

NUCLEAR REGULATORY COMMISSION

[Docket Nos. 50–18 and 50–183; NRC–2015–0169]

GE Hitachi Nuclear Energy; Vallecitos Nuclear Center

AGENCY: Nuclear Regulatory Commission.

ACTION: Partial site release; public meeting and request for comment.

SUMMARY: The U.S. Nuclear Regulatory Commission (NRC) is considering a request from GE Hitachi Nuclear Energy to approve the release from their NRC power reactor licenses of a portion of their Vallecitos Nuclear Center property for unrestricted use. The NRC will approve or deny the request based on its review of the request and the result of an NRC confirmatory survey of the property proposed for release. Approval of the request would allow GE to sell the released portion of the property to a non-GE controlled entity. The NRC is requesting public comment on the contemplated action and invites stakeholders and interested persons to participate. The NRC plans to hold a public meeting to promote full understanding of the contemplated action and facilitate public comment.

DATES: Submit comments by October 5, 2015. Comments received after this date will be considered if it is practical to do so, but the Commission is able to ensure consideration only for comments received before this date. A public meeting will be held on July 22, 2015.

I. Background

The U.S. Nuclear Regulatory Commission (NRC) has received, by letter dated April 24, 2015 (ADAMS Accession No. ML15114A437), a request from GE Hitachi Nuclear Energy (GE or licensee), to approve a partial site release of its Vallecitos Nuclear Center (VNC) site located at 6705 Vallecitos Rd, Sunol, California. The VNC site contains two facilities licensed as power reactors under part 50, “Domestic Licensing of Production and Utilization Facilities,” of Title 10 of the *Code of Federal Regulations* (10 CFR). Both units, Vallecitos Boiling Water Reactor (VBWR), NRC License DPR–1, Docket 50–18, and Empire State Atomic Development Agency Vallecitos Experimental Superheat Reactor (EVESR), NRC License DR–10, Docket 50–183, are shut down per NRC regulations in 10 CFR 50.82(a). These units are in “SAFSTOR” mode awaiting

the termination of the power reactor licenses. In accordance with 10 CFR 50.83, “Release of Part of a Power Reactor Facility or Site for Unrestricted Use,” the licensee requests release from the NRC licenses, for unrestricted use, of an approximately 610-acre parcel, in the northern section of the approximately 1,600 acre VNC site. The licensee is declaring the parcel as “non-impacted” per the definition in 10 CFR 50.2. Approval of the request will allow GE to sell the released portion to a non-GE controlled entity.

The NRC will determine whether the licensee has adequately evaluated the effect of releasing the property per the requirements of 10 CFR 50.83(a)(1), and determine whether the licensee’s classification of any released areas as “non-impacted” is adequately justified. If the NRC determines that the licensee’s submittal is adequate, the NRC will inform the licensee in writing that the release is approved.

II. Public Meeting

The NRC will conduct a public meeting to discuss GE’s request for approval of the partial site release.

The meeting will be held on Wednesday, July 22, 2015, from 6:30 p.m. until 8:30 p.m., Pacific Daylight Time, at the Holiday Inn Dublin, 6680 Regional St., Dublin, CA 94568.

This is a Category 3 public meeting where stakeholders are invited to fully engage NRC staff to provide a range of views, information, concerns and suggestions with regard to regulatory issues concerning the proposed action. After the licensee and NRC staff presentation portions of the meeting, the public is allowed to speak and ask questions. Comments can be provided orally or in writing to the NRC staff present at the meeting.

The NRC provides reasonable accommodation to individuals with disabilities where appropriate. If you need a reasonable accommodation to participate in these public meetings, or need this meeting notice or the transcript or other information from the public meetings in another format (e.g., braille, large print), please notify Kimberly Meyer, NRC Disability Program Manager, at 301–287–0739, by videophone at 240–428–3217, or by email at Kimberly.Meyer-Chambers@nrc.gov. Determinations on requests for reasonable accommodation will be made on a case-by-case basis.

Stakeholders should monitor the NRC’s public meeting Web site for information about the public meeting at <http://www.nrc.gov/public-involve/public-meetings/index.cfm>. The agenda

will be posted no later than 10 days prior to the meeting.

Dated at Rockville, Maryland, this 10th day of July, 2015.

For the Nuclear Regulatory Commission.

Deputy Director, Division of Decommissioning, Uranium Recovery, and Waste Programs, Office of Nuclear Material Safety and Safeguards.

I. Introduction

In accordance with 39 U.S.C. 3642 and 39 CFR 3020.30 *et seq.*, the United States Postal Service (Postal Service) filed a formal request and associated supporting information to add Competitive International Merchandise Return Service Agreements with Foreign Postal Operators (IMRS-FPO) to the competitive products list.¹ If the

¹ Request of the United States Postal Service to Add Competitive International Merchandise Return Service Agreements with Foreign Postal Operator

proposed product is approved by the Commission, the Postal Service intends to file each new IMRS-FPO agreement in this docket on or before its effective date, pursuant to 39 U.S.C. 407(d). Request at 5 n.8.

To support its Request, the Postal Service filed an application for non-public treatment of materials filed under seal; a redacted copy of Governors' Decision No. 11-6, which authorizes the product; a set of maximum and minimum prices; a statement of supporting justification, as required by 39 CFR 3020.32; a copy of proposed mail classification schedule language; a copy of the IMRS-FPO model agreement; a certification of compliance with 39 U.S.C. 3633(a); a redacted copy of a related management analysis; and supporting financial workpapers.

In the attached statement of supporting justification, the Postal Service asserts the IMRS-FPO would close a gap in currently available postal product offerings and that the proposed product would generate new revenue and encourage growth in cross-border e-commerce via the postal channel. *Id.*, Attachment 3 at 4. The Postal Service further contends that IMRS-FPO belongs on the competitive products list because it will not be subsidized by market dominant products, covers costs attributable to it, does not cause competitive products as a whole to fail to make the appropriate contribution to institutional costs, is part of a market over which the Postal Service does not exercise market dominance, and is not covered by the postal monopoly. Request at 2-4.

II. Notice of Commission Action

The Commission establishes Docket Nos. MC2015-68 and CP2015-99 to consider the Request pertaining to the addition of IMRS-FPO to the competitive products list.

The Commission invites comments on whether the Postal Service's filings in the captioned dockets are consistent with the policies of 39 U.S.C. 3632, 3633, or 3642, 39 CFR part 3015, and 39 CFR part 3020, subpart B. Comments are due no later than July 21, 2015. The public portions of these filings can be accessed via the Commission's Web site (<http://www.prc.gov>).

The Commission appoints James F. Callow to serve as an officer of the Commission to represent the interests of the general public in these proceedings (Public Representative).

(IMRS-FPO) Product to the Competitive Products List and Notice of Filing IMRS-FPO Model Agreement and Application for Non-Public Treatment of Materials Filed Under Seal, July 10, 2015 (Request).

III. Ordering Paragraphs

It is ordered:

1. The Commission establishes Docket Nos. MC2015-68 and CP2015-99 to consider the matters raised in each docket.

2. Pursuant to 39 U.S.C. 505, James F. Callow is appointed to serve as Public Representative in these dockets.

3. Comments are due no later than July 21, 2015.

By the Commission.

Acting Secretary.
