(CIK No. 921887) (“IHITF”¹), a Canadian corporation with its principal place of business in Vancouver, British Columbia, Canada, with stock quoted on OTC Link (previously, “Pink Sheets”) operated by OTC Markets Group Inc. (“OTC Link”) because it has not filed any periodic reports since the period ended December 31, 2005. On June 28, 2013, the Division of Corporation Finance (“Corporation Finance”) sent a delinquency letter to IHITF requesting compliance with its periodic reporting obligations at the address shown in its then-most recent filing with the Commission, but IHITF did not receive the delinquency letter due to its failure to maintain a valid address on file with the Commission as required by Commission rules (Rule 301 of Regulation S–T, 17 CFR 232.301 and Section 5.4 of the EDGAR Filer Manual).

It appears to the Securities and Exchange Commission that there is a lack of current and accurate information concerning the securities of Mark One Global Industries, Inc. (CIK No. 1000791) (“MKGLF”), a British Columbia corporation with its principal place of business in Olathe, Kansas, with stock quoted on OTC Link, because it has not filed any periodic reports since the period ended December 31, 2009. On April 29, 2013, Corporation Finance sent a delinquency letter to MKGLF requesting compliance with its periodic reporting obligations at the address shown in its then-most recent filing with the Commission, but MKGLF did not receive the delinquency letter due to its failure to maintain a valid address on file with the Commission as required by Commission rules (Rule 301 of Regulation S–T, 17 CFR 232.301 and Section 5.4 of the EDGAR Filer Manual).

It appears to the Securities and Exchange Commission that there is a lack of current and accurate information concerning the securities of Nortel Networks Corporation (CIK No. 72911) (“NRTLQ”), a Canadian corporation with its principal place of business in Mississauga, Ontario, Canada, with stock quoted on OTC Link, because it has not filed any periodic reports since the period ended June 30, 2012. On October 17, 2014, Corporation Finance sent a delinquency letter to NRTLQ requesting compliance with its periodic reporting obligations at the address shown in its then-most recent filing with the Commission which was delivered.

It appears to the Securities and Exchange Commission that there is a lack of current and accurate information concerning the securities of Silverado Gold Mines Ltd. (CIK No. 731727) (“SLGLF”), a defaulted British Columbia corporation with its principal place of business in Surrey, British Columbia, Canada, with stock quoted on OTC Link, because it has not filed any periodic reports since the period ended August 31, 2011. On September 13, 2013, Corporation Finance sent a delinquency letter to SLGLF requesting compliance with its periodic reporting obligations at the address shown in its then-most recent filing with the Commission which was delivered.

The Commission is of the opinion that the public interest and the protection of investors require a suspension of trading in the securities of the above-listed companies. Therefore, it is ordered, pursuant to Section 12(k) of the Securities Exchange Act of 1934, that trading in the securities of the above-listed companies is suspended for the period from 9:30 a.m. EDT on July 8, 2015, through 11:59 p.m. EDT on July 21, 2015.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, FINRA included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. FINRA has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

On January 17, 2014, the SEC approved a proposed rule change to (i) adopt Rule 4552 (Alternative Trading Systems—Trading Information for Securities Executed Within the Alternative Trading System) to require alternative trading systems (“ATSs”)⁵ to report to FINRA weekly volume information and number of trades regarding securities transactions within the ATS (“ATS Data”) and to publish the ATS Data on a delayed basis on FINRA’s Web site;⁶ and (ii) amend FINRA Rules 6160, 6170, 6480, and 6720 to require each ATS to acquire and use a single, unique market participant identifier (“MPID”) when reporting information to FINRA (“MPID Requirement”).⁷ The implementation

⁵ Regulation ATS defines an “alternative trading system” as “any organization, association, person, group of persons, or system: (1) That constitutes, maintains, or provides a market place or facilities for bringing together purchasers and sellers of securities or for otherwise performing with respect to securities the functions commonly performed by a stock exchange within the meaning of [Exchange Act Rule 3b–16]; and (2) That does not: (i) Set rules governing the conduct of subscribers other than the conduct of such subscribers’ trading on such organization, association, person, group of persons, or system; or (ii) Discipline subscribers other than by exclusion from trading.” 17 CFR 242.300(a). Rule 4552 applies to any alternative trading system, as that term is defined in Regulation ATS, that has filed a Form ATS with the Commission. See Rule 4552(a).

