

government in place of procedures available under existing program-specific authorization regulations. An application submitted under the subpart D procedures must show that the state, tribe or local government has sufficient legal authority to implement the electronic reporting components of the programs covered by the application and will use electronic document receiving systems that meet the applicable subpart D requirements.

On February 25, 2015, the South Dakota Department of Environment and Natural Resources (SD DENR) submitted an application titled "National Pollutant Discharge Elimination System e-Reporting Tool" for revisions/modifications of its EPA-authorized programs under title 40 CFR. EPA reviewed SD DENR's request to revise/modify its EPA-authorized programs and, based on this review, EPA determined that the application met the standards for approval of authorized program revisions/modifications set out in 40 CFR part 3, subpart D. In accordance with 40 CFR 3.1000(d), this notice of EPA's decision to approve South Dakota's request to revise/modify its following EPA-authorized programs to allow electronic reporting under 40 CFR parts 122, 403, and 503 is being published in the **Federal Register**:

Part 123—EPA Administered Permit Programs: The National Pollutant Discharge Elimination System; Part 403—General Pretreatment Regulations For Existing And New Source Of Pollution; and Part 501—State Sludge Management Program Regulations.

SD DENR was notified of EPA's determination to approve its application with respect to the authorized programs listed above.

Matthew Leopard,

Director, Office of Information Collection.

Cross-Media Electronic Reporting: Authorized Program Revision Approval, State of Wyoming

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces EPA's approval of the State of Wyoming's request to revise/modify certain of its EPA-authorized programs to allow electronic reporting.

DATES: EPA's approval is effective July 2, 2015.

FOR FURTHER INFORMATION CONTACT:

Karen Seeh, U.S. Environmental Protection Agency, Office of Environmental Information, Mail Stop 2823T, 1200 Pennsylvania Avenue NW., Washington, DC 20460, (202) 566-1175, seeh.karen@epa.gov.

SUPPLEMENTARY INFORMATION:

On October 13, 2005, the final Cross-Media Electronic Reporting Rule (CROMERR) was published in the **Federal Register** (70 FR 59848) and codified as part 3 of title 40 of the CFR. CROMERR establishes electronic reporting as an acceptable regulatory alternative to paper reporting and establishes requirements to assure that electronic documents are as legally dependable as their paper counterparts. Subpart D of CROMERR requires that state, tribal or local government agencies that receive, or wish to begin receiving, electronic reports under their EPA-authorized programs must apply to EPA for a revision or modification of those programs and obtain EPA approval. Subpart D provides standards for such approvals based on consideration of the electronic document receiving systems that the state, tribe, or local government will use to implement the electronic reporting. Additionally, § 3.1000(b) through (e) of 40 CFR part 3, subpart D provides special procedures for program revisions and modifications to allow electronic reporting, to be used at the option of the state, tribe or local government in place of procedures available under existing program-specific authorization regulations. An application submitted under the subpart D procedures must show that the state, tribe or local government has sufficient legal authority to implement the electronic reporting components of the programs covered by the application and will use electronic document receiving systems that meet the applicable subpart D requirements. Once an authorized program has EPA's approval to accept electronic documents under certain programs, CROMERR § 3.1000(a)(4) requires that the program keep EPA apprised of any changes to laws, policies, or the electronic document receiving systems that have the potential to affect the program's compliance with CROMERR § 3.2000.

On September 10, 2010, the Wyoming Department of Environmental Quality (WY DEQ) submitted an amended application titled "Environmental Information Technology Enterprise System" for revisions/modifications of its EPA-approved electronic reporting program under title 40 CFR to allow

new electronic reporting. EPA reviewed WY DEQ's request to revise/modify its EPA-authorized programs and, based on this review, EPA determined that the application met the standards for approval of authorized program revisions/modifications set out in 40 CFR part 3, subpart D. In accordance with 40 CFR 3.1000(d), this notice of EPA's decision to approve Wyoming's request to revise/modify its following EPA-authorized programs to allow electronic reporting under 40 CFR parts 122 and 144, is being published in the **Federal Register**:

Part 123—EPA Administered Permit Programs: The National Pollutant Discharge Elimination System;

Part 145—State Underground Injection Control Programs; and

Part 239—Requirements for State Permit Program Determination of Adequacy.

WY DEQ was notified of EPA's determination to approve its application with respect to the authorized programs listed above.

ENVIRONMENTAL PROTECTION AGENCY

[FRL-9930-01-OW]

The National Drinking Water Advisory Council: Request for Nominations

AGENCY: Environmental Protection Agency (EPA).

ACTION: Request for nominations.

SUMMARY: The U.S. Environmental Protection Agency (EPA) invites nominations of qualified candidates to be considered for a three-year appointment to the National Drinking Water Advisory Council (NDWAC or Council). The 15-member Council was established by the Safe Drinking Water Act (SDWA) to provide practical and independent advice, consultation and recommendations to the EPA Administrator on the activities, functions, policies and regulations required by the SDWA. This notice solicits nominations to fill four new vacancies from December 2015 through December 2018. To maintain the representation required by statute, nominees will be selected to represent state and local agencies concerned with water hygiene and public water supply (two vacancies) and the general public (two vacancies).

