permits, which are approved under OMB Control No. 0648–0205), HMS Charter/Headboat, HMS Angling, Swordfish General Commercial, Smoothhound Shark, and Atlantic HMS Vessel Chartering permits. Dealer permits include the Atlantic Tunas Dealer permit and the HMS ITP.

The primary reason for the revision of this information collection is to reflect that incidental HMS Squid Trawl permit has been removed from this collection. Instead, those permits were combined with the information collection for the Greater Atlantic Region Federal Fisheries Initial Permit Application form, which is covered under OMB Control No. 0648–0202. Thus, the burden and costs associated with renewal and issuance of an initial HMS Squid Trawl permit are no longer applicable to this collection of information. In addition, an International Maritime Organization (IMO) number must now be applied for by those not already in possession of one.

Affected Public: Business or other for-profit organizations.

Frequency: Annually and on occasion. Respondent’s Obligation: Mandatory. This information collection request may be viewed at reginfo.gov. Follow the instructions to view Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to OIRA_Submission@omb.eop.gov or fax to (202) 395–5806.

Dated: June 4, 2015.

Sarah Brabson,
NOAA PRA Clearance Officer.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

RIN 0648–XD963

Marine Mammals; File No. 19108; Correction

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; receipt of application; correction.

SUMMARY: On May 27 2015, a notice was published in the Federal Register announcing that Daniel P. Costa, Ph.D., University of California at Santa Cruz, Long Marine Laboratory, 100 Shaffer Road, Santa Cruz, CA 95064, had applied in due form for a permit to conduct research on northern elephant seals (Mirounga angustirostris) throughout their range. That notice contained an error.

FOR FURTHER INFORMATION CONTACT: Amy Sloan or Brendan Hurley, (301) 427–8401.

SUPPLEMENTARY INFORMATION: The notice for File No. 19108 on May 27, 2015 (80 FR 30212) indicated that incidental harassment of northern fur seals (Callorhinus ursinus) is requested. This was an error; the notice should indicate incidental harassment of harbor seals (Phoca vitulina) is requested, not northern fur seals. All other information in the notice is unchanged.

Dated: June 4, 2015.

Julia Harrison,
Chief, Permits and Conservation Division, Office of Protected Resources, National Marine Fisheries Service.

[FR Doc. 2015–14141 Filed 6–9–15; 8:45 am]

BILLING CODE 3510–22–P
prohibited from renewing a Federal shark dealer permit unless a valid Atlantic Shark Identification Workshop certificate for each business location that first receives Atlantic sharks has been submitted with the permit renewal application. Additionally, trucks or other conveyances that are extensions of a dealer’s place of business must possess a copy of a valid dealer or proxy Atlantic Shark Identification Workshop certificate.

Workshop Dates, Times, and Locations

1. July 23, 2015, 12 p.m.–4 p.m., LaQuinta Inn & Suites, 7115 Coastal Palms Boulevard, Panama City, FL 32408.
2. August 13, 2015, 12 p.m.–4 p.m., LaQuinta Inn & Suites, 990 West Cypress Creek Road, Fort Lauderdale, FL 33309.
3. September 10, 2015, 12 p.m.–4 p.m., Hampton Inn, 3312 Vista Drive, Rosenberg, TX 77471.

Registration

To register for a scheduled Atlantic Shark Identification Workshop, please contact Eric Sander at esander@peoplepc.com or at (386) 852–8588.

Registration Materials

To ensure that workshop certificates are linked to the correct permits, participants will need to bring the following specific items to the workshop:

- Atlantic shark dealer permit holders must bring proof that the attendee is an owner or agent of the business (such as articles of incorporation), a copy of the applicable permit, and proof of identification.
- Atlantic shark dealer proxies must bring documentation from the permitted dealer acknowledging that the proxy is attending the workshop on behalf of the permitted Atlantic shark dealer for a specific business location, a copy of the appropriate valid permit, and proof of identification.

