### Unfunded Mandates

The Unfunded Mandates Reform Act of 1995 requires, at 2 U.S.C. 1532, that agencies prepare an assessment of anticipated costs and benefits before issuing any rule that may result in the expenditure by State, local, and tribal governments, in the aggregate, or by the private sector, of \$100 million or more (adjusted annually for inflation) in any one year. This proposed rule would have no such effect on State, local, and tribal governments, or on the private sector.

[EPA-R04-OAR-2015-0313; FRL-9931-25-Region 4]

#### Approval and Promulgation of Implementation Plans for the State of Alabama: Cross-State Air Pollution Rule

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Proposed rule.

**SUMMARY:** The Environmental Protection Agency (EPA) is proposing to approve the State of Alabama's March 27, 2015, State Implementation Plan (SIP) revision, submitted by the Alabama Department of Environmental Management. This SIP revision provides Alabama's state-determined allowance allocations for existing electric generating units (EGUs) in the State for the 2016 control periods and replaces the allowance allocations for the 2016 control periods established by EPA under the Cross-State Air Pollution Rule (CSAPR). The CSAPR addresses the "good neighbor" provision of the Clean Air Act (CAA or Act) that requires states to reduce the transport of pollution that significantly affects downwind nonattainment and maintenance areas. EPA is proposing to approve Alabama's SIP revision, incorporate the state-

determined allocations for the 2016 control periods into the SIP, and amend the regulatory text of the CSAPR Federal Implementation Plan (FIP) to reflect approval and inclusion of the state-determined allocations. EPA is proposing to approve Alabama's SIP revision because it meets the requirements of the CAA and the CSAPR requirements to replace EPA's allowance allocations for the 2016 control periods. This action is being taken pursuant to the CAA and its implementing regulations. In the Final Rules Section of this **Federal Register**, EPA is approving the State's implementation plan revision as a direct final rule without prior proposal because the Agency views this as a noncontroversial submittal and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule.

**DATES:** Written comments must be received on or before August 26, 2015.

**ADDRESSES:** Submit your comments, identified by Docket ID No. EPA-R04-OAR-2015-0313, by one of the following methods:

1. *www.regulations.gov*: Follow the on-line instructions for submitting comments.

2. *Email:* R4-ARMS@epa.gov.

3. *Fax:* (404) 562-9019.

**SUPPLEMENTARY INFORMATION:** For additional information see the direct final rule which is published in the Rules Section of this **Federal Register**. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to this rule, no further activity is contemplated. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period on this document. Any parties interested in commenting on this document should do so at this time.

### 40 CFR Chapter I

[EPA-HQ-OPP-2014-0818; FRL-9930-89]

#### Proposal To Mitigate Exposure to Bees From Acutely Toxic Pesticide Products; Extension of Comment Period

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice; extension of comment period.

**SUMMARY:** EPA issued a notice in the **Federal Register** of May 29, 2015, concerning EPA's Proposal to Mitigate Exposure to Bees from Acutely Toxic Pesticide Products and a second notice on extending the comment period to July 29, 2015. This document extends the comment period for an additional 30 days, from July 29, 2015 to August 28, 2015. The Agency has received additional requests from multiple stakeholders to extend the comment period to allow them to adequately develop comments on this complex and important issue. EPA is granting the extension.

**DATES:** The comment period for the document published on May 29, 2015 (80 FR 30644) is extended. Comments identified by docket identification (ID)

number EPA-HQ-OPP-2014-0818 must be received on or before August 28, 2015.

**ADDRESSES:** Follow the detailed instructions provided under **ADDRESSES** in the **Federal Register** document of May 29, 2015 (80 FR 30644) (FRL-9927-36).

**FOR FURTHER INFORMATION CONTACT:** Michael Goodis, Pesticide Re-Evaluation Division (7508P), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave. NW., Washington, DC 20460-0001; telephone number: (703) 308-8157; email address: [goodis.michael@epa.gov](mailto:goodis.michael@epa.gov), or Marietta Echeverria, Registration Division (7505P), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave. NW., Washington, DC 20460-0001; telephone number: (703) 305-8578; email address: [echeverria.marietta@epa.gov](mailto:echeverria.marietta@epa.gov).

**SUPPLEMENTARY INFORMATION:** This document further extends the public comment period established in the **Federal Register** document of May 29, 2015. In that document, EPA is seeking comment on a proposal to adopt mandatory pesticide label restrictions to protect managed bees under contract pollination services from foliar applications of pesticides that are acutely toxic to bees on a contact exposure basis. These label restrictions would prohibit applications of pesticide products, which are acutely toxic to bees, during bloom when bees are known to be present under contract. EPA is also seeking comment on a proposal to rely on efforts made by states and tribes to reduce pesticide exposures through development of locally-based measures, specifically through managed pollinator protection plans. These plans would include local and customizable mitigation measures to address certain scenarios that can result in exposure to pollinators. EPA intends to monitor the success of these plans in deciding whether further label restrictions are warranted. EPA is hereby extending the comment period, which was set to end on July 29, 2015 to August 28, 2015.

To submit comments, or access the docket, please follow the detailed instructions provided under **ADDRESSES** in the **Federal Register** document of May 29, 2015. If you have questions, contact the person listed under **FOR FURTHER INFORMATION CONTACT**.
