

N-5 is \$30,000 per filing. We continue to believe this estimate for Form N-5's cost burden is appropriate. Therefore, we estimate that the aggregate cost burden, when calculated using the Commission's estimate of 0.333 filings per year, is about \$10,000 in external costs per year.

Estimates of average burden hours and costs are made solely for the purposes of the Paperwork Reduction Act, and are not derived from a comprehensive or even representative survey or study of the costs of Commission rules and forms. Compliance with the collection of information requirements of Form N-5 is mandatory. Responses to the collection of information will not be kept confidential. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

The public may view the background documentation for this information collection at the following Web site, www.reginfo.gov. Comments should be directed to: (i) Desk Officer for the Securities and Exchange Commission, Office of Information and Regulatory Affairs, Office of Management and Budget, Room 10102, New Executive Office Building, Washington, DC 20503, or by sending an email to: [Shagufta Ahmed@omb.eop.gov](mailto:ShaguftaAhmed@omb.eop.gov); and (ii) Pamela Dyson, Chief Information Officer, Securities and Exchange Commission, c/o Remi Pavlik-Simon, 100 F Street NE., Washington, DC 20549 or send an email to: PRA_Mailbox@sec.gov. Comments must be submitted to OMB within 30 days of this notice.

Dated: June 18, 2015.

SMALL BUSINESS ADMINISTRATION

[License No. 03/03-0264]

Boathouse Capital II, L.P.; Notice Seeking Exemption Under Section 312 of the Small Business Investment Act, Conflicts of Interest

Notice is hereby given that Boathouse Capital II, L.P., 200 West Lancaster

Avenue, Suite 206, Wayne, PA 19087, Federal Licensees under the Small Business Investment Act of 1958, as amended ("the Act"), in connection with the financing of a small concern, has sought an exemption under section 312 of the Act and section 107.730, Financings which Constitute Conflicts of Interest of the Small Business Administration ("SBA") Rules and Regulations (13 CFR 107.730). Boathouse Capital II, L.P. provided financing to AvidXchange, Inc., 4421 Stuart Andrew Boulevard, Suite 200, Charlotte, NC 28217. The financing was contemplated for the acquisition of Strongroom Solutions, Inc. and working capital purposes.

The financing is brought within the purview of § 107.730(a)(1) of the Regulations because Boathouse Capital, L.P., an Associate of Boathouse Capital II, L.P., has the potential to own more than ten percent of AvidXchange. Therefore, this transaction is considered a financing of an Associate requiring an exemption.

Notice is hereby given that any interested person may submit written comments on the transaction within fifteen days of the date of this publication to the Acting Associate Administrator for Investment, U.S. Small Business Administration, 409 Third Street SW., Washington, DC 20416.

Javier Saade,
Associate Administrator, Office of Investment & Innovation.

BILLING CODE P

SOCIAL SECURITY ADMINISTRATION

[Docket No: SSA-2015-0035]

Agency Information Collection Activities: Proposed Request and Comment Request

The Social Security Administration (SSA) publishes a list of information collection packages requiring clearance by the Office of Management and Budget (OMB) in compliance with Public Law 104-13, the Paperwork Reduction Act of 1995, effective October 1, 1995. This notice includes revisions and extensions of OMB-approved information collections.

SSA is soliciting comments on the accuracy of the agency's burden estimate; the need for the information; its practical utility; ways to enhance its quality, utility, and clarity; and ways to minimize burden on respondents, including the use of automated collection techniques or other forms of information technology. Mail, email, or fax your comments and recommendations on the information collection(s) to the OMB Desk Officer and SSA Reports Clearance Officer at the following addresses or fax numbers.

(OMB); Office of Management and Budget, Attn: Desk Officer for SSA, Fax: 202-395-6974, Email address: OIRA_Submission@omb.eop.gov. (SSA); Social Security Administration, OLCA, Attn: Reports Clearance Director, 3100 West High Rise, 6401 Security Blvd., Baltimore, MD 21235, Fax: 410-966-2830, Email address: OR.Reports.Clearance@ssa.gov.

Or you may submit your comments online through www.regulations.gov, referencing Docket ID Number [SSA-2015-0035].

I. The information collections below are pending at SSA. SSA will submit them to OMB within 60 days from the date of this notice. To be sure we consider your comments, we must receive them no later than August 24, 2015. Individuals can obtain copies of the collection instruments by writing to the above email address.

