**Supplemental Questions & Answers for
Information Docket**

1) *Q. The Departments say that review of the new material will begin towards the end of May. What do the three Departments intend to do with this material?*

A. We are asking for stakeholder input on this matter to supplement the information that we are already reviewing and considering. No decision has been made on next steps.

2) *Q. When will the joint docket on www.regulations.gov close for submissions?*

A. Information provided in response to the Departments' May 5, 2015 notice must be submitted to the dockets by 11:59 p.m. Eastern Daylight Time (EDT) on August 3, 2015. Additional materials commenting on information submitted to the dockets must be submitted by 11:59 p.m. EDT on August 24, 2015. The Departments may, at their discretion, establish additional deadlines for submission of further materials to the dockets. To ensure that their views are considered, stakeholders should provide a written submission to the Departments.

3) *Q. The April 10 press release refers to the Administration's Open Government Initiative. Does the open and transparent character of this forum mean that anyone can file anything?*

A. The Departments are not interested in limiting the scope of what the public may offer in terms of submissions. There is no specific constraint on the material that interested stakeholders may submit. Of course, we expect that the submissions will be relevant, and we encourage thoughtful insights and analysis.

4) *Q. I understand that the docket on the www.regulations.gov will be accessible to the public. Is the public docket the only means by which I can provide information?*

A. While the preference is for written submissions to be made available to the public, the establishment of the joint docket is not intended to foreclose other means of communication with the three Departments and U.S. government officials. Please note that the materials in the dockets will not be edited to remove identifying or contact information, and the Departments caution against including any information in an electronic submission that one does not want publicly disclosed.

5) *Q. How do I submit information that I believe to be confidential information?*

A. Please refer to the **Federal Register** notice for the procedure. The Departments request that submitters of information that the submitter believes to be exempt from disclosure under the Freedom of Information Act (FOIA) (hereafter "Confidential Information") (such as trade secrets and commercial or financial information obtained from a person that is privileged or confidential), including those who have previously submitted Confidential Information, include a non-confidential version (either redacted or summarized) of those confidential submissions in the public dockets. In the event that the submitter cannot provide a non-confidential version of its submission, the Departments request that the submitter post a notice in the dockets stating that it has provided the Departments with Confidential Information. Should a submitter fail to docket either a non-confidential version of its submission or to post a notice that Confidential Information has been provided, the Departments will note the receipt of the submission on the dockets, including for submissions already received, with the submitter's organization or name (to the degree permitted by law) and the date of submission.

6) *Q. How will the Departments handle Freedom of Information (FOIA) requests for materials provided by stakeholders and identified as "Confidential Information"?*

A. As noted in the **Federal Register** notice, the Departments will process FOIA requests for information submitted regarding the Gulf Carriers matter and marked "Confidential Information" in accordance with the FOIA and the Departments' respective

FOIA regulations, including the submitter notice process outlined in Executive Order 12,600. Each Department will follow its normal FOIA procedures as to requests received.

7) *Q. In the May 5, 2015 notice, the Departments did not establish a deadline for comments, but said that materials should be submitted as soon as is practicable. Why has this changed and how will materials submitted after the new deadlines be treated?*

A. The Departments have received considerable information from stakeholders to date. In order to be responsive to all stakeholders, the Departments are proceeding with review of submissions but are providing further opportunity for stakeholders to submit materials for the Departments' review. Please refer to the **Federal Register** notice for deadlines.

Chlorinated Isocyanurates From the People's Republic of China: Preliminary Results of Antidumping Duty Administrative Review; 2013-2014

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (the Department) is conducting an administrative review of the antidumping duty order on chlorinated isocyanurates (chlorinated isos) from the People's Republic of China (PRC). The period of review (POR) is June 1, 2013, through May 31, 2014. This administrative review covers three producers/exporters: (1) Heze Huayi Chemical Co. Ltd. (Heze Huayi); (2) Hebei Jiheng Chemical Co., Ltd. (Jiheng); and (3) Juancheng Kangtai Chemical Co., Ltd. (Kangtai). We preliminarily determine that Jiheng made sales in the United States at prices below normal value (NV), and that Heze Huayi and Kangtai did not. Interested parties are invited to comment on these preliminary results.

DATES: *Effective Date:* July 8, 2015.

FOR FURTHER INFORMATION CONTACT: Sean Carey, AD/CVD Operations, Office VII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW.,

Washington, DC 20230; telephone: (202) 482-3964.

SUPPLEMENTARY INFORMATION:

Scope of the Order

The products covered by the order are chlorinated isos, which are derivatives of cyanuric acid, described as chlorinated s-triazine triones.¹ Chlorinated isos are currently classifiable under subheadings 2933.69.6015, 2933.69.6021, 2933.69.6050, 3808.40.50, 3808.50.40 and 3808.94.5000 of the Harmonized Tariff Schedule of the United States (HTSUS). The HTSUS subheadings are provided for convenience and customs purposes only; the written product description of the scope of the order is dispositive.

