DEPARTMENT OF THE INTERIOR

National Park Service

36 CFR Parts 1, 2, 3, 4, 5, 6, 7, 11, 12, and 13

RIN 1024-AE25

Technical Edits

AGENCY: National Park Service, Interior.
ACTION: Final rule.

SUMMARY: The National Park Service is making technical corrections to its regulations. In response to Congress's enactment of Title 54 United States Code, the rule corrects the authority citations. The rule fixes typographical errors and incorrect citations and cross-references. The rule removes a firearms provision that was vacated by court order in 2009 and adds language consistent with federal law governing the possession of firearms in National Park units. The rule removes an outdated reference to a designated airstrip at Lake Mead National Recreation Area that has been closed since 1987.

DATES: This rule is effective June 25, 2015.

Park Uses, (202) 208-4206, russ_wilson@nps.gov.

SUPPLEMENTARY INFORMATION:

Background

Authority Citations

In December 2014, the President signed into law H.R. 1068, thereby enacting Title 54 of the United States Code, "National Park Service and Related Programs," as positive law. As a result, some (but not all) previous laws codified under Title 16 were repealed and replaced with laws under Title 54. References to 16 U.S.C. that were affected by H.R. 1068 should be changed to the new sections of 54 U.S.C. For example, the last sentence of 16 U.S.C. 1 is now codified at 54 U.S.C. 100101. This rule changes the authority citations in parts 1-7 and 11-13 to reflect the enactment of Title 54 and the repeal of certain laws under Title 16 of the U.S. Code.

This rule also removes a number of unnecessary authority citations. The authority citation is only required to cite the authority that authorizes an agency to change the Code of Federal Regulations. Over the years, some of these citations have grown to include a number of other legal authorities that are implemented by, applied by, or otherwise relevant to the regulations, but that are not actual sources of regulatory authority. In order to streamline the regulations, these unnecessary citations will be removed. The removal of these citations is not intended to alter the meaning, effect, or interpretation of any statute, regulatory provision, or other legal authority.

Technical Corrections to Parts 2, 3, and 4

This rule corrects several misspellings of the word "superintendent" in §§ 2.51 and 2.52, and fixes two incorrect references to "§ 13.10" in 36 CFR 3.11(b). Section 13.10 does not exist; the references should be to § 3.10. The rule fixes an incorrect citation to the **Federal Register** in paragraph (b) of § 4.10. The citation to 37 FR 2887 is changed to 3 CFR, 1971-1975 Comp., p. 666.

Possession of Firearms in National Park System Units

In 2008, the NPS promulgated a regulation (73 FR 74966) regarding the possession and transportation of firearms in units of the National Park System. This regulation was codified at 36 CFR 2.4(h) and went into effect on January 9, 2009. On March 19, 2009, the United States District Court for the District of Columbia issued a preliminary injunction preventing the

implementation and enforcement of the regulation, and later issued a court order permanently vacating the regulation.

In May 2009, Congress enacted a law that prevents the Secretary of the Interior from promulgating or enforcing "any regulation that prohibits an individual from possessing a firearm, including an assembled or functional firearm, in any [National Park] System unit if—(1) the individual is not otherwise prohibited by law from possessing the firearm; and (2) the possession of the firearm is in compliance with the law of the State in which the System unit is located." 54 U.S.C. 104906. This law became effective on February 22, 2010.

This rule would remove the regulation at 36 CFR 2.4(h) that has been vacated since 2009 and would add language to Section 2.4 that is consistent with the 2010 statute. Removing the vacated regulation without adding language consistent with the 2010 statute would result in NPS regulations that are misleading and inconsistent with current federal statutory law.

Cottonwood Cove Airstrip at Lake Mead NRA

In 1967, the NPS promulgated a regulation (32 FR 15715) designating Cottonwood Cove airstrip as a location authorized for landing aircraft within Lake Mead National Recreation Area. In 1987, the NPS decided to close the Cottonwood Cove landing strip because the relatively low use of the airstrip did not justify the high costs of maintaining it. The NPS determined that its limited resources were better allocated toward more critical projects, including the costs of maintaining the recreation area's busier airstrips. The Federal Aviation Administration deactivated the Cottonwood Cove airstrip in 1987. Since that time the NPS has notified the public in the recreation area's compendium that the airstrip has been closed. This rule removes the designation of the Cottonwood Cove airstrip from 36 CFR 7.48(a) to reflect the status of the airstrip as closed, and to avoid any confusion for the public about whether the airstrip is open.

Compliance With Other Laws, Executive Orders, and Department Policy

Regulatory Planning and Review (Executive Orders 12866 and 13563)

Executive Order 12866 provides that the Office of Information and Regulatory Affairs (OIRA) in the Office of Management and Budget will review all significant rules. OIRA has determined that this rule is not significant.