⁶ FINRA subsequently filed a proposed rule change to limit the reporting requirements in Rule 4552 to equity securities and exclude TRACE-Reportable Securities. See Securities Exchange Act Release No. 71911 (April 9, 2014), 79 FR 21316 (April 15, 2014) (Notice of Filing and Immediate Effectiveness of File No. SR-FINRA-2014-017).

⁷ See Securities Exchange Act Release No. 71341 (January 17, 2014), 79 FR 4213 (January 24, 2014) (Order Approving File No. SR-FINRA-2013-042).

date for the reporting requirements under Rule 4552 was May 12, 2014, and FINRA began publishing the ATS Data for equity securities on its Web site on June 2, 2014.⁸ On May 29, 2014, the SEC approved Rule 4553, which established a fee schedule for access to the ATS Data.⁹ The proposed rule change deletes Rule 4553.

Under Rule 4552, individual ATSs are required to submit weekly reports to FINRA regarding equity security volume information within the ATS, including share volume and number of trades for both NMS stocks and OTC equity securities.¹⁰ The first reports pursuant to Rule 4552 were due to FINRA by May 28, 2014, covering the week of May 12–16, 2014.¹¹ After FINRA began receiving the self-reported data from ATSs, FINRA began publishing on its Web site, on a delayed basis, the reported information for each equity security for each ATS with appropriate disclosures that the published volume numbers are based on ATS-submitted reports and not on reports produced or validated by FINRA.¹² FINRA currently makes available on its Web site the ATS Data through weekly reports listing aggregate volume and number of trades by security for each ATS within the designated time period.

Rule 4553 establishes three categories of users of the ATS Data, each of which is entitled to different levels and use of data and is subject to a different fee structure: (i) Non-Professionals; (ii) Professionals; and (iii) Vendors.¹³ Under Rule 4553, the most recently published four weeks of ATS Data is accessible to Non-Professionals¹⁴ at no

The MPID Requirement was subsequently amended to permit the use of two MPIDs by a single ATS provided each MPID is used only to report to either the Trade Reporting and Compliance Engine (“TRACE”) or one or more of FINRA’s equity reporting facilities. See Securities Exchange Act Release No. 71911 (April 9, 2014), 79 FR 21316 (April 15, 2014) (Notice of Filing and Immediate Effectiveness of File No. SR-FINRA-2014-017).

⁸ The MPID Requirement was implemented on February 2, 2015. See Securities Exchange Act Release No. 73340 (October 10, 2014), 79 FR 62500 (October 17, 2014) (Notice of Filing and Immediate Effectiveness of File No. SR-FINRA-2014-042).

⁹ See Securities Exchange Act Release No. 72280 (May 29, 2014), 79 FR 32351 (June 4, 2014) (Order Approving File No. SR-FINRA-2014-018) (“ATS Fee Approval Order”).

¹⁰ See Rule 4552(a), (d)(4).

¹¹ See Regulatory Notice 14-07 (February 2014).

¹² See Rule 4552(b).

¹³ Any individual seeking access to the ATS Data on FINRA’s Web site must confirm that he or she is either (i) a Non-Professional or (ii) a Professional (or an affiliate or employee thereof) that has a current Professional or Vendor subscription.

¹⁴ A “Non-Professional” is generally a natural person who uses the ATS Data solely for his or her personal, non-commercial use and is not: (i) Registered or qualified in any capacity with the SEC, the Commodity Futures Trading Commission,

cost on FINRA's Web site, and FINRA provides a basic web display listing all reporting ATSs and aggregate volume and number of trades for each symbol in which a trade was reported by the ATS during the designated time period.¹⁵ Non-Professionals may access, at no cost, the most recent four weeks of ATS Data in a viewable, but not downloadable, format. A Non-Professional must certify that he or she is a "Non-Professional" within the meaning of Rule 4553 and agree to certain terms of use of the ATS Data, including representations that he or she receives and uses the ATS Data solely for his or her personal, non-commercial use, and conditions regarding use of the data and prohibiting redistribution of the data.

