DEFENSE NUCLEAR FACILITIES
SAFETY BOARD

Sunshine Act Notice

AGENCY: Defense Nuclear Facilities Safety Board.

ACTION: Notice of public hearing and meeting.

SUMMARY: Pursuant to the provisions of the Government in the Sunshine Act, notice is hereby given of the Defense Nuclear Facilities Safety Board’s (Board) public meeting and hearing described below. The Board invites any interested persons or groups to present any comments, technical information, or data concerning safety issues related to the matters to be considered.

DATES: Session I (Hearing): 5:00 p.m.–7:30 p.m., Session II (Meeting): 8:00 p.m.–9:30 p.m., August 26, 2015.

ADDRESS: Three Rivers Convention Center, 7016 West Grandbridge Boulevard, Kennewick, Washington 99352.

Status: Open. The Board has determined that an open meeting furthers the public interest underlying both the Government in the Sunshine Act and the Board’s enabling legislation. The proceeding is being noticed as both a meeting under the Government in the Sunshine Act and a hearing under the Board’s enabling legislation. At the conclusion of Session II, the Board is expected to deliberate and then potentially vote on a staff proposal. Deliberations and voting will proceed in accordance with the Board’s operating procedures concerning the conduct of meetings.

Matters To Be Considered: In the Session I hearing, the Board will receive testimony from senior officials from the Department of Energy (DOE) Headquarters, from the Manager for DOE’s Office of River Protection (ORP), and from the Federal Project Director for the Waste Treatment and Immobilization Plant (WTP) regarding the current status of DOE efforts to improve safety culture at WTP. The Board will consider several topics related to safety culture. DOE’s Office of Independent Enterprise Assessment will be given the opportunity to discuss the concerns identified in the WTP independent safety culture assessments. DOE’s Office of Environmental Management and ORP are expected to discuss actions to strengthen and sustain a healthy safety culture at WTP. Testimony will also address actions taken by DOE to assess the effectiveness of their improvements in safety culture and the tools being used to track future progress. After a brief recess, the Board will convene the Session II meeting. The Board will receive testimony from a senior Board technical staff employee concerning DOE’s efforts to improve safety culture at WTP and a staff proposal for possible approaches to closing Recommendation 2011–1, Safety Culture at the Waste Treatment and Immobilization Plant. The Board is then expected to conduct deliberations concerning the staff’s proposal.

FOR FURTHER INFORMATION CONTACT: Mark Welch, General Manager, Defense Nuclear Facilities Safety Board, 625 Indiana Avenue NW., Suite 700, Washington, DC 20004–2901, (800) 788–4016. This is a toll-free number.

SUPPLEMENTARY INFORMATION: Public participation in the hearing and meeting is invited. The Board is setting aside time in each Session for presentations and comments from the public. Requests to speak may be submitted in writing or by telephone. The Board asks that commenters describe the nature and scope of their oral presentations. Those who contact the Board prior to close of business on August 21, 2015, will be scheduled to speak at the Session most relevant to their presentations. At the beginning of Session I, the Board will post a schedule for speakers at the entrance to the hearing room. Anyone who wishes to comment or provide technical information or data may do so in writing, either in lieu of, or in addition to, making an oral presentation. The Board Members may question presenters to the extent deemed appropriate. Documents will be accepted at the hearing or may be sent to the Board’s Washington, DC office. The Board will hold the hearing record open until September 26, 2015, for the receipt of additional materials. The meeting record will close when the meeting adjourns. The hearing and meeting will be presented live through Internet video streaming. A link to the presentation will be available on the Board’s Web site (www.dnfsb.gov). A transcript of the hearing and meeting, along with a DVD video recording, will be made available by the Board for inspection and viewing by the public at the Board’s Washington office and at DOE’s public reading room at the DOE Federal Building, 1000 Independence Avenue SW., Washington, DC 20585. The Board specifically reserves its right to further schedule and otherwise regulate the course of the hearing and meeting, to recess, reconvene, postpone, or adjourn the hearing and meeting, conduct further reviews, and otherwise exercise its power under the Atomic Energy Act of 1954, as amended.

