FOR FURTHER INFORMATION CONTACT: For specific questions related to collection activities, please contact Darryl Davis, 202–502–7657.

SUPPLEMENTARY INFORMATION: The Department of Education (ED), in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department’s information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: Paul Douglas Teacher Scholarship Performance Report Form.

OMB Control Number: 1840–0787.

Type of Review: A reinstatement of a previously approved information collection.

Respondents/Affected Public: State, Local, and Tribal Government.

Total Estimated Number of Annual Responses: 15.

Total Estimated Number of Annual Burden Hours: 180.

Abstract: The Paul Douglas Teacher Scholarship program was designed to issue grants to the states to provide scholarships to outstanding secondary school graduates who demonstrated an interest in teaching careers at the preschool, elementary, or secondary level. Although the program is no longer funded, the annual performance report is necessary to monitor and evaluate the compliance of the remaining state education agencies.

Dated: June 24, 2015.

DEPARTMENT OF ENERGY

[FE Docket No. 15–25–LNG]

Venture Global Calcasieu Pass, LLC; Application for Long-Term, Multi-Contract Authorization To Export liquefied Natural Gas to Non-Free Trade Agreement Nations for a 25-Year Period

AGENCY: Office of Fossil Energy, DOE.

ACTION: Notice of application.

SUMMARY: The Office of Fossil Energy (FE) of the Department of Energy (DOE) gives notice of receipt of an application (Application), filed on February 9, 2015, by Venture Global Calcasieu Pass, LLC (Calcasieu Pass), requesting long-term, multi-contract authorization to export liquefied natural gas (LNG) produced from domestic sources in a volume equivalent to approximately 132.8 billion cubic feet per year (Bcf/yr) of natural gas (0.36 Bcf/day), Calcasieu Pass seeks authorization to export the LNG by vessel from the proposed Venture Global Calcasieu Pass Project, a natural gas liquefaction and LNG export terminal to be located on the Calcasieu Ship Channel in Cameron Parish, Louisiana (Project). Calcasieu Pass requests authorization to export this LNG to any country with which the United States does not have a free trade agreement (FTA) requiring national treatment for trade in natural gas, and with which trade is not prohibited by U.S. law or policy (non-FTA countries).1 Calcasieu Pass states that the requested export volume (132.8 Bcf/yr) is incremental and therefore additive to the volume of LNG requested for export in its two non-FTA export applications currently pending in DOE/FE Docket Nos. 13–69–LNG and 14–88–LNG

1 In the Application, Calcasieu Pass also requests authorization to export the same volume of LNG to any nation that currently has, or in the future may enter into, a FTA requiring national treatment for trade in natural gas, and with which trade is not prohibited by U.S. law or policy (FTA countries). On June 17, 2015, DOE/FE granted that request in Order No. 3662 pursuant to SGA § 3(c), 15 U.S.C. 717b(c). See Venture Global Calcasieu Pass, LLC, DOE/FE Order No. 3662, FE Docket No. 15–25–LNG, Order Granting Long-Term, Multi-Contract Authorization to Export Liquefied Natural Gas By Vessel from the Proposed Venture Global Calcasieu Pass LNG Project in Cameron Parish, Louisiana, to Free Trade Agreement Nations (June 17, 2015). Calcasieu Pass also holds two other long-term FTA export authorizations from DOE/FE, originally granted to Calcasieu Pass’s predecessor, Venture Global LNG, LLC (Venture Global). In a notice issued on December 3, 2014, DOE/FE recognized that all rights and obligations under those orders transferred from Venture Global to Calcasieu Pass, following a corporate reorganization. See id. at 2–3.
DOE/FE Evaluation

The Application will be reviewed pursuant to section 3(a) of the NGA, 15 U.S.C. 717b(a), and DOE will consider any issues required by law or policy. To the extent determined to be relevant, these issues will include the domestic need for the natural gas proposed to be exported, the adequacy of domestic natural gas supply, U.S. energy security, and the cumulative impact of the requested authorization and any other LNG export application(s) previously approved on domestic natural gas supply and demand fundamentals. DOE may also consider other factors bearing on the public interest, including the impact of the proposed exports on the U.S. economy (including GDP, consumers, and industry), job creation, the U.S. balance of trade, and international considerations; and whether the authorization is consistent with DOE’s policy of promoting competition in the marketplace by allowing commercial parties to freely negotiate their own trade arrangements. Additionally, DOE will consider the following environmental documents:

Parties that may oppose this Application should address these issues in their comments and/or protests, as well as other issues deemed relevant to the Application.

The National Environmental Policy Act (NEPA), 42 U.S.C. 4321 et seq., requires DOE to give appropriate consideration to the environmental effects of its proposed decisions. No final decision will be issued in this proceeding until DOE has met its environmental responsibilities.

Public Comment Procedures

In response to this Notice, any person may file a protest, comments, or a motion to intervene or notice of intervention, as applicable. Due to the complexity of the issues raised by the Applicant, interested persons will be provided 60 days from the date of publication of this Notice in which to submit comments, protests, motions to intervene, or notices of intervention.

Any person wishing to become a party to the proceeding must file a motion to intervene or notice of intervention. The filing of comments or a protest with respect to the Application will not serve to make the commenter or protestant a party to the proceeding, although protests and comments received from persons who are not parties will be considered in determining the appropriate action to be taken on the Application. All protests, comments, motions to intervene, or notices of intervention must meet the requirements specified by the regulations in 10 CFR part 590.

Filings may be submitted using one of the following methods: (1) Emailing the filing to fergas@hq.doe.gov, with FE Docket No. 15–23–LNG in the title line; (2) mailing an original and three paper copies of the filing to the Office of Oil and Gas Global Security and Supply at the address listed in ADDRESSES; or (3) hand delivering an original and three paper copies of the filing to the Office of Oil and Gas Global Security and Supply at the address listed in ADDRESSES. All filings must include a reference to FE Docket No. 15–23–LNG. PLEASE NOTE: If submitting a filing via email, please include all related documents and attachments (e.g., exhibits) in the original email correspondence. Please do not include any active hyperlinks or password protection in any of the documents or attachments related to the filing. All electronic filings submitted to DOE must follow these guidelines to ensure that all documents are filed in a timely manner. Any hardcopy filing submitted greater than 50 pages must also include, at the time of the filing, a digital copy on disk of the entire submission.

A decisional record on the Application will be developed through responses to this notice by parties, including the parties’ written comments and replies thereto. Additional procedures will be used as necessary to achieve a complete understanding of the facts and issues. If an additional procedure is scheduled, notice will be provided to all parties. If no party requests additional procedures, a final Opinion and Order may be issued based on the official record, including the Application and responses filed by parties pursuant to this notice, in accordance with 10 CFR 590.316. The Application is available for inspection and copying in the Division of Natural Gas Regulatory Activities docket room, Room 3E–042, 1000 Independence Avenue SW., Washington, DC 20585. The docket