Under Rule 4553, Professionals are required to pay an annual, enterprise-wide subscription fee of \$12,000 that is non-transferable and renewable annually to access the ATS Data.¹⁶ A Professional who has paid the subscription fee has access to the same ATS Data available to Non-Professionals. However, a Professional subscription allows a user access to the 27 most current weeks of published reports (Non-Professionals are limited to four weeks) as well as access to historical ATS Data in a downloadable format.¹⁷ The Professional subscription allows an unlimited number of users within the firm to access the ATS

any state securities agency, any securities exchange or association, or any commodities or futures contract market or association, nor an employee of the above; (ii) engaged as an "investment adviser" as that term is defined in Section 202(a)(11) of the Investment Advisers Act (whether or not registered or qualified under that Act), nor an employee of the above; (iii) employed by a bank, insurance company or other organization exempt from registration under federal or state securities laws to perform functions that would require registration or qualification if such functions were performed for an organization not so exempt, nor any other employee of a bank, insurance company or such other organization referenced above; or (iv) engaged in, or has the intention to engage in, any commercial redistribution of all or any portion of the ATS Data or Derived Data. See Rule 4552(e)(3); see also 15 U.S.C. 80b-2(a)(11). Rule 4553(e)(2) defines "Derived Data" as data that is derived from ATS Data and that is not able to be (A) reverse engineered by a reasonably skilled user into ATS Data or (B) used as a surrogate for ATS Data. Generally, non-commercial requests from regulators, academics, and ad hoc requests from media reporters are considered non-professional usage under this definition.

¹⁵ See Rule 4553(d). FINRA also currently produces quarterly reports summarizing the ATS Data that are publicly available for no charge on FINRA's Web site.

¹⁶ See Rule 4553(b). A "Professional" is defined as "any non-natural person or any natural person that does not meet the definition of 'Non-Professional.'" Rule 4553(e)(4).

¹⁷ The downloadable reports provide the same data as the web-based reports but in pipe delimited format.

Data.¹⁸ Thus, regardless of the size of the entity in question, the subscription fee for the entity is \$12,000 for a twelve-month subscription. Professionals are not permitted to redistribute ATS Data or Derived Data outside of the enterprise (e.g., to their customers); however, Professionals are permitted to distribute ATS Data and Derived Data within the enterprise (including the firm, any affiliates of the firm, and employees thereof). Professionals are required to agree to the terms of FINRA's ATS Data Subscriber Agreement, which establishes the terms and conditions of access to the ATS Data.

Rule 4553 also includes a Vendor subscription fee of \$18,000 per year.¹⁹ A Vendor subscription permits a Vendor to redistribute the ATS Data or Derived Data within and outside the enterprise; however, a Vendor may provide this data to a third party only if a yearly, non-transferable, enterprise-wide Professional subscription has been purchased for each such third party. Vendors must track specific users and their entitlements (and annual commitment term) and are subject to regular audits to ensure accurate and timely compliance with re-dissemination reporting and payment. Vendors are responsible for reporting entity usage as a result of their redistribution of the data.

FINRA established the fee rates for access to ATS Data by Professionals and Vendors to recover the costs associated with collecting, formatting, and disseminating the data.²⁰ FINRA noted, when proposing the fee, that it did not have an exact estimate as to how many subscribers will ultimately pay to access ATS Data and stated that FINRA intended to reassess the fairness and reasonableness of the fee once it had experience with the actual usage and ultimate fees paid to access ATS Data.²¹

After approximately one year of receiving and disseminating the ATS Data on FINRA's Web site, FINRA has reviewed the usage of the ATS Data and the costs incurred and is proposing to

¹⁸ If the Professional is a FINRA member, the member has access to the ATS Data so that all of the member's entitled users can access the ATS Data under the member's Central Registration Depository number. Professionals that are not FINRA members are provided with a single log-on that may be shared within the entity and its affiliates and employees, but may not be used outside of the entity, its affiliates, and their employees.

¹⁹ See Rule 4553(c). A "Vendor" is defined as "a Professional who distributes ATS Data or Derived Data to any third party." Rule 4553(e)(6).

²⁰ See ATS Fee Approval Order, *supra* note 9, 79 FR 32351, 32353.

