Description of Information Collection

Title: Measurement Service (MS) Records.

OMB Control Number: 0560-0260.

Expiration Date: 12/31/2015.

Type of Request: Extension.

Abstract: When a producer requests a measurement of acreage or production from FSA, the producer uses the form FSA-409 (Measurement Service (MS) Record) to make the request, which requires a measurement fee to be paid to FSA.

The form is manual. The types of MS being performed are currently at the Land (Office or Field) and Commodity Bin. Using the FSA-409 to make a request, the producer provides FSA: the farm serial number, program year, farm location, contact person, and type of service request (acreage or production). The MS procedure is done in accordance with 7 CFR part 718. FSA is using the collected information to fulfill producers' measurement request and to ensure that measurements are accurate.

A producer will use the FSA-409 to request and receive certain MS information from FSA and provide it to FSA at the time of applying for certain program benefits. The MS information includes, but is not limited to, measuring land and crop areas, quantities of farm-stored commodities, and appraising the yields of crops in the field.

The formula used to calculate the total burden hours is "the estimated average time per response (including travel time)" times "the total estimated annual response."

Estimate of Annual Burden: Public reporting burden for the collection of information is estimated to average 15 minutes per response. The travel time, which is included in the total annual burden, is estimated to be 1 hour per respondent.

Respondents: Producers.

Estimated Number of Respondents: 135,000.

Estimated Number of Responses per Respondent: 1.

Estimated Total Annual of Responses: 135,000.

Estimated Average Time per Response: 1.25 hours.

Estimated Total Annual Burden Hours: 168,750 hours.

We are requesting comments on all aspects of this information collection to help us:

(1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency's estimate of the burden of the collection of information including the validity of the methodology and assumptions used;

(3) Evaluate the quality, utility, and clarity of the information technology; and

(4) Minimize the burden of the information collection on those who respond through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

All comments received in response to this notice, including names and addresses where provided, will be made a matter of public record. Comments will be summarized and included in the request for OMB approval of the information collection.

Food and Nutrition Service

National School Lunch, Special Milk, and School Breakfast Programs, National Average Payments/Maximum Reimbursement Rates

AGENCY: Food and Nutrition Service, USDA.

ACTION: Notice.

SUMMARY: This Notice announces the annual adjustments to the "national average payments," the amount of money the Federal Government provides States for lunches, afterschool snacks and breakfasts served to children participating in the National School Lunch and School Breakfast Programs; to the "maximum reimbursement rates," the maximum per lunch rate from Federal funds that a State can provide a school food authority for lunches served to children participating in the National School Lunch Program; and to the rate of reimbursement for a half-pint of milk served to non-needy children in a school or institution which participates in the Special Milk Program for Children. The payments and rates are prescribed on an annual basis each July. The annual payments and rates adjustments for the National School Lunch and School Breakfast Programs reflect changes in the Food Away From Home series of the Consumer Price Index for All Urban Consumers. The annual rate adjustment for the Special Milk Program reflects changes in the

Producer Price Index for Fluid Milk Products.

DATES: These rates are effective from July 1, 2015 through June 30, 2016.

FOR FURTHER INFORMATION CONTACT: Steve Hortin, Branch Chief, Program Monitoring and Operational Support Division, Child Nutrition Programs, Food and Nutrition Service, USDA, 3101 Park Center Drive, Room 640, Alexandria, VA 22302; or phone (703) 305-4375.

SUPPLEMENTARY INFORMATION:

Background

Special Milk Program for Children—Pursuant to section 3 of the Child Nutrition Act of 1966, as amended (42 U.S.C. 1772), the Department announces the rate of reimbursement for a half-pint of milk served to non-needy children in a school or institution that participates in the Special Milk Program for Children. This rate is adjusted annually to reflect changes in the Producer Price Index for Fluid Milk Products, published by the Bureau of Labor Statistics of the Department of Labor.

For the period July 1, 2015 through June 30, 2016, the rate of reimbursement for a half-pint of milk served to a non-needy child in a school or institution which participates in the Special Milk Program is 20.00 cents. This reflects a decrease of 3 cents from the School Year (SY) 2014–15 level, based on the 12.89 percent decrease in the Producer Price Index for Fluid Milk Products from May 2014 to May 2015 (from a level of 251.4 in May, as previously published in the **Federal Register** to 219.0 in May 2015).