Executive Order 13563 reaffirms the principles of Executive Order 12866 while calling for improvements in the nation's regulatory system to promote predictability, to reduce uncertainty, and to use the best, most innovative, and least burdensome tools for achieving regulatory ends. The Executive Order directs agencies to consider regulatory approaches that reduce burdens and maintain flexibility and freedom of choice for the public where these approaches are relevant, feasible, and consistent with regulatory objectives. Executive Order 13563 emphasizes further that agencies must base regulations on the best available science and the rulemaking process must allow for public participation and an open exchange of ideas. We have developed this rule in a manner consistent with these requirements.

Small Business Regulatory Enforcement Fairness Act (SBREFA)

This rule is not a major rule under 5 U.S.C. 804(2), the SBREFA. This rule:

- (a) Does not have an annual effect on the economy of \$100 million or more;
- (b) Will not cause a major increase in costs or prices for consumers, individual industries, Federal, State, or local government agencies, or geographic regions;
- (c) Does not have significant adverse effects on competition, employment, investment, productivity, innovation, or the ability of U.S.-based enterprises to compete with foreign-based enterprises.

Administrative Procedure Act (Notice of Proposed Rulemaking)

We recognize that under 5 U.S.C. 553(b) and (c) notice of proposed rules ordinarily must be published in the **Federal Register** and the agency must give interested parties an opportunity to submit their views and comments. We have determined under 5 U.S.C. 553(b) and 318 DM HB 5.3, however, that notice and public comment for this rule are not required for the following reasons:

(1) Notice and public comment are not required to correct the authority citations in parts 1–7 and 11–13. This portion of the rule is interpretative. In addition, we find good cause to treat notice and comment as unnecessary for these are ministerial technical changes that have no impact on the public use, resources, or values of the National Park System.

(2) Notice and public comment are not required to fix the misspellings and incorrect cross-references and citations in parts 2, 3, and 4. We find good cause to treat notice and comment as unnecessary for these ministerial

technical changes that have no impact on the public use, resources, or values of the National Park System.

(3) Notice and public comment are not required to remove 36 CFR 2.4(h) and add language consistent with the current governing federal statute. This portion of the rule is interpretative. In addition, we find good cause to treat notice and comment as unnecessary because these changes are not discretionary in nature but implement a court order vacating the provision and a federal statute that already applies in NPS units. Without including this language from the statute, the public would not be informed of the actual scope of the regulatory provisions.

(4) Notice and public comment are not required to remove the designation of the Cottonwood Cove airstrip from 36 CFR 7.48(a). We find good cause to treat notice and comment as unnecessary. As discussed above, the Cottonwood Cove airstrip in Lake Mead National Recreation Area has been closed since 1987 and is unusable in its current condition. The current reference in 36 CFR 7.48 is potentially confusing for the public, and its removal will simply reflect longstanding reality. Such a correction will not benefit from public comment, and further delaying it is contrary to the public interest.

We also recognize that rules ordinarily do not become effective until at least 30 days after their publication in the **Federal Register**. We have determined, however, that this rule shall be effective immediately upon publication. Portions of the rule, as discussed above, are interpretative and not subject to the delayed effective date requirement. Nor are the changes to § 2.4, which recognize exemptions and relieve restrictions on firearm possession. Finally, we find that good cause exists for all portions of the rule to be effective immediately upon publication, for the same reasons stated in the above discussion on notice and comment.

Unfunded Mandates Reform Act (UMRA)

This rule does not impose an unfunded mandate on State, local, or tribal governments or the private sector of more than \$100 million per year. The rule does not have a significant or unique effect on State, local or tribal governments or the private sector. This rule clarifies NPS procedures and does not impose requirements on other agencies or governments. A statement containing the information required by the UMRA (2 U.S.C. 1531 *et seq.*) is not required.

Takings (Executive Order 12630)

This rule does not effect a taking of private property or otherwise have takings implications under Executive Order 12630. A takings implication assessment is not required.

Federalism (Executive Order 13132)

Under the criteria in section 1 of Executive Order 13132, the rule does not have sufficient federalism implications to warrant the preparation of a Federalism summary impact statement. A Federalism summary impact statement is not required.

Civil Justice Reform (Executive Order 12988)

This rule complies with the requirements of Executive Order 12988. This rule:

- (a) Meets the criteria of section 3(a) requiring agencies to review all regulations to eliminate errors and ambiguity and write them to minimize litigation; and
- (b) Meets the criteria of section 3(b)(2) requiring agencies to write all regulations in clear language and contain clear legal standards.

Consultation With Indian Tribes (Executive Order 13175 and Department Policy)

The Department of the Interior strives to strengthen its government-to-government relationship with Indian tribes through a commitment to consultation with Indian tribes and recognition of their right to self-governance and tribal sovereignty. We have evaluated this rule under the Department's consultation policy and under the criteria in Executive Order 13175 and have determined it has no substantial direct effects on federally recognized Indian tribes and consultation under the Department's tribal consultation policy is not required.

*Paperwork Reduction Act (PRA) (44 U.S.C. 3501 *et seq.*)*

This rule does not contain new collections of information that require approval by the Office of Management and Budget under the PRA. The rule does not impose new recordkeeping or reporting requirements on State, tribal, or local governments; individuals; businesses; or organizations. We may not conduct or sponsor and you are not required to respond to a collection of information unless it displays a currently valid OMB control number.