Dated: July 22, 2015.
Jessie H. Roberson,
Vice Chairman.

BILLING CODE 3670–01–P

DEPARTMENT OF EDUCATION

[Docket ID ED–2015–OESE–0047]

Final Waiver and Extension of the Project Period; Territories and Freely Associated States Education Grant Program

[Catalog of Federal Domestic Assistance (CFDA) Number: 84.256A.]

AGENCY: Office of Elementary and Secondary Education, Department of Education.

ACTION: Final waiver and extension of the project period.

SUMMARY: For the 36-month projects funded in fiscal year (FY) 2012 under the Territories and Freely Associated States Education Grant (T&FASEG) program, the Secretary waives the requirement that prohibits the extension of project periods involving the obligation of additional Federal funds. The Secretary also extends the project period of these grants for up to an additional 24 months. The waiver and extension enables the five current T&FASEG grantees to continue to receive Federal funding annually for project periods through FY 2016 and possibly through FY 2017. In addition, during this period, the Pacific Regional Educational Laboratory (Pacific REL) will continue to receive funds set aside for technical assistance under the T&FASEG program. Further, the waiver and extension mean that we will not announce a new competition or make new awards in FY 2015.

DATES: The waiver and extension of the project period are effective July 27, 2015.
FOR FURTHER INFORMATION CONTACT: Collette Fisher. Telephone: (202) 401–0039 or by email at: collette.fisher@ed.gov.
If you use a telecommunications device for the deaf or a text telephone, call the Federal Relay Service, toll free, at 1–800–877–8339.

SUPPLEMENTARY INFORMATION: On April 23, 2015, we published a notice in the Federal Register (80 FR 22729) proposing an extension of the project period for up to an additional 24 months and a waiver of the requirement in 34 CFR 75.261(c)(2) that prohibits the extension of project periods involving the obligation of additional Federal funds in order to—

(1) Enable the five current T&FASEG grantees to continue to receive Federal funding annually for project periods through FY 2016 and possibly through FY 2017; and

(2) Allow the Pacific REL to continue to receive funds set aside for technical assistance under the T&FASEG program. There are no substantive differences between the proposed waiver and extension and the final waiver and extension.

Public Comment

In response to our invitation in the notice of proposed waiver and extension of the project period, we received two comments.

Analysis of Comments and Changes: An analysis of the comments received in response to the proposed waiver and extension of the project period follows. Comments: The comments expressed support for the proposed waiver and extension of the project period. The commenters supported a continuation of service that allows for sustaining the work of the grant projects and building upon current services that have improved schools and local educational agency (LEA) infrastructure.

Discussion: We appreciate the commenters’ support and note the importance of the assistance provided by the T&FASEG program to the five current grantees in the U.S. Territories and the Republic of Palau for teacher training, curriculum development, and general school improvement and reform. We agree that it would be more effective to maintain the continuity of current projects without disruption than to hold a new competition at this time.

Changes: None.

Background

The T&FASEG program is authorized under section 1121(b) of the Elementary and Secondary Education Act of 1965, as amended (ESEA). Under this program, the Secretary is authorized to award grants, on a competitive basis, to LEAs in the U.S. Territories—American Samoa, the Commonwealth of the Northern Mariana Islands, Guam, and the U.S. Virgin Islands—and one eligible Freely Associated State, the Republic of Palau. Through these grants, the T&FASEG program supports projects to raise student achievement through direct educational services.

T&FASEG program grant funds may be used for activities authorized under the ESEA, including teacher training, curriculum development, development or acquisition of instructional materials, and general school improvement and reform. More specifically, under the T&FASEG program, grant funds may be used to—

(a) Conduct activities consistent with the programs described in the ESEA, including the types of activities authorized under—

(1) Title I—Improving the Academic Achievement of the Disadvantaged; 
(2) Title II—Preparing, Training, and Recruiting Highly-Quality Teachers and Principals; 
(3) Title III—Language Instruction for Limited English Proficient and Immigrant Students; 
(4) Title IV—21st Century Schools; and 
(5) Title V—Promoting Informed Parental Choice and Innovative Programs; and 

(b) Provide direct educational services that assist all students with meeting challenging State academic content standards.