1. Physician's/Medical Officer's Statement of Patient's Capability to Manage Benefits—20 CFR 404.2015 and 416.615—0960-0024. SSA appoints a representative payee in cases where we determine beneficiaries are not capable of managing their own benefits. In those instances, we require medical evidence to determine the beneficiaries' capability of managing or directing their benefit payments. SSA collects medical evidence on Form SSA-787 to (1) determine beneficiaries' capability or inability to handle their own benefits, and (2) assist in determining the beneficiaries' need for a representative payee. The respondents are beneficiaries' physicians, or medical officers of the institution in which the beneficiary resides.

Type of Request: Revision of an OMB-approved information collection.

Modality of completion	Number of respondents	Frequency of response	Average burden per response (minutes)	Estimated total annual burden (hours)
SSA-787	120,000	1	10	20,000

2. State Supplementation Provisions: Agreement; Payments—20 CFR 416.2095–416.2098, 20 CFR 416.2099–0960–0240. Section 1618 of the Social Security Act (Act) requires those states administering their own supplementary income payment program(s) to demonstrate compliance with the Act by passing Federal cost-of-living increases on to individuals who are eligible for state supplementary payments, and informing SSA of their compliance. In

general, states report their supplementary payment information annually by the maintenance-of-payment levels method. However, SSA may ask them to report up to four times in a year by the total-expenditures method. Regardless of the method, the states confirm their compliance with the requirements, and provide any changes to their optional supplementary payment rates. SSA uses the information to determine each state’s

compliance or noncompliance with the pass-along requirements of the Act to determine eligibility for Medicaid reimbursement. If a state fails to keep payments at the required level, it becomes ineligible for Medicaid reimbursement under Title XIX of the Act. Respondents are state agencies administering supplemental programs.

Type of Request: Extension of an OMB-approved information collection.

Modality of completion	Number of respondents	Frequency of response	Average burden per response (minutes)	Estimated total annual burden (hours)
Total Expenditures	7	4	60	28
Maintenance of Payment Levels	26	1	60	26
Total	33	54

3. Surveys in Accordance with E.O. 12862 for the Social Security Administration—0960–0526. Under the auspices of E. O. 12862, Setting Customer Service Standards, SSA conducts multiple customer satisfaction surveys each year. These voluntary customer satisfaction assessments

include paper, Internet, and telephone surveys; mailed questionnaires; and customer comment cards. The purpose of these questionnaires is to assess customer satisfaction with the timeliness, appropriateness, access, and overall quality of existing SSA services and proposed modifications or new

versions of services. The respondents are recipients of SSA services (including most members of the public), professionals, and individuals who work on behalf of SSA beneficiaries.

Type of Request: Extension of an OMB-approved information collection.

	Number of respondents (burden for all activities within that year)	Frequency of response	Range of response times (minutes)	Burden (burden for all activities within that year; reported in hours)
Year 1	7,094,640	1	3–30	1,173,904
Year 2	7,100,140	1	3–30	1,174,904
Year 3	7,105,640	1	3–30	1,176,004
Totals	21,300,420	–	–	5,722,003

1. Application for Circuit Court Law—20 CFR 404.985 & 416.1458—0960–0581. Persons claiming an acquiescence ruling (AR) would change SSA’s prior determination or decision must submit a written readjudication request with specific information. SSA reviews the information in the request to determine if the issues stated in the AR pertain to

the claimant’s case, and if the claimant is entitled to readjudication. If readjudication is appropriate, SSA considers the issues the AR covers. Any new determination or decision is subject to administrative or judicial review as specified in the regulations. This information collection request (ICR) is for the information claimants must

provide to request readjudication. Respondents are claimants for Social Security benefits and Supplemental Security Income (SSI) payments who request readjudication.

Type of Request: Extension of an OMB-approved information collection.

Modality of completion	Number of respondents	Frequency of response	Average burden per response (minutes)	Estimated total annual burden (hours)
AR-based Readjudication Requests	10,000	1	17	2,833

2. The Ticket to Work and Self-Sufficiency Program—20 CFR 411–0960–0644. SSA’s Ticket to Work (TTW) Program transitions Social Security Disability Insurance and SSI recipients

toward independence by allowing them to receive Social Security payments while maintaining employment under the auspices of the program. SSA uses service providers, called employment

networks (ENs), to supervise participant progress through the stages of TTW Program participation, such as job searches and interviews, progress reviews, and changes in ticket status.