²¹ See Securities Exchange Act Release No. 71919 (April 9, 2014), 79 FR 21324, 21327 (April 15, 2014) (Notice of Filing File No. SR-FINRA-2014-018).

eliminate the fee for all potential users and disseminate the ATS Data on its Web site at no charge. FINRA has found that there are significantly fewer firms and data vendors accessing the ATS Data than anticipated, which limits the opportunities for broader dissemination and analysis of the data FINRA makes available. By making the ATS Data available at no cost, FINRA believes more data vendors and firms will access the ATS Data and provide useful statistics and analysis to the industry and to individual investors and the public. FINRA currently anticipates making publicly available on its Web site 27 weeks of online reports and up to five years of historical reports available in a downloadable format.²²

As FINRA noted when it proposed collecting and disseminating the ATS Data, Rule 4552 was intended in part to increase transparency in the over-the-counter market. Although Rule 4552 has no doubt achieved this goal, particularly by providing individual investors with access to the ATS Data at no cost, FINRA believes that transparency may be even further enhanced by eliminating the fee for Professionals and Vendors so that individual investors and the public can benefit from more detailed and widely-available analysis of the ATS Data. Consequently, FINRA is proposing to eliminate the fee for Professionals and Vendors and make the ATS Data publicly available at no cost.

FINRA has filed the proposed rule change for immediate effectiveness. The implementation date will be July 13, 2015. FINRA staff is currently working on changes to FINRA's Web site to enable all users to access the ATS Data and to remove functionality that currently limits access to the ATS Data to either Non-Professionals or those with paid subscriptions. FINRA anticipates that these changes will be made so that the ATS Data will be publicly available beginning July 13, 2015. Until that time, the ATS Data will continue to be available only to paid subscribers or, in more limited formats, to Non-Professionals consistent with Rule 4553.²³

²² There are no reports for time periods before the implementation of Rule 4552.

²³ Because the subscriptions purchased pursuant to Rule 4553 are on an annual basis, some subscribers' annual subscriptions will lapse before July 13, 2015. Those subscribers that choose to renew their annual subscription for the amount required under Rule 4553 before July 13, 2015, will receive a pro rata refund as of July 13, 2015. Current subscribers that have an annual subscription that expires after July 13, 2015, will also receive a pro rata refund. Thus, for example, if a firm purchased an annual Professional subscription for \$12,000 on August 13, 2014, the firm will receive a \$1,000

2. Statutory Basis

FINRA believes that the proposed rule change is consistent with the provisions of Section 15A(b)(6) of the Act,²⁴ which requires, among other things, that FINRA rules must be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, and, in general, to protect investors and the public interest and Section 15A(b)(5) of the Act,²⁵ which requires, among other things, that FINRA rules provide for the equitable allocation of reasonable dues, fees and other charges among members and issuers and other persons using any facility or system that FINRA operates or controls.

FINRA believes that, by eliminating the fees imposed by Rule 4553 and making the ATS Data available to the public at no cost, more data vendors and firms will use the ATS Data to provide useful statistics and analysis to the industry, individual investors, and the public. This, in turn, will further improve transparency in the over-the-counter market by making the ATS Data, and analysis of the data, more widely available not only for Professionals and Vendors, but also for individual investors who can benefit from more detailed analysis of the ATS Data.

B. Self-Regulatory Organization's Statement on Burden on Competition

FINRA does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. FINRA believes that eliminating the fee may, in fact, remove potential burdens by widening access to the ATS Data, particularly for smaller firms that may not have been able to pay the existing Professional or Vendor fees.

Economic Impact Analysis

As described above, FINRA is proposing to remove Rule 4553 to eliminate the fee for all potential users of ATS Data and disseminate the ATS Data on its Web site at no charge. Currently, FINRA makes this data available on its Web site and charges according to the three tiers described above. In the presence of this proposed rule change, the ATS Data will continue to be made available, and FINRA will seek no fees for its usage. FINRA anticipates that the demand for the ATS Data will increase in the absence of professional and vendor fees.

refund for the period between July 13, 2015, and August 13, 2015.

²⁴ 15 U.S.C. 78o-3(b)(6).

²⁵ 15 U.S.C. 78o-3(b)(5).

FINRA believes that eliminating the fee for Professionals and Vendors to access ATS Data will extend the impact of transparency in the over-the-counter market and will not result in any burden on FINRA members or the public. Yet, investors may benefit from an externality if the wider availability of the ATS Data leads to an increased production of relevant analysis by professionals.²⁶ Also, FINRA believes—based on member firms' and vendors' feedback—that there is a wide range of market participants that will start using the ATS Data and benefit from it when it is made available free of charge.