In addition, section 1121(b)(3)(d) of the ESEA authorizes the Secretary to provide up to five percent of the amount reserved for T&FASEG program grants to pay the administrative costs of the Pacific REL, which provides technical assistance to grant recipients regarding the administration and implementation of their projects.

On April 30, 2012, we published in the Federal Register (77 FR 25452) a notice inviting applications for new awards under the FY 2012 T&FASEG program competition (2012 Notice Inviting Applications).

In FY 2012, the Department made three-year awards to five T&FASEG projects. The project period for these T&FASEG program grants is currently scheduled to end on September 30, 2015.

We have concluded that it is not in the public interest to incur a disruption in the services associated with holding a new T&FASEG competition in FY 2015. Rather, it will be more effective to maintain the continuity of current projects by allowing grantees the opportunity to continue to provide high-quality direct educational services in support of the Secretary’s priorities to students and teachers in the U.S. Territories and the Republic of Palau without interruption. Consistent with the scope, goals, and objectives of the current projects, grantees will continue to support initiatives on standards and assessments, effective teachers and leaders, and projects that are designed to improve student achievement or teacher effectiveness through the use of high-quality digital tools or materials.

Such initiatives and projects include preparing teachers to use technology to improve instruction, as well as developing, implementing, and evaluating digital tools and materials. Moreover, we believe that a longer project period will better enable grantees to carry out project objectives and anticipate providing for longer project periods in future competitions. Additionally, given that all eligible applicants currently receive grant awards under the T&FASEG program, this waiver and extension will have limited impact on those entities. For these reasons, for the five current T&FASEG grant recipients, the Secretary waives the requirement in 34 CFR 75.261(c)(2), which prohibits the extension of project periods involving the obligation of additional Federal funds, and extends the project period for these grant recipients for up to 24 months. This will allow the grantees to continue to receive Federal funding annually for project periods through FY 2016 and possibly FY 2017.

We will fund the extended project period by using funds Congress appropriates under the current statutory authority, including FY 2014 funds available for awards made in FY 2015 and, if the grants are extended for two years, FY 2015 funds available for awards made in FY 2016.

Under this waiver and extension of the project period—

(1) Current grantees will be authorized to receive T&FASEG continuation awards annually for up to two years through FY 2017; 
(2) We will not announce a new T&FASEG competition or make new T&FASEG grant awards in FY 2015; 
(3) During the extension period, any activities carried out would be consistent with, or a logical extension of, the scope, goals, and objectives of each grantee’s approved application from the 2012 T&FASEG program competition; 
(4) The requirements established in the program regulations and the 2012 Notice Inviting Applications will continue to apply to each grantee that receives a continuation award; and
(5) All requirements applicable to continuation awards for current T&FASEG grantees and the requirements in 34 CFR 75.253 will apply to any continuation awards received by current T&FASEG grantees. We will make decisions regarding annual continuation awards based on grantee performance as demonstrated through program narratives, budgets and budget narratives, and performance reports, and based on the regulations in 34 CFR 75.253. We intend to award continuation grants based on information provided to us annually by each grantee, indicating that it is making substantial progress performing its T&FASEG program activities based on substantial performance and progress.

Regulatory Flexibility Act Certification

The Secretary certifies that the waiver and extension and the activities required to support additional years of funding will not have a significant economic impact on a substantial number of small entities. The only entities that will be affected by this waiver and extension are the five current T&FASEG program grantees receiving Federal funds. There are no other potential applicants.

The Secretary certifies that this waiver and extension will not have a significant economic impact on these entities because the extension of an existing project imposes minimal compliance costs, and the activities required to support the additional years of funding will not impose additional regulatory burdens or require unnecessary Federal supervision.

Paperwork Reduction Act of 1995

This waiver and extension does not contain any information collection requirements.

Intergovernmental Review

This program is subject to Executive Order 12372 and the regulations in 34 CFR part 79. One of the objectives of the Executive order is to foster an intergovernmental partnership and a strengthened federalism. The Executive order relies on processes developed by State and local governments for coordination and review of proposed Federal financial assistance. This document provides early notification of our specific plans and actions for this program.