ENs can be private for-profit and nonprofit organizations, as well as state vocational rehabilitation agencies (VRs). SSA and the ENs utilize the TTW program manager to operate the TTW Program and exchange information about participants. For example, the ENs use the program manager to provide updates on tasks such as selecting a payment system or requesting payments

for helping the beneficiary achieve certain work goals. Since the ENs are not PRA-exempt, the multiple information collections within the TTW program manager require OMB approval, and we clear them under this ICR. Most of the categories of information in this ICR are necessary for SSA to: (1) comply with the Ticket to Work legislation; and (2) provide proper

oversight of the program. SSA collects this information through several modalities, including forms, electronic exchanges, and written documentation. The respondents are the ENs or state VRs, as well as SSDI beneficiaries and blind or disabled SSI recipients working under the auspices of the TTW Program.

Type of Request: Revision of an OMB-approved information collection.

II. SSA submitted the information collections below to OMB for clearance. Your comments regarding the information collections would be most useful if OMB and SSA receive them 30 days from the date of this publication. To be sure we consider your comments, we must receive them no later than July 23, 2015. Individuals can obtain copies of the OMB clearance packages by writing to *OR.Reports.Clearance@ssa.gov*.

1. Statement of Claimant or Other Person—20 CFR 404.702 & 416.570—

0960-0045. SSA uses Form SSA-795 in special situations where there is no authorized form or questionnaire, yet we require a signed statement from the applicant, claimant, or other persons who have knowledge of facts, in connection with claims for Social Security benefits or SSI. The information we request on the SSA-795 is of sufficient importance that we need both a signed statement and a penalty clause. SSA uses this information to process, in addition to claims for benefits, issues about continuing

eligibility; ongoing benefit amounts; use of funds by a representative payee; fraud investigation; and a myriad of other program-related matters. The most typical respondents are applicants for Social Security, SSI, or recipients of these programs. However, respondents also include friends and relatives of the involved parties, coworkers, neighbors, or anyone else in a position to provide information pertinent to the issue(s).

Type of Request: Revision of an OMB-approved information collection.

2. Disability Report—Adult—20 CFR 404.1512 and 416.912—0960-0579.

State Disability Determination Services (DDS) use the SSA-3368 and its

electronic versions to determine if adult disability applicants' impairments are

severe and, if so, how the impairments affect the applicants' ability to work. This determination dictates whether the DDSs and SSA will find the applicant

to be disabled and entitled to SSI payments. The respondents are applicants for Title II disability benefits or Title XVI SSI payments.

3. Request for Internet Services—Authentication; Automated Telephone Speech Technology—Knowledge-Based Authentication (RISA-KBA)—20 CFR 401.45—0960-0596. The Request for Internet Services and 800# Automated Telephone Services (RISA) Knowledge-Based Authentication (KBA) is one of the authentication methods SSA uses to allow individuals access to their personal information through our Internet and Automated Telephone Services. SSA asks individuals and

third parties who seek personal information from SSA records, or who register to participate in SSA's online business services, to provide certain identifying information. As an extra measure of protection, SSA asks requestors who use the Internet and telephone services to provide additional identifying information unique to those individuals so SSA can authenticate their identities before releasing personal information. The respondents are current beneficiaries who are requesting

personal information from SSA, and individuals and third parties who are registering for SSA's online business services.

This is a correction notice. SSA published this information collection as a revision on April 9, 2015 at 80 FR 19102. Since we are not revising the Privacy Act Statement, this is now an extension of an OMB-approved information collection.

4. Application for Special Benefits for World War II Veterans—20 CFR 408, Subparts B, C, and D—0960-0615. Title VIII of the Act (Special Benefits for Certain World War II Veterans) allows qualified World War II veterans residing outside the United States to receive

monthly payments. These regulations establish the requirements individuals need to qualify for and become entitled to Special Veterans Benefits (SVB). SSA uses Form SSA-2000-F6 to elicit the information we need to determine entitlement to SVB. This ICR comprises

the relevant regulations and Form SSA-2006-F6. The respondents are individuals applying for SVB under Title VIII of the Act.