As a reminder, schools or institutions with pricing programs that elect to serve milk free to eligible children continue to receive the average cost of a half-pint of milk (the total cost of all milk purchased during the claim period divided by the total number of purchased half-pints) for each half-pint served to an eligible child.

National School Lunch and School Breakfast Programs—Pursuant to sections 11 and 17A of the Richard B. Russell National School Lunch Act, (42 U.S.C. 1759a and 1766a), and section 4 of the Child Nutrition Act of 1966 (42 U.S.C. 1773), the Department annually announces the adjustments to the National Average Payment Factors and to the maximum Federal reimbursement rates for lunches and afterschool snacks served to children participating in the National School Lunch Program and breakfasts served to children participating in the School Breakfast Program. Adjustments are prescribed each July 1, based on changes in the Food Away From Home series of the

Consumer Price Index for All Urban Consumers, published by the Bureau of Labor Statistics of the Department of Labor. The changes in the national average payment rates for schools and residential child care institutions for the period July 1, 2015 through June 30, 2016 reflect a 2.97 percent increase in the Consumer Price Index for All Urban Consumers during the 12-month period May 2014 to May 2015 (from a level of 247.952 in May 2014, as previously published in the **Federal Register** to 255.322 in May 2015). Adjustments to the national average payment rates for all lunches served under the National School Lunch Program, breakfasts served under the School Breakfast Program, and afterschool snacks served under the National School Lunch Program are rounded down to the nearest whole cent.

Lunch Payment Levels—Section 4 of the Richard B. Russell National School Lunch Act (42 U.S.C. 1753) provides general cash for food assistance payments to States to assist schools in purchasing food. The Richard B. Russell National School Lunch Act provides two different section 4 payment levels for lunches served under the National School Lunch Program. The lower payment level applies to lunches served by school food authorities in which less than 60 percent of the lunches served in the school lunch program during the second preceding school year were served free or at a reduced price. The higher payment level applies to lunches served by school food authorities in which 60 percent or more of the lunches served during the second preceding school year were served free or at a reduced price.

To supplement these section 4 payments, section 11 of the Richard B. Russell National School Lunch Act (42 U.S.C. 1759 (a)) provides special cash assistance payments to aid schools in providing free and reduced price lunches. The section 11 National Average Payment Factor for each reduced price lunch served is set at 40 cents less than the factor for each free lunch.

As authorized under sections 8 and 11 of the Richard B. Russell National School Lunch Act (42 U.S.C. 1757 and 1759a), maximum reimbursement rates for each type of lunch are prescribed by the Department in this Notice. These maximum rates are to ensure equitable disbursement of Federal funds to school food authorities.

Section 201 of the Healthy, Hunger-Free Kids Act of 2010—Section 201 of the Healthy, Hunger-Free Kids Act of 2010 made significant changes to the Richard B. Russell National School

Lunch Act. On January 3, 2014, the final rule entitled, “Certification of Compliance With Meal Requirements for the National School Lunch Program Under the Healthy, Hunger-Free Kids Act of 2010” (79 FR 325), was published and provides eligible school food authorities with performance-based cash reimbursement in addition to the general and special cash assistance described above. The final rule requires that school food authorities be certified by the State agency as being in compliance with the updated meal pattern and nutrition standard requirements set forth in amendments to 7 CFR parts 210 and 220 on January 26, 2012, in the final rule entitled “Nutrition Standards in the National School Lunch and School Breakfast Programs” (77 FR 4088). Certified school food authorities are eligible to receive performance-based cash assistance for each reimbursable lunch served (an additional six cents per lunch available beginning October 1, 2012, and adjusted annually thereafter).

Afterschool Snack Payments in Afterschool Care Programs—Section 17A of the Richard B. Russell National School Lunch Act (42 U.S.C. 1766a) establishes National Average Payments for free, reduced price and paid afterschool snacks as part of the National School Lunch Program.

Breakfast Payment Factors—Section 4 of the Child Nutrition Act of 1966 (42 U.S.C. 1773) establishes National Average Payment Factors for free, reduced price and paid breakfasts served under the School Breakfast Program and additional payments for free and reduced price breakfasts served in schools determined to be in “severe need” because they serve a high percentage of needy children.
