BILLING CODE 6560-50-P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[EPA-R06-OAR-2015-0172; FRL-9931-09-Region 6]

Approval and Promulgation of Implementation Plans; New Mexico; Electronic Reporting Consistent With the Cross Media Electronic Reporting Rule

AGENCY: Environmental Protection Agency (EPA).

ACTION: Direct final rule.

SUMMARY: The Environmental Protection Agency (EPA) is approving a State Implementation Plan (SIP) revision submitted by the State of New Mexico. The revision pertains primarily to electronic reporting and would require electronic reporting of documents submitted for compliance with Clean Air Act (CAA) requirements. The revision also includes other changes which are non-substantive and primarily address updates to New

Mexico Environment Department’s (NMED) document viewing locations.

DATES: This rule is effective on September 22, 2015 without further notice, unless EPA receives relevant adverse comment by August 24, 2015. If EPA receives such comment, EPA will publish a timely withdrawal in the **Federal Register** informing the public that this rule will not take effect.

ADDRESSES: Submit your comments, identified by Docket No. EPA-R06-OAR-2015-0172, by one of the following methods:

- *www.regulations.gov*: Follow the on-line instructions.
- *Email*: fuerst.sherry@epa.gov.
- *Mail or delivery*: Mr. Guy Donaldson, Chief, Air Planning Section (6PD-L), Environmental Protection Agency, 1445 Ross Avenue, Suite 1200, Dallas, Texas 75202-2733.

Instructions: Direct your comments to Docket ID No. EPA-R06-OAR-2015-0172. EPA’s policy is that all comments received will be included in the public docket without change and may be made available online at *http://www.regulations.gov*, including any personal information provided, unless the comment includes information claimed to be Confidential Business

Information (CBI) or other information the disclosure of which is restricted by statute. Do not submit information through *http://www.regulations.gov* or email, if you believe that it is CBI or otherwise protected from disclosure. The *http://www.regulations.gov* Web site is an “anonymous access” system, which means that EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an email comment directly to EPA without going through *http://www.regulations.gov*, your email address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment along with any disk or CD-ROM submitted. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters and any form of encryption and should be free of any defects or viruses. For additional information

about EPA's public docket, visit the EPA Docket Center homepage at <http://www.epa.gov/epahome/dockets.htm>.

Docket: The index to the docket for this action is available electronically at www.regulations.gov and in hard copy at EPA Region 6, 1445 Ross Avenue, Suite 700, Dallas, Texas. While all documents in the docket are listed in the index, some information may be publicly available only at the hard copy location (e.g., copyrighted material), and some may not be publicly available at either location (e.g., CBI).

FOR FURTHER INFORMATION CONTACT: Ms. Sherry Fuerst, 214-665-6454, fuerst.sherry@epa.gov. To inspect the hard copy materials, please schedule an appointment with Ms. Fuerst or Mr. Bill Deese at 214-665-7253.

SUPPLEMENTARY INFORMATION: Throughout this document wherever "we," "us," or "our" is used, we mean the EPA.

I. Background

On February 2, 2015, the Secretary of the NMED submitted rules for inclusion into the SIP which amended regulations to include authorizing and requiring the electronic submittal of data, reports and permit applications in lieu of paper submittals. The revision to the SIP would incorporate amendments to rule 20.2.1 of the New Mexico Administrative Code (NMAC)—*General Provisions*. The amendments provide that, after proper notification is given, submittals to NMED required under 20 NMAC Chapter 2 (Air Quality) must be electronic, unless a waiver is granted (20.2.1.117NMAC). Additionally, the revision amends 20 NMAC Chapter 2, Part 1 to make non-substantive changes which primarily address updates to NMED document viewing locations.

II. EPA's Evaluation

Our regulations assert that States that wish to receive electronic documents must revise the SIP to satisfy the requirements of 40 CFR part 3 (Electronic reporting) (40 CFR 51.286). EPA has evaluated the State's submittal allowing electronic reporting and has determined that it meets the applicable requirements of the EPA air quality regulations because it is consistent with EPA's requirements for electronic reporting.

Section 110(l) of the Federal CAA states that each revision to an implementation plan submitted by a State under this chapter shall be adopted by such State after reasonable notice and public hearing. Additionally, we may not approve a revision of a plan if the revision would interfere with any

applicable requirement concerning attainment and reasonable further progress, or any other applicable requirement of the CAA. In its submittal, NMED provided documentation that reasonable notice and a public hearing were provided. As the revision allows for the electronic reporting of information and does not alter the substance of the state monitoring submittals, it will not interfere with any applicable requirement of the CAA.

III. Final Action

We are approving revisions to the New Mexico SIP that pertain to electronic reporting, 20.2.1.117 A and B, as proposed in the SIP revision proposal package submitted by the Secretary of NMED on February 2, 2015.

We are also approving the amendments that were proposed to correct typographical errors and to standardize formatting of rule language.

EPA is publishing this rule without prior proposal because we view this as a non-controversial amendment and anticipate no adverse comments. However, in the proposed rules section of this **Federal Register** publication, we are publishing a separate document that will serve as the proposal to approve the SIP revision if relevant adverse comments are received. This rule will be effective on September 22, 2015 without further notice unless we receive relevant adverse comment by August 24, 2015. If we receive relevant adverse comments, we will publish a timely withdrawal in the **Federal Register** informing the public that the rule will not take effect. We will address all public comments in a subsequent final rule based on the proposed rule. We will not institute a second comment period on this action. Any parties interested in commenting must do so now. Please note that if we receive relevant adverse comment on an amendment, paragraph, or section of this rule and if that provision may be severed from the remainder of the rule, we may adopt as final those provisions of the rule that are not the subject of an adverse comment.