Methodology

The Department is conducting this administrative review in accordance with section 751(a)(1)(A) of the Tariff Act of 1930, as amended (the Act). Export and Constructed Export prices have been calculated in accordance with section 772 of the Act. Because the PRC is a non-market economy within the meaning of section 771(18) of the Act, normal value has been calculated in accordance with section 773(c) of the Act. For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum, which is hereby adopted by this notice. A list of the topics included in the Preliminary Decision Memorandum is included as an appendix to this notice.

The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System ("ACCESS"). ACCESS is available to registered users at <http://access.trade.gov> and in the Department's Central Records Unit, Room B8024 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly on the Internet at <http://enforcement.trade.gov/frn/index.html>. The signed Preliminary Decision Memorandum and the electronic

versions of the Preliminary Decision Memorandum are identical in content.

Preliminary Results of Review

The Department preliminarily determines that the following weighted-average dumping margins exist for the period of June 1, 2013 through May 31, 2014:

Exporter	Weight-average dumping margin percentage
Heze Huayi Chemical Co., Ltd.	0.00
Hebei Jiheng Chemical Co., Ltd.	1.38
Juancheng Kangtai Chemical Co., Ltd.	0.00

Disclosure and Public Comment

The Department intends to disclose calculations performed for these preliminary results to the parties within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b).

Because, as noted above, the Department intends to verify the information upon which we will rely in making our final determination, the Department will establish the briefing schedule at a later time, and will notify parties of the schedule in accordance with 19 CFR 351.309. Parties who submit case briefs or rebuttal briefs in this proceeding are requested to submit with each with each argument: (1) A statement of the issue; (2) a brief summary of the argument; and (3) a table of authorities.²

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing, or to participate if one is requested, must submit a written request to the Assistant Secretary for Enforcement and Compliance, within 30 days of the date of publication of this notice.³ Requests should contain: (1) The party's name, address and telephone number; (2) The number of participants; and (3) a list of issues to be discussed. Issues raised in the hearing will be limited to those raised in the respective case and rebuttal briefs. If a request for a hearing is made, parties will be notified of the time and date for the hearing to be held at the U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230.⁴

² See 19 CFR 351.309(c) and (d); see also 19 CFR 351.303 (for general filing requirements).

³ See 19 CFR 351.310(c).

⁴ See 19 CFR 351.310(d).

Assessment Rates

Upon issuing the final results of this review, the Department shall determine, and U.S. Customs and Border Protection ("CBP") shall assess, antidumping duties on all appropriate entries covered by this review.⁵ The Department intends to issue assessment instructions to CBP 15 days after the date of publication of the final results of this review.

In accordance with 19 CFR 351.212(b)(1), we are calculating importer- (or customer-) specific assessment rates for the merchandise subject to this review. For any individually examined respondent whose weighted-average dumping margin is above *de minimis* (i.e., 0.50 percent), the Department will calculate importer-specific assessment rates on the basis of the ratio of the total amount of dumping calculated for the importer's examined sales and the total entered value of sales.⁶ We will instruct CBP to assess antidumping duties on all appropriate entries covered by this review when the importer-specific assessment rate is above *de minimis*. Where either the respondent's weighted-average dumping margin is zero or *de minimis*, or an importer-specific assessment rate is zero or *de minimis*, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

For entries that were not reported in the U.S. sales database submitted by an exporter individually examined during this review, the Department will instruct CBP to liquidate such entries at the PRC-wide rate. Additionally, if the Department determines that an exporter under review had no shipments of the subject merchandise, any suspended entries that entered under that exporter's case number will be liquidated at the PRC-wide rate.⁷

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for all shipments of the subject merchandise from the PRC entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided for by section 751(a)(2)(C) of the Act: (1) For the exporters listed above, the cash deposit rate will be the rate established

⁵ See 19 CFR 351.212(b)(1).

⁶ See *Antidumping Proceedings: Calculation of the Weighted-Average Dumping Margin and Assessment Rate in Certain Antidumping Proceedings: Final Modification*, 77 FR 8101 (February 14, 2012).

⁷ See *Non-Market Economy Antidumping Proceedings: Assessment of Antidumping Duties*, 76 FR 65694 (October 24, 2011).

in the final results of this review (except, if the rate is zero or *de minimis*, a zero cash deposit rate will be required for that company); (2) for previously investigated or reviewed PRC and non-PRC exporters not listed above that have separate rates, the cash deposit rate will continue to be the existing producer/exporter-specific combination rate published for the most recent period; (3) for all PRC exporters of subject merchandise that have not been found to be eligible for a separate rate, the cash deposit rate will be the PRC-wide rate of 285.63 percent;⁸ and (4) for all non-PRC exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the PRC exporter(s) that supplied that non-PRC exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Department's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.213 and 19 CFR 351.221(b)(4).

Dated: June 30, 2015.

Paul Piquado,

Assistant Secretary for Enforcement and Compliance.