Regulations, if SSA determines it may cause substantial harm for Title II or Title XVI recipients to receive their payments directly, recipients may dispute that decision. To do so,

recipients provide SSA with information the agency uses to reevaluate its determination. In addition, our regulations state that after SSA selects a representative payee to

receive benefits on a recipient's behalf, the payees provide SSA with information on their continuing relationship and responsibility for the recipients, and explain how they use the

recipients' payments. Sections 20 CFR 404.2025 and 20 CFR 416.625 of the Code of Federal Regulations provide a process to follow up with the representative payee to verify payee

performance. The respondents are Title II and Title XVI recipients, and their representative payees.

TENNESSEE VALLEY AUTHORITY

Renewal of the Regional Energy Resource Council Charter

AGENCY: Tennessee Valley Authority (TVA).

ACTION: Notice of Charter Renewal.

SUMMARY: Pursuant to the Federal Advisory Committee Act (FACA) (5 U.S.C. Appendix), the TVA Board of Directors has renewed the Regional Energy Resource Council (Council) charter for an additional two-year period beginning on August 1, 2015.

FOR FURTHER INFORMATION CONTACT: Beth A. Keel, 400 West Summit Hill Drive, WT 9D-K, Knoxville, Tennessee 37902-1499, (865) 632-6113.

SUPPLEMENTARY INFORMATION: Pursuant to FACA and its implementing regulations, and following consultation with the Committee Management Secretariat, General Services Administration (GSA), notice is hereby given that the Council has been renewed for a two-year period beginning August 1, 2015. The Council will provide advice to TVA on its energy related resource activities and the priorities among competing objectives and values.

The Council was originally established in 2013 to advise TVA on its energy related resource activities which include the construction and operation of various supply-side resources, including fossil-fueled power plants, nuclear plants, hydroelectric dams, and renewable resources; the development and management of demand-side resources, including energy efficiency; the design, construction and operation of power delivery systems; and the

integration of all of these energy resources into plans for meeting future demands for electricity in the TVA region.

It has been determined that the Council continues to be needed to provide an additional mechanism for public input regarding energy-related issues.

Dated: June 15, 2015.

Joseph J. Hoagland,

Vice President, Stakeholder Relations, Tennessee Valley Authority.

BILLING CODE 8120-08-P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

Policy for Discontinuance of World Aeronautical Chart Series

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of policy to discontinue the World Aeronautical Chart.

SUMMARY: This notice announces the FAA's decision to discontinue providing the World Aeronautical Chart series. Technological advances in aviation navigation capabilities and charting products have made the World Aeronautical Chart series largely obsolete. Charting customers have shifted towards digital chart products. The World Aeronautical Charts are a derivative product from our more detailed Sectional Aeronautical Chart series. With aviators using the more detailed large scale Sectional Aeronautical Charts and often the digital versions in the moving map technology found in modern electronic flight bag system, the World Aeronautical Charts are no longer needed. The discontinuance of this low-demand product allows the FAA to apply those resources to continue to

modernize charting for safe and efficient navigation.

DATES: June 23, 2015.

FOR FURTHER INFORMATION CONTACT: For questions or comments concerning this action, contact Mr. Eric Freed, Aeronautical Information Services, Enroute and Visual Charting Group, Manager, Air Traffic Organization, AJV-5200, Federal Aviation Administration, 1305 East-West HWY, Silver Spring, MD 20910; telephone (301) 427-5080, email eric.freed@faa.gov.

SUPPLEMENTARY INFORMATION:

Authority

Title 49 of the United States Code, section 44721, authorizes the FAA to arrange for the publication of aeronautical maps and charts necessary for the safe and efficient movement of aircraft in air navigation. Specifically, paragraphs (d)(2) and (3) of this section provide that that the Administrator may “. . . (2) compile, print, and disseminate aeronautical charts and related products and services of the United States and its territories and possessions; (3) compile, print, and disseminate aeronautical charts and related products and services covering international airspace as required primarily by United States civil aviation . . .” (See 49 U.S.C. 44721(d)(2) and (3).)

Background

The FAA is continuing to expand the availability and capability of modern aeronautical navigation products. At the same time, we must rigorously analyze our suite of products and determine the feasibility and practicability of providing products that are no longer in demand from the public or have become obsolete due to technological advances. Since 2007, unit sales of the World Aeronautical Charts are down 73 percent. (Sales are down 10% year over year 2013/2014.) The cost to develop
