

government in place of procedures available under existing program-specific authorization regulations. An application submitted under the subpart D procedures must show that the state, tribe or local government has sufficient legal authority to implement the electronic reporting components of the programs covered by the application and will use electronic document receiving systems that meet the applicable subpart D requirements.

On February 25, 2015, the South Dakota Department of Environment and Natural Resources (SD DENR) submitted an application titled "National Pollutant Discharge Elimination System e-Reporting Tool" for revisions/modifications of its EPA-authorized programs under title 40 CFR. EPA reviewed SD DENR's request to revise/modify its EPA-authorized programs and, based on this review, EPA determined that the application met the standards for approval of authorized program revisions/modifications set out in 40 CFR part 3, subpart D. In accordance with 40 CFR 3.1000(d), this notice of EPA's decision to approve South Dakota's request to revise/modify its following EPA-authorized programs to allow electronic reporting under 40 CFR parts 122, 403, and 503 is being published in the **Federal Register**:

Part 123—EPA Administered Permit Programs: The National Pollutant Discharge Elimination System; Part 403—General Pretreatment Regulations For Existing And New Source Of Pollution; and Part 501—State Sludge Management Program Regulations.

SD DENR was notified of EPA's determination to approve its application with respect to the authorized programs listed above.

Cross-Media Electronic Reporting: Authorized Program Revision Approval, State of Wyoming

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces EPA's approval of the State of Wyoming's request to revise/modify certain of its EPA-authorized programs to allow electronic reporting.

DATES: EPA's approval is effective July 2, 2015.

FOR FURTHER INFORMATION CONTACT:

Karen Seeh, U.S. Environmental Protection Agency, Office of Environmental Information, Mail Stop 2823T, 1200 Pennsylvania Avenue NW., Washington, DC 20460, (202) 566-1175, seeh.karen@epa.gov.

SUPPLEMENTARY INFORMATION: On October 13, 2005, the final Cross-Media Electronic Reporting Rule (CROMERR) was published in the **Federal Register** (70 FR 59848) and codified as part 3 of title 40 of the CFR. CROMERR establishes electronic reporting as an acceptable regulatory alternative to paper reporting and establishes requirements to assure that electronic documents are as legally dependable as their paper counterparts. Subpart D of CROMERR requires that state, tribal or local government agencies that receive, or wish to begin receiving, electronic reports under their EPA-authorized programs must apply to EPA for a revision or modification of those programs and obtain EPA approval. Subpart D provides standards for such approvals based on consideration of the electronic document receiving systems that the state, tribe, or local government will use to implement the electronic reporting. Additionally, § 3.1000(b) through (e) of 40 CFR part 3, subpart D provides special procedures for program revisions and modifications to allow electronic reporting, to be used at the option of the state, tribe or local government in place of procedures available under existing program-specific authorization regulations. An application submitted under the subpart D procedures must show that the state, tribe or local government has sufficient legal authority to implement the electronic reporting components of the programs covered by the application and will use electronic document receiving systems that meet the applicable subpart D requirements. Once an authorized program has EPA's approval to accept electronic documents under certain programs, CROMERR § 3.1000(a)(4) requires that the program keep EPA apprised of any changes to laws, policies, or the electronic document receiving systems that have the potential to affect the program's compliance with CROMERR § 3.2000.

On September 10, 2010, the Wyoming Department of Environmental Quality (WY DEQ) submitted an amended application titled "Environmental Information Technology Enterprise System" for revisions/modifications of its EPA-approved electronic reporting program under title 40 CFR to allow

new electronic reporting. EPA reviewed WY DEQ's request to revise/modify its EPA-authorized programs and, based on this review, EPA determined that the application met the standards for approval of authorized program revisions/modifications set out in 40 CFR part 3, subpart D. In accordance with 40 CFR 3.1000(d), this notice of EPA's decision to approve Wyoming's request to revise/modify its following EPA-authorized programs to allow electronic reporting under 40 CFR parts 122 and 144, is being published in the **Federal Register**:

Part 123—EPA Administered Permit Programs: The National Pollutant Discharge Elimination System;

Part 145—State Underground Injection Control Programs; and

Part 239—Requirements for State Permit Program Determination of Adequacy.

WY DEQ was notified of EPA's determination to approve its application with respect to the authorized programs listed above.

The National Drinking Water Advisory Council: Request for Nominations

AGENCY: Environmental Protection Agency (EPA).

ACTION: Request for nominations.

SUMMARY: The U.S. Environmental Protection Agency (EPA) invites nominations of qualified candidates to be considered for a three-year appointment to the National Drinking Water Advisory Council (NDWAC or Council). The 15-member Council was established by the Safe Drinking Water Act (SDWA) to provide practical and independent advice, consultation and recommendations to the EPA Administrator on the activities, functions, policies and regulations required by the SDWA. This notice solicits nominations to fill four new vacancies from December 2015 through December 2018. To maintain the representation required by statute, nominees will be selected to represent state and local agencies concerned with water hygiene and public water supply (two vacancies) and the general public (two vacancies).
