

ETA 9128 X report for UCX recipients. These two reports will reflect different populations and all data elements will be the same as are currently collected on the ETA 9128 report. To review the outcomes of the RESEA program, the Department is proposing to use the ETA 9129 report and the ETA 9129 X report for UCX participants. The data elements in these reports will parallel those of the treatment group on the current reports. Data collection for the comparison group in the ETA 9129 is being discontinued under this revision and will not be included in the ETA 9129 X. All these reports will reflect the new name for the Reemployment and Eligibility Assessment (REA) program, which changed in 2015 to the RESEA program.

DATES: Submit written comments to the office listed in the addressee section below on or before September 8, 2015.

ADDRESSES: Send comments to Diane Wood, Office of Unemployment Insurance, Room S-4524, Employment and Training Administration, U.S. Department of Labor, 200 Constitution Avenue NW., Frances Perkins Bldg., Washington, DC 20210. Individuals with hearing or speech impairments may access the telephone number above via TTY by calling the toll-free Federal Information Relay Service at 1-877-889-5627 (TTY/TDD). Email at wood.diane@dol.gov. To obtain a copy of the proposed information collection request (ICR), please contact the person listed above.

SUPPLEMENTARY INFORMATION:

I. Background

Funds will be awarded to participating states in the RESEA program year 2015 to continue the REA program. The RESEA guidelines require that these funds be used to conduct in-person assessments in the American Job Centers. The RESEA must include an orientation session, an unemployment insurance (UI) eligibility review, the provision of labor market information, development of a re-employment plan and referral to reemployment services and/or training, as appropriate. The guidelines require that participation exclude those claimants who have a specific return-to-work date.

II. Review Focus

The Department is particularly interested in comments which:

* Evaluate whether the proposed collection of information is necessary for the proper performance of the function of the agency, including

whether the information has practical utility;

* evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

* enhance the quality, utility, and clarity of the information to be collected; and

* minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

III. Current Actions

The continued collection of the information contained on the ETA 9128 and the ETA 9129 reports is necessary to enable the Office of Unemployment Insurance (OUI) to continue evaluating the effectiveness of the REA program through workload and outcomes reports.

Type of Review: Extension with revision.

DEPARTMENT OF LABOR

Office of Workers' Compensation Programs

Proposed Extension of Existing Collection; Comment Request

ACTION: Notice

SUMMARY: The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a preclearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) [44 U.S.C. 3506(c)(2)(A)]. This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. Currently, the Office of Workers' Compensation Programs is soliciting comments concerning the proposed collection: Provider Enrollment Form (OWCP-1168). A copy of the proposed information collection request can be obtained by contacting the office listed below in the addressee section of this Notice.

DATES: Written comments must be submitted to the office listed in the addressee section below on or before September 8, 2015.

ADDRESSES: Ms. Yoon Ferguson, U.S. Department of Labor, 200 Constitution Ave. NW., Room S-3201, Washington, DC 20210, telephone/fax (202) 354-9647, Email ferguson.yoon@dol.gov. Please use only one method of transmission for comments (mail, fax, or Email).

SUPPLEMENTARY INFORMATION:

I. Background: The Office of Workers' Compensation Programs (OWCP) is the agency responsible for administration of the Federal Employees' Compensation Act (FECA), 5 U.S.C. 8101 *et seq.*, the Black Lung Benefits Act (BLBA), 30 U.S.C. 901 *et seq.*, and the Energy Employees Occupational Illness Compensation Program Act of 2000 (EEOICPA), 42 U.S.C. 7384 *et seq.* These statutes require OWCP to pay for appropriate medical and vocational rehabilitation services provided to beneficiaries. In order for OWCP's billing contractor to pay providers of these services with its automated bill processing system, providers must "enroll" with one or more of the OWCP programs that administer the statutes by

submitting certain profile information, including identifying information, tax I.D. information, and whether they possess specialty or sub-specialty training. Form OWCP-1168 is used to obtain this information from each provider. This information collection is currently approved for use through January 31, 2016.

II. Review Focus: The Department of Labor is particularly interested in comments which:

- * Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

- * Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

- * Enhance the quality, utility and clarity of the information to be collected; and

- * Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

III. Current Actions: The Department of Labor seeks the approval of the extension of this currently approved information collection in order to carry out a wide range of automated bill "edits", such as the identification of duplicate billings, the application of pertinent fee schedules, utilization review, and fraud and abuse detection. The profile information is also used to furnish detailed reports to providers on the status of previously submitted bills.

Type of Review: Extension.

SUPPLEMENTARY INFORMATION:

Title of Collection: DUE Project Data Form

OMB Control No.: 3145-0201.

Abstract: The DUE Project Data Form (NSF 1295) is a component of all grant proposals submitted to NSF's Division of Undergraduate Education. This form collects information needed to direct proposals to appropriate reviewers and to report the estimated collective impact of proposed projects on institutions, students, and faculty members. Requested information includes the discipline of the proposed project, collaborating organizations involved in the project, the academic level on which the project focuses (e.g., lower-level undergraduate courses, upper-level undergraduate courses), characteristics of the organization submitting the proposal, special audiences (if any) that the project would target (e.g., women, minorities, persons with disabilities), strategic foci (if any) of the project (e.g., research on teaching and learning, international activities, integration of research and education), and the number of students and faculty at different educational levels who would benefit from the project.

Respondents: Investigators who submit proposals to NSF's Division of Undergraduate Education.

Estimated Number of Annual Respondents: 2,700.

Burden on the Public: 20 minutes (per response) for an annual total of 900 hours.

Dated: July 1, 2015.

Suzanne H. Plimpton,

Reports Clearance Officer, National Science Foundation.