Workshop Objectives

The Atlantic Shark Identification Workshops are designed to reduce the number of unknown and improperly identified sharks reported in the dealer reporting form and increase the accuracy of species-specific dealer-reported information. Reducing the number of unknown and improperly identified sharks will improve quota monitoring and the data used in stock assessments. These workshops will train shark dealer permit holders or their proxies to properly identify Atlantic shark carcasses.

Protected Species Safe Handling, Release, and Identification Workshops

Since January 1, 2007, shark limited-access and swordfish limited-access permit holders who fish with longline or gillnet gear have been required to submit a copy of their Protected Species Safe Handling, Release, and Identification Workshop certificate in order to renew either permit (71 FR 58057; October 2, 2006). These certificate(s) are valid for 3 years. As such, vessel owners who have not already attended a workshop and received a NMFS certificate, or vessel owners whose certificate(s) will expire prior to the next permit renewal, must attend a workshop to fish with, or renew, their swordfish and shark limited-access permits. Additionally, new shark and swordfish limited-access permit applicants who intend to fish with longline or gillnet gear must attend a Protected Species Safe Handling, Release, and Identification Workshop and submit a copy of their workshop certificate before either of the permits will be issued. Approximately 208 free Protected Species Safe Handling, Release, and Identification Workshops have been conducted since 2006. In addition to certifying vessel owners, at least one operator on board vessels issued a limited-access swordfish or shark permit that uses longline or gillnet gear is required to attend a Protected Species Safe Handling, Release, and Identification Workshop and receive a certificate.

Vessels that have been issued a limited-access swordfish or shark permit and that use longline or gillnet gear may not fish unless both the vessel owner and operator have valid workshop certificates onboard at all times. Vessel operators who have not already attended a workshop and received a NMFS certificate, or vessel operators whose certificate(s) will expire prior to their next fishing trip, must attend a workshop to operate a vessel with swordfish and shark limited-access permits that uses longline or gillnet gear.

Workshop Dates, Times, and Locations

1. July 9, 2015, 9 a.m.–5 p.m., Hilton Garden Inn, 5353 North Virginia Dare Trail, Kitty Hawk, NC 27949.
2. July 16, 2015, 9 a.m.–5 p.m., Hilton Garden Inn, 3485 Veterans Memorial Highway, Ronkonkoma, NY 11779.
3. August 6, 2015, 9 a.m.–5 p.m., Holiday Inn, 3465 Veterans Memorial Highway, Ronkonkoma, NY 11779.
4. August 13, 2015, 9 a.m.–5 p.m., Holiday Inn, 99701 Overseas Highway, Key Largo, FL 33037.

5. September 3, 2015, 9 a.m.–5 p.m., Embassy Suites, 4337 South Padre Island Drive, Corpus Christi, TX 78411.
6. September 24, 2015, 9 a.m.–5 p.m., Holiday Inn, 2380 151 Route 72 West, Manahawkin, NJ 08050.

Registration

To register for a scheduled Protected Species Safe Handling, Release, and Identification Workshop, please contact Angler Conservation Education at (386) 682–0158.

Registration Materials

To ensure that workshop certificates are linked to the correct permits, participants will need to bring the following specific items with them to the workshop:

- Individual vessel owners must bring a copy of the appropriate swordfish and/or shark permit(s), a copy of the vessel registration or documentation, and proof of identification.
- Representatives of a business-owned or co-owned vessel must bring proof that the individual is an agent of the business (such as articles of incorporation), a copy of the applicable swordfish and/or shark permit(s), and proof of identification.
- Vessel operators must bring proof of identification.

Workshop Objectives

The Protected Species Safe Handling, Release, and Identification Workshops are designed to teach longline and gillnet fishermen the required techniques for the safe handling and release of entangled and/or hooked protected species, such as sea turtles, marine mammals, and smalltooth sawfish. In an effort to improve reporting, the proper identification of protected species will also be taught at these workshops. Additionally, individuals attending these workshops will gain a better understanding of the requirements for participating in these fisheries. The overall goal of these workshops is to provide participants with the skills needed to reduce the mortality of protected species, which may prevent additional regulations on these fisheries in the future.

Authority: 16 U.S.C. 1801 et seq.

Dated: June 4, 2015.

Emily H. Menashes, Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.
