[A–580–809]

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (the Department) is amending the final results of the administrative review of the antidumping duty order on circular welded non-alloy steel pipe (CWP) from the Republic of Korea (Korea) to correct a ministerial error.1 The period of review is November 1, 2012, through October 31, 2013.

DATES: Effective date: July 17, 2015.

Assessment Rates

Pursuant to section 751(a)(2)(A) and (C) of the Act, and 19 CFR 351.212(b)(1), the Department has determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review. The Department intends to issue assessment instructions to CBP 15 days after the date of publication of these amended final results of review.

For assessment purposes, HYSCO reported the name of the importer of record and the entered value for all of their sales to the United States during the period of review (POR). Accordingly, we calculated importer-specific ad valorem antidumping duty assessment rates on the basis of the ratio of the total amount of dumping calculated for the importer’s examined sales and the total entered value of those same sales in accordance with 19 CFR 351.212(b)(1). Where an importer-specific assessment rate is zero or de minimis (i.e., less than 0.5 percent), we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties in accordance with 19 CFR 351.106(c)(2).

For entries of subject merchandise during the POR produced by HYSCO for which it did not know were destined for the United States, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company or companies involved in the transaction. For a full discussion of this clarification, see Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties, 68 FR 23954 (May 6, 2003).