Accessible Format: Individuals with disabilities can obtain this document in an accessible format (e.g., braille, large print, audiotape, or compact disc) on request to the contact person listed under FOR FURTHER INFORMATION CONTACT.

Electronic Access to This Document:
The official version of this document is the document published in the Federal Register. Free Internet access to the official edition of the Federal Register and the Code of Federal Regulations is available via the Federal Digital System at: www.gpo.gov/fdsys. At this site you can view this document, as well as all other documents of this Department published in the Federal Register, in text or Adobe Portable Document Format (PDF). To use PDF you must have Adobe Acrobat Reader, which is available free at the site.

You may also access documents of the Department published in the Federal Register by using the article search feature at: www.federalregister.gov. Specifically, through the advanced search feature at this site, you can limit your search to documents published by the Department.

Delegation of Authority: The Secretary of Education has delegated authority to Ann Whalen, Senior Advisor to the Secretary, to perform the functions and duties of the Assistant Secretary for the Office of Elementary and Secondary Education.

Dated: July 22, 2015.

Ann Whalen,
Senior Advisor to the Secretary.

BILLING CODE 4000–01–P

DEPARTMENT OF ENERGY
Federal Energy Regulatory Commission

[Project No. 803–106]

Pacific Gas and Electric Company; Notice of Application Accepted for Filing, Soliciting Comments, Motions To Intervene, and Protests

Take notice that the following hydroelectric application has been filed with the Commission and is available for public inspection:

a. Type of Application: Application for Temporary Variance of Minimum Flow Requirements.

b. Project No.: 803–106.

c. Date Filed: June 25, 2015.

e. Name of Project: DeSablала–Centerville Project.

f. Location: Butte Creek, West Branch Feather River, and tributaries in Butte County, California.

g. Filed Pursuant to: Federal Power Act, 16 U.S.C. 791(a)–825(r).

h. Applicant Contact: Mr. Matthew Joseph, License Coordinator, Pacific Gas and Electric Company, Mail Code: N13E, P.O. Box 770000, San Francisco, CA 94177, Phone: (415) 973–8616.

i. FERC Contact: Mr. John Aedo, (415) 369–3335, or john.aedo@ferc.gov.

j. Deadline for filing comments, motions to intervene, protests, and recommendations is 15 days from the issuance date of this notice by the Commission (August 5, 2015). The Commission strongly encourages electronic filing. Please file motions to intervene, protests, comments, or recommendations using the Commission’s eFiling system at http://www.ferc.gov/docs-filing/efiling.asp. Commenters can submit brief comments up to 6,000 characters, without prior registration, using the eComment system at http://www.ferc.gov/docs-filing/ecomment.asp. You must include your name and contact information at the end of your comments. For assistance, please contact FERC Online Support at FERCONlineSupport@ferc.gov (866) 208–3676 (toll free), or (202) 502–8659 (TTY). In lieu of electronic filing, please send a paper copy to: Secretary, Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426. Please include the project numbers (P–803–106) on any comments, motions to intervene, protests, or recommendations filed.

k. Description of Request: The licensee requests a temporary variance of the minimum flow requirements in the West Branch Feather River below Hendricks Head Dam (gage BW40) and in Butte Creek below Butte Head Dam (gage BW98). The licensee requests that the instantaneous dry year minimum flow requirement of 7 cubic feet per second (cfs) at both locations be temporarily modified to a 7 cfs, 48-hour average minimum flow. The licensee states that the temporary variance would eliminate the need to release additional buffer flows of 4 to 5 cfs and instead, allocate those flows to the lower reaches of Butte Creek, where spring-run Chinook salmon are currently holding. The licensee requests the variance until the natural resource agencies determine that it is no longer necessary to support the spring-run Chinook salmon.

i. Locations of the Application: A copy of the application is available for inspection and reproduction at the Commission’s Public Reference Room, located at 888 First Street NE., Room 2A, Washington, DC 20426, or by calling (202) 502–8371. This filing may also be viewed on the Commission’s Web site at http://www.ferc.gov/docs-filing/elibrary.asp. Enter the docket number.
