYLE 308, from the requirements of the Railroad Safety Glazing Standards, title 49 CFR part 223, which requires certified glazing in all windows. The types of glazing currently used in the two locomotives are as follows:

Locomotive NYLE 1013—Laminated Safety Glass AS-1, DOT 14M-220-ASI-030, and locomotive NYLE 308—Clear Laminated Safety Glass AS-2 101. The NYLE is a short line carrier that operates over 29.5 miles through rural countryside and small communities. They traverse two line segments which are connected and extend from Cattaraugus, NY, to Dayton, NY, (10.1 miles) and from Conewango Valley, NY, to Gowanda, NY, (19.4 miles).

The original waiver, approved on June 18, 2010, granted relief to the NYLE for limited freight service over 29.5-mile-long line, consisting of Class 1 track, at speeds not to exceed 10 mph. However, the current petition, dated December 9, 2014, states that the NYLE has now improved the track to Class 2. In addition to the limited freight service, the NYLE now occasionally operates tourist passenger excursions. In the new petition, NYLE is asking to include in the waiver passenger excursions, and to increase the maximum operating speed to 25 mph, both for the freight service and the passenger excursions.

The NYLE states that there has been no problem with window breakage due to vandalism, and that they have not had to replace glass due to breakage from flying objects. Because of low risk of exposure to injury due to vandalism, prohibitive cost of the glazing material and decreased operating revenue due to declining freight shippers, the NYLE is requesting the waiver of this regulation for the two locomotives listed above.

A copy of the petition, as well as any written communications concerning the petition, is available for review online at [www.regulations.gov](http://www.regulations.gov) and in person at the U.S. Department of Transportation's (DOT) Docket Operations Facility, 1200 New Jersey Ave. SE., W12-140, Washington, DC 20590. The Docket Operations Facility is open from 9 a.m. to 5 p.m., Monday through Friday, except Federal Holidays.

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. FRA does not anticipate scheduling a public hearing in connection with these proceedings since the facts do not appear to warrant a hearing. If any interested party desires an opportunity for oral comment, they should notify FRA, in writing, before the end of the comment period and specify the basis for their request.

All communications concerning these proceedings should identify the appropriate docket number and may be submitted by any of the following methods:

- *Hand Delivery:* 1200 New Jersey Avenue SE., Room W12-140, Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal Holidays.

Communications received by July 20, 2015 will be considered by FRA before final action is taken. Comments received after that date will be considered as far as practicable.

Anyone is able to search the electronic form of any written communications and comments received into any of our dockets by the name of the individual submitting the comment (or signing the document, if submitted on behalf of an association, business, labor union, etc.).