FINRA would incur no additional costs as a result of the proposed rule change, as FINRA already aggregates and publishes the ATS Data on a weekly basis; however, FINRA will forego the revenue that partially covers the cost of maintaining the ATS Data, although both the cost and revenue have been non-material since the data dissemination started in June 2014. FINRA's experience in the past year suggests that the marginal costs to provide this information to the public is de minimis, with no material impact to its budget or members.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Although written comments were not solicited regarding the elimination of Rule 4553, FINRA has received one comment letter since the adoption of Rule 4553 that addresses the current fee structure for access to ATS Data.²⁷ The Securities Industry and Financial Markets Association ("SIFMA") submitted a written comment letter in response to *Regulatory Notice 14-48*²⁸

²⁶ For example, one study showed that brokers' order routing behavior, in search for best execution for their clients, changed after the increased transparency due to Rule 11Ac1-5, which requires market centers to publish standardized execution quality metrics. See Ekkehart Boehmer, Robert Jennings & Li Wei, *Public Disclosure and Private Decisions: Equity Market Execution Quality and Order Routing*, 20 (2) Rev. Fin. Stud. 315 (March 2007).

²⁷ FINRA notes that, although written comments were not solicited regarding the current proposed rule change to eliminate Rule 4553, comments addressing the adoption of a fee for access to ATS Data were received in response to the rule filings proposing Rules 4552 and 4553, and these commenters generally opposed the fee. See *ATS Fee Approval Order*, *supra* note 9, 79 FR 32351, 32352; see also Securities Exchange Act Release No. 71341 (January 17, 2014), 79 FR 4213 (January 24, 2014) (Order Approving File No. SR-FINRA-2013-042).

²⁸ In *Regulatory Notice 14-48*, FINRA requested comment on a proposal to expand the ATS transparency initiative to publish the remaining equity volume executed over the counter, including trading on non-ATS electronic trading systems and

that, among other things, noted that SIFMA "continues to oppose FINRA charging a fee to access the [ATS] data and the fact that only a limited scope of information is available for free on the FINRA Web site."²⁹ A copy of *Regulatory Notice 14-48* is attached as Exhibit 2a.³⁰ A copy of SIFMA's comment letter received in response to the *Regulatory Notice* is attached as Exhibit 2b.³¹ FINRA believes the elimination of Rule 4553 would address the concern raised by SIFMA in its comment letter.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A) of the Act³² and paragraph (f)(2) of Rule 19b-4 thereunder.³³ At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-75367; File No. SR-C2-2015-017]

Self-Regulatory Organizations; C2 Options Exchange, Incorporated; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Correct an Inaccurate Rule Reference

July 6, 2015.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the

“Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on June 24, 2015, C2 Options Exchange, Incorporated (the “Exchange” or “C2”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to correct an inaccurate rule reference in its Fees Schedule. The text of the proposed rule change is available on the Exchange's Web site (<http://www.c2exchange.com/Legal/>), at the Exchange's Office of the Secretary, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to make an administrative change to correct an incorrect rule reference in its Fees Schedule. Specifically, the Exchange notes it recently streamlined part of its Fees Schedule by consolidating certain sections in order to make the Fees Schedule easier to read.³ In doing so, the Exchange had to renumber Section 1C to current Section 1B. The Exchange notes however, that it inadvertently did not make a corresponding change to the text in current Section 1B. Specifically, Section 1B still references Section 1C in two places. The Exchange seeks to fix this error and insert the correct

reference (*i.e.*, “Section 1B”). No substantive changes are being made by the proposed rule change.

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the Securities Exchange Act of 1934 (the “Act”) and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of Section 6(b) of the Act.⁴ Specifically, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)⁵ requirements that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest.

The Exchange believes correcting an inaccurate rule reference will help to avoid confusion, thereby removing impediments to and perfecting the mechanism of a free and open market and a national market system. Additionally, the Exchange notes that no substantive changes are being made by the proposed rule change.

B. Self-Regulatory Organization's Statement on Burden on Competition

C2 does not believe that the proposed rule change will impose any burden on intramarket or intermarket competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed change to correct an inaccurate rule reference and alleviate confusion is not intended for competitive reasons and only applies to C2. The Exchange also notes that no rights or obligations of Permit Holders are affected by the change.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)
