60-Day Notice of Proposed Information Collection: Manufactured Home Construction and Safety Standards Act Reporting Requirements

AGENCY: Office of the Assistant Secretary for Housing—Federal Housing Commissioner, HUD.

ACTION: Notice.

SUMMARY: HUD is seeking approval from the Office of Management and Budget (OMB) to revise the information collection described below. In accordance with the Paperwork Reduction Act, HUD is requesting comment from all interested parties on the proposed collection of information. The purpose of this notice is to allow for 60 days of public comment.

DATES: *Comments Due Date:* August 14, 2015.

ADDRESSES: Interested persons are invited to submit comments regarding this proposal. Comments should refer to the proposal by name and/or OMB Control Number and should be sent to: Colette Pollard, Reports Management Officer, QDAM, Department of Housing and Urban Development, 451 7th Street SW., Room 4176, Washington, DC 20410-5000; telephone 202-402-3400 (this is not a toll-free number) or email at Colette.Pollard@hud.gov for a copy of the proposed forms or other available information. Persons with hearing or speech impairments may access this number through TTY by calling the toll-free Federal Relay Service at (800) 877-8339.

FOR FURTHER INFORMATION CONTACT: Pamela Beck Danner, Administrator, Office of Manufactured Housing Programs, Office of Housing, Department of Housing and Urban Development, 451 7th Street SW.,

Washington, DC 20410, telephone 202-708-6423. This is not a toll-free number. Persons with hearing or speech impairments may access this number through TTY by calling the toll-free Federal Relay Service at (800) 877-8339.

Copies of available documents submitted to OMB may be obtained from Ms. Danner.

SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

A. Overview of Information Collection

Title of Information Collection: Manufactured Home Construction and Safety Standards Act Reporting.

OMB Approval Number: 2502-0253.

Type of Request: Revision.

Form Number: None.

Description of the need for the information and proposed use: The Federal Standards and Procedural Regulations require manufactured home producers to place labels and notices in and on manufactured homes and mandate State and Private agencies participating in the Federal program to issue reports. Under revisions to the current reporting requirements and Regulations, a streamlined procedure is being added that will allow manufacturers, under certain circumstances, to complete construction of their homes on-site rather than in the factory without first having to obtain advance approval from HUD. In addition, some information collected assists both HUD and State Agency's in locating manufactured homes with defects, which then would create the need for notification and/or correction by the manufacturer.

Respondents: (i.e. affected public) Business or other for-profit.

Estimated Number of Respondents: 181.

Estimated Number of Responses: 86,354.

Frequency of Response: Monthly.

Average Hours per Response: 4.

Total Estimated Burdens: 120,618.

B. Solicitation of Public Comment

This notice is soliciting comments from members of the public and affected

parties concerning the collection of information described in Section A on the following: (1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) The accuracy of the agency's estimate of the burden of the proposed collection of information; (3) Ways to enhance the quality, utility, and clarity of the information to be collected; and (4) Ways to minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

HUD encourages interested parties to submit comment in response to these questions.

Authority: Section 3507 of the Paperwork Reduction Act of 1995, 44 U.S.C. Chapter 35.

Date: June 8, 2015.

Genger Charles,

Acting General Deputy Assistant Secretary for Housing.

[Docket No. FR-5880-N-01]

Notice of Extension of Time for Completion of Manufacturer Notification and Correction Plan

AGENCY: Office of the Assistant Secretary for Housing—Federal Housing Commissioner, Department of Housing and Urban Development (HUD).

ACTION: Notice of extension of time.

SUMMARY: This notice advises the public that HUD received a request from Clayton Homes, Inc. (Clayton) for an extension of time to fully implement its plan to notify purchasers and correct certain manufactured homes that were installed with TruVent plastic range hood exhaust ducts, an item that Clayton agreed to recall after a HUD audit questioned whether the duct

complied with HUD's Manufactured Home Construction and Safety Standards. The recall includes homes built by the following Clayton manufacturing subsidiaries: CMH Manufacturing, Inc.; CMH Manufacturing West, Inc.; Southern Energy Homes, Inc.; Giles Industries, Inc.; and Cavalier Homes, Inc. Clayton initiated the recall on April 6, 2015, and requested additional time to continue to complete repairs on affected homes on May 30, 2015. After reviewing Clayton's request, HUD determined that Clayton has shown good cause and granted its request for an extension. The requested extension is granted until August 3, 2015.