IV. Incorporation by Reference

In this rule, we are finalizing regulatory text that includes incorporation by reference. In accordance with the requirements of 1 CFR 51.5, we are finalizing the incorporation by reference of the revisions to the New Mexico regulations as described in the Final Action section above. We have made, and will continue to make, these documents generally available electronically through

www.regulations.gov and/or in hard copy at the EPA Region 6 office.

V. Statutory and Executive Order Reviews

Under the CAA, the Administrator is required to approve a SIP submission that complies with the provisions of the Act and applicable Federal regulations. 42 U.S.C. 7410(k); 40 CFR 52.02(a). Thus, in reviewing SIP submissions, EPA's role is to approve state choices, provided that they meet the criteria of the CAA. Accordingly, this action merely approves state law as meeting Federal requirements and does not impose additional requirements beyond those imposed by state law. For that reason, this action:

- Is not a "significant regulatory action" subject to review by the Office of Management and Budget under Executive Orders 12866 (58 FR 51735, October 4, 1993) and 13563 (76 FR 3821, January 21, 2011);
- Does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);
- Is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);
- Does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104-4);
- Does not have Federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);
- Is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);
- Is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001);
- Is not subject to requirements of section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272) because application of those requirements would be inconsistent with the CAA; and
- Does not provide EPA with the discretionary authority to address, as appropriate, disproportionate human health or environmental effects, using practicable and legally permissible methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).

In addition, the SIP is not approved to apply on any Indian reservation land or in any other area where EPA or an Indian tribe has demonstrated that a tribe has jurisdiction. In those areas of Indian country, the rule does not have

tribal implications and will not impose substantial direct costs on tribal governments or preempt tribal law as specified by Executive Order 13175 (65 FR 67249, November 9, 2000).

The Congressional Review Act, 5 U.S.C. 801 et seq., as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the Federal Register. A major rule cannot take effect until 60 days after it is published in the Federal Register. This action is not a "major rule" as defined by 5 U.S.C. 804(2).

Under section 307(b)(1) of the CAA, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by September 22, 2015. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this rule for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. This action may not be challenged later in proceedings to enforce its requirements. (See section 307(b)(2).)

List of Subjects in 40 CFR Part 52

Environmental protection, Air pollution control, Incorporation by reference, Reporting and recordkeeping requirements.

Dated: July 10, 2015.

Ron Curry, Regional Administrator, Region 6.

40 CFR part 52 is amended as follows:

PART 52—APPROVAL AND PROMULGATION OF IMPLEMENTATION PLANS

1. The authority citation for part 52 continues to read as follows:

Authority: 42 U.S.C. 7401 et seq.

Subpart GG—New Mexico

2. In § 52.1620(c), the table titled "EPA Approved New Mexico Regulations" is amended by revising the entry for "Part 1" under "New Mexico Administrative Code (NMAC) Title 20—Environment Protection, Chapter 2—Air Quality" to read as follows:

§ 52.1620 Identification of plan.

LEGAL SERVICES CORPORATION

45 CFR Part 1628

Recipient Fund Balances

AGENCY: Legal Services Corporation.

ACTION: Final rule.

SUMMARY: This final rule revises the Legal Services Corporation (LSC or Corporation) regulation on recipient fund balances to give the Corporation more discretion to grant a recipient's request for a waiver to retain a fund balance in excess of 25% of its annual LSC support. This final rule also provides that recipients facing a fund balance in excess of 25% of their annual LSC support may submit a waiver request prior to submitting their annual audited financial statements.

DATES: This final rule is effective August 24, 2015.

FOR FURTHER INFORMATION CONTACT: Stefanie K. Davis, Assistant General Counsel, Legal Services Corporation, 3333 K Street NW., Washington, DC 20007; (202) 295-1563 (phone), (202) 337-6519 (fax), or sdavis@lsc.gov.

SUPPLEMENTARY INFORMATION:

I. Regulatory Background

LSC issued its first instruction on recipient fund balances in 1983 to implement what is now the Corporation's longstanding objective of ensuring the timely expenditure of LSC funds for the effective and economical provision of high quality legal assistance to eligible clients. 48 FR 560, 561, Jan. 5, 1983. Later that year, LSC published a redrafted version titled Instruction 83-4, Recipient Fund Balances ("Instruction"). 48 FR 49710, 49711, Oct. 27, 1983. The Instruction limited recipients' ability to carry over LSC funds that remained unused at the end of the fiscal year. Id. Specifically,

the Instruction provided that in the absence of a waiver granted by the Corporation, a recipient must repay to LSC any funds retained at the end of the fiscal year in excess of 10% of its total annual LSC support. Id. The Instruction also prohibited a recipient from ever retaining a fund balance in excess of 25% of its annual support, thereby limiting the Corporation's waiver granting authority to fund balance amounts of 25% or less of a recipient's annual LSC support. Id.

In 1984, LSC substantially adopted the Instruction in a regulation published at 45 CFR part 1628. 49 FR 21331, May 21, 1984. Part 1628 remained unchanged until 2000, when LSC promulgated revisions in response to public comments and staff advice that the rule was "more strict" than the fund balance requirements of most federal agencies. 65 FR 66637, 66638, Nov. 7, 2000. The revised rule provided the Corporation with more discretion to grant a recipient's request for a waiver to retain a fund balance of up to 25% of its annual LSC support. Id. at 66637.
