Abstract: The Montreal Protocol on Substances that Deplete the Ozone Layer (Protocol) and Title VI of the Clean Air Act Amendments of 1990 (CAA) established limits on total U.S. production, import, and export of Class I and Class II controlled ozone depleting substances (ODSs). Under its Protocol commitments, the United States has been obligated to cease production and import of Class I controlled substances with exemptions for essential uses, critical uses, previously used material, and material that will be transformed, destroyed, or exported to developing countries. The Protocol also establishes limits and reduction schedules leading...
