Management Plan (Forest Plan) was published in the Federal Register (79 FR 30074) on May 27, 2014. The Tongass National Forest is publishing this corrected NOI due to changes in the anticipated dates for the draft environmental impact statement (DEIS) and Record of Decision (ROD), to designate a new responsible official for the plan amendment, and to clarify the pre-decisional administrative review process. The 2012 Planning Rule (36 CFR part 219) includes subpart B, which establishes a pre-decisional administrative review (hereinafter referred to as “objection”) process for plan amendments giving an individual or entity an opportunity for an independent Forest Service review and resolution of issues before the approval of a plan amendment documented with a ROD (reference 36 CFR part 219, subpart B). This Forest Plan Amendment is subject to the objection process.

Background

On April 3, 2015, based on a timely request for review on behalf of the Ad Hoc Shrimp Trade Action Committee (“Petitioner”) and the American Shrimp Processors Association (“Domestic Processors”), the Department published in the Federal Register a notice of initiation of an administrative review of the antidumping duty order on shrimp from the PRC covering the period February 1, 2014, through January 31, 2015. The review covers sixty two companies. On April 16, 2015, and May 1, 2015, respectively, Petitioner and Domestic Processors withdrew their requests for an administrative review on all of the sixty two companies listed in the Initiation Notice. No other party requested a review of these companies or any other exporters of subject merchandise.