DATES: *Effective Date:* June 4, 2015.

FOR FURTHER INFORMATION CONTACT: Pamela Beck Danner, Administrator and Designated Federal Official (DFO), Office of Manufactured Housing Programs, Department of Housing and Urban Development, 451 Seventh Street SW., Room 9166, Washington, DC 20410, telephone 202-708-6423 (this is not a toll-free number). Persons who have difficulty hearing or speaking may access this number via TTY by calling the toll-free Federal Information Relay Service at 800-877-8339.

SUPPLEMENTARY INFORMATION: The National Manufactured Housing Construction and Safety Standards Act of 1974 (42 U.S.C. 5401-5426) (the Act) authorizes HUD to establish the Federal Manufactured Home Construction and Safety Standards (Construction and Safety Standards), codified in 24 CFR part 3280. Section 615 of the Act (42 U.S.C. 5414) requires that manufacturers of manufactured homes notify purchasers if the manufacturer determines, in good faith, that a defect exists or is likely to exist in more than one home manufactured by the manufacturer and the defect relates to the Construction and Safety Standards or constitutes an imminent safety hazard to the purchaser of the manufactured home. The notification shall also inform purchasers whether the defect is one that the manufacturer will have corrected at no cost or is one that must be corrected at the expense of the purchaser/owner. The manufacturer is responsible to notify purchasers of the defect within a reasonable time after discovering the defect.

HUD's procedural and enforcement provisions at 24 CFR part 3282, subpart I (Subpart I), implement these notification and correction requirements. If a manufacturer determines that it is responsible for providing notification under § 3282.405 and correction under § 3282.406, the

manufacturer must prepare a plan for notifying purchasers of the homes containing the defect pursuant to §§ 3282.408 and 3282.409. Notification of purchasers must be accomplished by certified mail or other more expeditious means that provides a receipt. Notification must be provided to each retailer or distributor to whom any manufactured home in the class of homes containing the defect was delivered, to the first purchaser of each manufactured home in the class of manufactured homes containing the defect, and to other persons who are registered owners of a manufactured home in the class of homes containing the defect. The manufacturer must complete the implementation of the plan for notification and correction on or before the deadline approved by the State Administrative Agency or the Department. Under § 3282.410(c), the manufacturer may request an extension of the deadline if it shows good cause for the extension and the Secretary decides that the extension is justified and not contrary to the public interest. If the request for extension is approved, § 3282.410(c) requires that the Department publish notice of the extension in the **Federal Register**.

During a HUD audit of the CMH Manufacturing Savannah, TN facility, the use of TruVent plastic expanding vent pipes for the range hood exhaust was questioned as not being in compliance with § 3280.710(e) of HUD's Construction and Safety Standards. On April 6, 2015, after reviewing the matter, Clayton agreed to begin a recall of homes sold with the plastic expanding vent pipes and repair the homes by installing new metal ducts. On May 30, 2015, Clayton requested an extension of time to complete the correction process. In its request, Clayton stated of the 745 homes affected by the recall, it had completed repairs on 428 homes. Clayton also stated that four of the sixteen facilities affected by the recall have completed their repairs and that the others are very close to completing their repairs as well. With its request, Clayton submitted an update on the implementation on its plan of notification and correction.

This notice advises the public that the Department finds that Clayton has shown good cause and that the extension is justified and not contrary to the public interest and, therefore, has granted the requested extension until August 3, 2015, to permit Clayton to continue its good faith efforts to continue repairs on the remaining 317 homes affected by this recall.

Dated: June 9, 2015.

Administrator, Office of Manufactured Housing Programs.