DATES: Nominations should be submitted on or before July 31, 2015.

ADDRESSES: Submit nominations to Michelle Schutz, Designated Federal Officer (DFO), The National Drinking Water Advisory Council, U.S. Environmental Protection Agency, Office of Ground Water and Drinking Water, Mail Code 4601-M, 1200 Pennsylvania Avenue NW., Washington, DC 20460. You may also email nominations with the subject line NDWACResume2015 to schutz.michelle@epa.gov.

FOR FURTHER INFORMATION CONTACT:

Email your questions to Michelle Schutz or call her at (202) 564-7374.

SUPPLEMENTARY INFORMATION:

National Drinking Water Advisory Council: The Council was created by Congress on December 16, 1974, as part of the Safe Drinking Water Act of 1974, Public Law 93-523, 42 U.S.C. 300j-5, and is operated in accordance with the provisions of the Federal Advisory Committee Act (FACA), 5 U.S.C. App. 2. The Council consists of 15 members, including the Chairperson, all of whom are appointed by the EPA's Administrator. Five members represent appropriate state and local agencies concerned with water hygiene and public water supply; five members represent private organizations or groups demonstrating an active interest in the field of water hygiene and public water supply—of which two such members shall be associated with small, rural public water systems; and five members represent the general public. The current list of members is available on the EPA Web site at <http://water.epa.gov/drink/ndwac/>.

The Council will meet in person once each year and may hold a second meeting during the year either in person or by video/teleconferencing. These meetings generally occur in the spring and fall. Additionally, members may be asked to participate in ad hoc workgroups to develop policy recommendations, advice letters and reports to address specific program issues.

Member Nominations: Any interested person and/or organization may nominate qualified individuals for membership. EPA values and welcomes diversity. In an effort to obtain nominations of diverse candidates, the Agency encourages nominations of women and men of all racial and ethnic groups.

All nominations will be fully considered, but applicants need to be aware of the specific representation required by the SDWA for the current vacancies: State and local agencies

concerned with water hygiene and public water supply (two vacancies) and the general public (two vacancies). Other criteria used to evaluate nominees will include:

- Demonstrated experience with drinking water issues at the national, state or local level;
- Excellent interpersonal, oral and written communication and consensus-building skills;
- Willingness to commit time to the Council and demonstrated ability to work constructively on committees;
- Absence of financial conflicts of interest;
- Absence of appearance of a lack of impartiality; and
- Background and experience that would help members contribute to the diversity of perspectives on the Council, e.g., geographic, economic, social, cultural, educational backgrounds, professional affiliations and other considerations.

Nominations must include a resume, which provides the nominee's background, experience and educational qualifications, as well as a brief statement (one page or less) describing the nominee's interest in serving on the Council and addressing the other criteria previously described. Nominees are encouraged to provide any additional information that they think would be useful for consideration, such as: Availability to participate as a member of the Council; how the nominee's background, skills and experience would contribute to the diversity of the Council; and any concerns the nominee has regarding membership. Nominees should be identified by name, occupation, position, current business address, email and telephone number. Interested candidates may self-nominate. The DFO will acknowledge receipt of nominations.

Persons selected for membership will receive compensation for travel and a nominal daily compensation (if appropriate) while attending meetings. Additionally, all selected candidates will be designated as Special Government Employees (SGEs) and will be required to fill out the "Confidential Financial Disclosure Form for Environmental Protection Agency Special Government Employees" (EPA Form 3110-48). This confidential form provides information to EPA's ethics officials to determine whether there is a conflict between the SGE's public duties and their private interests, including an appearance of a loss of impartiality as defined by federal laws and regulations. The form may be viewed and downloaded through the "Ethics

Requirements for Advisors" link on the EPA NDWAC Web site at <http://water.epa.gov/drink/ndwac/fact.cfm>.

Other sources, in addition to this **Federal Register** notice, may also be utilized in the solicitation of nominees. To help EPA in evaluating the effectiveness of its outreach efforts, please tell us how you learned of this opportunity.

Dated: June 25, 2015.

Peter Grevatt,

Director, Office of Ground Water and Drinking Water.

Receipt of Test Data Under the Toxic Substances Control Act

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: EPA is announcing its receipt of test data submitted pursuant to a test rule issued by EPA under the Toxic Substances Control Act (TSCA). As required by TSCA, this document identifies each chemical substance and/or mixture for which test data have been received; the uses or intended uses of such chemical substance and/or mixture; and describes the nature of the test data received. Each chemical substance and/or mixture related to this announcement is identified in Unit I. under **SUPPLEMENTARY INFORMATION**.
