

liquidating distributions are made in accordance with the partners' positive capital account balances. The partnership agreement also requires ABC to maintain capital accounts pursuant to § 1.704-1(b)(2)(iv) and to revalue partner capital accounts under § 1.704-1(b)(2)(iv)(f) immediately prior to the issuance of the partnership interest to M. M undertakes a clawback obligation, and it is reasonable to anticipate that M could and would comply fully with any repayment responsibilities that arise pursuant to this obligation.

(iii) Under paragraph (c) of this section, whether the arrangements relating to A's 20 percent interest in future partnership net income and gains and M's Additional Interest are treated as payment for services depends on the facts and circumstances. The most important factor in this facts and circumstances determination is the presence or absence of significant entrepreneurial risk. The allocations to A and M do not presumptively lack significant entrepreneurial risk under paragraph (c)(1) of this section because the allocations are based on net profits, the allocations are subject to a clawback obligation over the life of the fund and it is reasonable to anticipate that A and M could and would comply with this obligation, and the allocations are neither reasonably determinable nor highly likely to be available. Additionally, the facts and circumstances do not establish the presence of other factors that would suggest that the arrangement is properly characterized as a payment for services. Accordingly, the arrangements do not constitute payment for services under paragraph (b)(1) of this section.

■ **Par. 5.** Section 1.707-9 is amended by:

- a. Redesignating paragraph (b) as paragraph (c);
 - b. Redesignating paragraph (a) as paragraph (b); and
 - c. Adding new paragraph (a).
- The addition reads as follows:

§ 1.707-9. Effective dates and transitional rules.

(a) *Section 1.707-2—(1) In general.* Section 1.707-2 applies to all arrangements entered into or modified after the date of publication of the Treasury decision adopting that section as final regulations in the **Federal Register**. To the extent that an arrangement permits a service provider to waive all or a portion of its fee for any period subsequent to the date the arrangement is created, then the arrangement is modified for purposes of this paragraph on the date or dates that the fee is waived.

(2) *Arrangements entered into or modified before final regulations are published in the **Federal Register**.* In the case of any arrangement entered into or modified that occurs on or before final regulations are published in the **Federal Register**, the determination of whether the arrangement is a disguised

fee for services under section 707(a)(2)(A) is to be made on the basis of the statute and the guidance provided regarding that provision in the legislative history of section 73 of the Tax Reform Act of 1984 (Pub. L. 98-369, 98 Stat. 494). See H.R. Rep. No. 861, 98th Cong., 2d Sess. 859-2 (1984); S. Prt. No. 169 (Vol. I), 98th Cong., 2d Sess. 223-32 (1984); H.R. Rep. No. 432 (Pt. 2), 98th Cong., 2d Sess. 1216-21 (1984).

 ■ **Par. 6.** Section 1.736-1 is amended by adding a sentence at the end of paragraph (a)(1)(i) to read as follows:

§ 1.736-1. Payments to a retiring partner or a deceased partner's successor in interest.

(a) * * *
 (1)(i) * * * Section 736 does not apply to arrangements treated as disguised payments for services under § 1.707-2.

SUPPLEMENTARY INFORMATION:

Throughout this document whenever “we,” “us,” or “our” is used, we mean the EPA.

On April 8, 2015, we published in the **Federal Register** a proposal to establish a FIP for the State of Arkansas addressing regional haze and visibility transport (80 FR 18944). Comments on the proposed rule were required to be received by May 16, 2015. On May 1, 2015 (80 FR 24872), we published in the **Federal Register** a document that announced the availability in the docket of supplemental modeling performed by us and extended the comment period until July 15, 2015, to allow interested persons additional time to prepare and submit comments.

On July 6, 2015, we received a request from the Domtar Ashdown Mill to extend the comment period for an additional 45 days for the purpose of allowing it to complete modeling work and submit to us information it believes to be essential and related to a significant aspect of the proposed FIP requirements for the Domtar Ashdown Mill. On July 13, 2015, we received a renewed and revised request from the Domtar Ashdown Mill to extend the comment period until August 4, 2015. Given that the comment period closed on July 15, 2015, we are unable to extend the comment period, but will reopen the comment period for 15 days from the date of today’s publication. We will also consider any comments submitted to us in the interim period following the close of the public comment period on July 15, 2015, and prior to today’s publication. This reopening will allow the Domtar Ashdown Mill and other interested persons additional time to submit comments to us.
