RIN 0648-XE049

Fisheries of the South Atlantic; South Atlantic Fishery Management Council (SAFMC); Public Meetings

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: The South Atlantic Fishery Management Council (Council) will hold a public scoping meeting for Amendment 37 and Regulatory Amendment 23 to the Fishery Management Plan for the Snapper Grouper Fishery of the South Atlantic Region.

SUMMARY: The Council will hold a scoping meeting via webinar on August 10, 2015 to solicit public input on management actions affecting the snapper grouper fishery.

Snapper Grouper Amendment 37 (Hogfish)

The Florida Fish and Wildlife Conservation Commission completed a stock assessment for hogfish in 2014 with data through 2012 (SEDAR 37 2014). The assessment took into account recent genetic evidence indicating that hogfish in the South Atlantic comprise two distinct stocks: Georgia through North Carolina (GA-NC) and Florida Keys & East Florida (FLK/EFL). Each assessment was then evaluated with regard to fishing level recommendations. The Council's Scientific and Statistical Committee developed catch level recommendations for the GA-NC stock using the Only Reliable Catch Stocks (ORCS) approach, as outlined in Level 4 of the Council's Acceptable Biological Catch (ABC) control rule. This approach is applied when there are not sufficient data on a stock or species to conduct a formal stock assessment. Consequently the approach relies only on landings data. For the FLK/EFL stock, the SSC considered the stock assessment to represent the best available science and recommended it for use in management. The assessment results indicate the FLK/EFL stock is undergoing

overfishing and is overfished and, therefore, in need of a rebuilding plan.

Amendment 37 would address specifying the boundary between the FLK/EFL stock, managed by the South Atlantic Council, and the West Florida stock, managed by the Gulf of Mexico Council. This demarcation is necessary to manage the stocks separately and to aid in enforcing regulations. Amendment 37 also includes actions to specify Acceptable Biological Catch (ABC), Annual Catch Limits (ACLs), Annual Catch Targets (ACTs), and Optimum Yield (OY) for both the NC-GA and FLK/EFL stocks, establish a rebuilding plan for the FLK/EFL stock, and implement or modify management measures for both stocks to attain the desired level of harvest.

Snapper Grouper Regulatory Amendment 23 (Golden Tilefish, Black Sea Bass and the Jacks Complex)

Regulatory Amendment would include actions pertaining to management of the commercial golden tilefish fishery, recreational management measures for black sea bass, and commercial management measures for the Jacks Complex. The Council has indicated that the following items should be included in the amendment: (1) Modification to the fishing year start date for the hook-and-line component of the commercial golden tilefish fishery; (2) establishment of a commercial trip limit for the Jacks Complex; and (3) adjustment to the bag limit for black sea bass.

DATES: The scoping webinar will be held on Monday, August 10, 2015, beginning at 6 p.m. Registration is required. Information for registration, along with copies of the Scoping Documents for each amendment will be posted on the Council's Web site at www.safmc.net as it becomes available.

DEPARTMENT OF EDUCATION

[Docket ID ED-2015-OESE-0047]

Final Waiver and Extension of the Project Period; Territories and Freely Associated States Education Grant Program

[Catalog of Federal Domestic Assistance (CFDA) Number: 84.256A.]

AGENCY: Office of Elementary and Secondary Education, Department of Education.

ACTION: Final waiver and extension of the project period.

SUMMARY: For the 36-month projects funded in fiscal year (FY) 2012 under the Territories and Freely Associated States Education Grant (T&FASEG) program, the Secretary waives the requirement that prohibits the extension of project periods involving the obligation of additional Federal funds. The Secretary also extends the project period of these grants for up to an additional 24 months. The waiver and extension enables the five current T&FASEG grantees to continue to receive Federal funding annually for project periods through FY 2016 and possibly through FY 2017. In addition, during this period, the Pacific Regional Educational Laboratory (Pacific REL) will continue to receive funds set aside for technical assistance under the T&FASEG program. Further, the waiver and extension mean that we will not announce a new competition or make new awards in FY 2015.

DATES: The waiver and extension of the project period are effective July 27, 2015.