National Environmental Policy Act (NEPA)

This rule does not constitute a major Federal action significantly affecting the quality of the human environment. A detailed statement under the NEPA of 1969 is not required. We have determined the rule is categorically excluded under 43 CFR 46.210(i) because it is administrative, legal, and technical in nature. We also have determined the rule does not involve any of the extraordinary circumstances listed in 43 CFR 46.215 that would require further analysis under NEPA.

Effects on the Energy Supply (Executive Order 13211)

This rule is not a significant energy action under the definition in Executive Order 13211. A Statement of Energy Effects is not required.

Approval and Promulgation of Air Quality Implementation Plans; Ohio; Ohio PM_{2.5} NSR

AGENCY: Environmental Protection Agency (EPA)

ACTION: Direct final rule.

SUMMARY: The Environmental Protection Agency (EPA) is approving, under the Clean Air Act (CAA), revisions to Ohio's state implementation plan (SIP) as requested by the Ohio Environmental Protection Agency (OEPA) on June 19, 2014. The revisions to Ohio's SIP implement certain EPA regulations for particulate matter smaller than 2.5 micrometers (PM_{2.5}) by establishing definitions related to PM_{2.5}, defining PM_{2.5} increment levels, and setting PM_{2.5} class 1 variances. The revisions also incorporate changes made to definitions clarifying terminology consistent with Federal regulations, adding Federal land manager notification requirements, and incorporating minor organizational or typographical changes.

DATES: This direct final rule will be effective August 24, 2015, unless EPA receives adverse comments by July 27, 2015. If adverse comments are received, EPA will publish a timely withdrawal of the direct final rule in the **Federal Register** informing the public that the rule will not take effect.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA–R05–OAR–2014–0385, by one of the following methods:

1. *www.regulations.gov*: Follow the on-line instructions for submitting comments.
2. *Email*: damico.genevieve@epa.gov.
3. *Fax*: (312) 385–5501.
4. *Mail*: Genevieve Damico, Chief, Air Permits Section, Air Programs Branch (AR–18J), U.S. Environmental Protection Agency, 77 West Jackson Boulevard, Chicago, Illinois 60604.
5. *Hand Delivery*: Genevieve Damico, Chief, Air Permits Section, Air Programs Branch (AR–18J), U.S. Environmental Protection Agency, 77 West Jackson Boulevard, Chicago, Illinois 60604. Such deliveries are only accepted during the Regional Office normal hours of operation, and special arrangements should be made for deliveries of boxed information. The Regional Office official hours of business are Monday through Friday, 8:30 a.m. to 4:30 p.m., excluding Federal holidays.

Instructions: Direct your comments to Docket ID No. EPA–R05–OAR–2014–0385. EPA's policy is that all comments received will be included in the public docket without change and may be made available online at www.regulations.gov, including any personal information provided, unless the comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through www.regulations.gov or email. The www.regulations.gov Web site is an "anonymous access" system, which means EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an email comment directly to EPA without going through www.regulations.gov your email address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD–ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses.

Docket: All documents in the docket are listed in the www.regulations.gov

index. Although listed in the index, some information is not publicly available, e.g., CBI or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, will be publicly available only in hard copy. Publicly available docket materials are available either electronically in www.regulations.gov or in hard copy at the Environmental Protection Agency, Region 5, Air and Radiation Division, 77 West Jackson Boulevard, Chicago, Illinois 60604. This facility is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding Federal holidays. We recommend that you telephone Charmagne Ackerman, Environmental Engineer, at (312) 886–0448 before visiting the Region 5 office.

- I. Background
- II. What action is EPA taking?
- III. Incorporation by Reference
- IV. Statutory and Executive Order Reviews

I. Background

On June 19, 2014, OEPA submitted to EPA revisions to Ohio Administrative Code (OAC) chapter 3745–31. Revisions were made to the following rules: 3745–31–01 through 3745–31–04, OAC 3745–31–06 through 3745–31–23, 3745–31–25, 3745–31–26, 3745–31–29 and 3745–31–32. The changes made were to implement the PM_{2.5} National Ambient Air Quality Standards (NAAQS), PM_{2.5} New Source Review (NSR) program and regulations related to nitrogen oxides (NO_x) as a precursor to ozone; include definitions for "PM_{2.5}," "PM_{2.5} direct emissions," "PM_{2.5} emissions," "PM_{2.5} precursor," "emergency," "emergency engine," "permanent," "publicly owned treatment works," "quantifiable," "semi-public disposal system," and "surplus"; include Federal land manager notification requirements; clarification of nonattainment provisions; and minor clarification and organizational revisions. In a letter dated March 26, 2015, OEPA requested that we not take action on OAC 3745–31–01(QQQQ) for the definition of "permanent"; OAC 3745–31–01(JJJJJ) for the definition of "quantifiable"; OAC
