FOR FURTHER INFORMATION CONTACT: To request more information on this proposed information collection or to obtain a copy of the proposal and associated collection instruments, please write to the U.S. Army Public Health Command (USAPHC), 5158 Blackhawk Road, ATTN: Joyce Woods, (MCHB–CS–CP), Aberdeen Proving Ground, MD 21010–5403, or call the Department of the Army Reports Clearance Office at (703) 428–6440.

SUPPLEMENTARY INFORMATION:

Title; Associated Form; and OMB Number: Application for Temporary Food Establishment, DD Form 2970; OMB Control Number: 0702–XXXX.

Needs and Uses: The information collection requirement is necessary for the installation of Preventive Medicine Activity to evaluate a food vendor’s ability to prepare and dispense safe food on the installation. The form, submitted by a food vendor requesting to operate, is used to determine the ability to prepare and dispense safe food on the installation. Critical food safety operational inspection results in disapproval for the facility to operate. All critical violations must be corrected in order to gain operational approval; the installation command incurs the risk of a foodborne illness outbreak if a non-compliant food establishment is authorized to operate. The vendor’s application to operate is retained on file with Preventive Medicine and does not need to be resubmitted by vendors whose services are intermittent throughout the year unless the scope of the operation has changed.

Dated: June 10, 2015.

Aaron Siegel,
Alternate OSD Federal Register, Liaison Officer, Department of Defense.
