DEPARTMENT OF VETERANS AFFAIRS

38 CFR Parts 17, 51, 52, and 59

RIN 2900-AO90

Update to NFPA Standards, Incorporation by Reference

AGENCY: Department of Veterans Affairs.

ACTION: Final rule.

SUMMARY: The Department of Veterans Affairs (VA) is amending its regulations incorporating by reference the National Fire Protection Association (NFPA) codes and standards. These codes and standards are referenced in VA regulations concerning community residential care facilities, contract facilities for certain outpatient and residential services, Medical Foster Homes, and State home facilities. To ensure the continued safety of veterans in these facilities, VA is continuing to rely upon NFPA codes and standards for VA approval of such facilities. This rulemaking updates our regulations to adhere to more recent NFPA codes and standards.

DATES: This regulation is effective August 27, 2015. The incorporation by reference of certain publications listed in the regulations is approved by the Director of the Federal Register as of August 27, 2015.

FOR FURTHER INFORMATION CONTACT: David Klein, Fire Protection Engineer, (10NA8), Veterans Health Administration, Department of Veterans

Affairs, 810 Vermont Avenue NW., Washington, DC 20420, (202) 632-7888. (This is not a toll-free number.)

SUPPLEMENTARY INFORMATION: In a document published in the **Federal Register** on July 15, 2014, VA proposed to amend its regulations concerning the incorporation by reference of the National Fire Protection Association (NFPA) codes and standards applicable to community residential care facilities, contract facilities for outpatient and residential treatment services for veterans with alcohol or drug dependence or abuse disabilities, Medical Foster Homes, and State home facilities. 79 FR 41153. We stated in the proposed rule that VA's regulations that govern these facilities require that these facilities meet certain provisions of the codes and standards published by NFPA. These codes and standards are reviewed and updated by NFPA on a 3-year cycle. We also stated that 38 CFR 17.1 is the regulation where VA incorporates by reference the NFPA codes and standards cited in §§ 17.63, 17.74, 17.81, and 17.82. The NFPA codes and standards are also referenced in §§ 51.200, 52.200, and 59.130. VA relies on the NFPA codes and standards in order to provide consistency across the country. By adopting the most current editions of these codes and standards, VA works to ensure that veterans reside and receive care in facilities that are safe while ensuring that these facilities maintain high levels of safety by following one set of codes and standards for the design, renovation, and inspection for community facilities used or approved by VA.

This rulemaking amends § 17.1 to reflect the current edition of NFPA 101, Life Safety Code, and the editions of the NFPA codes and standards that are cited in Chapter 2 of NFPA 101. This rulemaking also amends §§ 51.200, 52.200, and 59.130 to reflect the current editions of NFPA 101, Life Safety Code, and NFPA 99, Health Care Facilities Code. The NFPA codes and standards that have been updated since we published current § 17.1 are NFPA 101, Life Safety Code (2009 edition); NFPA 25, Standard for the Inspection, Testing, and Maintenance of Water-Based Fire Protection Systems (2008 edition); NFPA 30, Flammable and Combustible Liquids Code (2008 edition); and NFPA 720, Standard for the Installation of Carbon Monoxide (CO) Detection and Warning Equipment (2009 edition). The NFPA codes and standards updated from the editions referenced in current §§ 51.200 and 59.130 are NFPA 101 (2009 edition) and NFPA 99, Standard

for Health Care Facilities (2005). NFPA codes and standards updated from the edition referenced in current § 52.200 is NFPA 101, Life Safety Code (2000 edition). This final rulemaking updates the references to these NFPA codes and standards in the cited VA regulations to reflect the most recent editions cited in NFPA 101, Life Safety Code (2012 edition). We are also updating cited references within VA regulations to be consistent with the current NFPA codes and standards. In some cases, reorganization of material in the NFPA codes and standards, without change in substance, has affected the citation within VA regulations, and we are making minor amendments to reflect these changes.

We provided a 60-day comment period, which ended on September 15, 2014. We received one comment on the proposed rule. The commenter supported the proposed rule, but indicated that the 2015 Edition of NFPA 101 became available on September 11, 2014. The commenter suggested that in addition to the changes in the proposed rule, VA adopt the 2015 standards as well. We agree with the commenter, however, prior to adopting the new standards, VA will issue a proposed rulemaking and allow the public to comment on the NFPA 101 standards for 2015 before these changes can become final. VA will address the suggestion in a future rulemaking.

This final rule is reorganizing § 17.1 by placing the NFPA standards in numerical order. These edits to § 17.1 are technical only. We are not making any edits to the content of § 17.1, other than those already stated in the proposed rulemaking. We are also amending §§ 51.200 and 59.130 by removing the incorporation by reference language from the individual paragraphs where the NFPA codes are referenced and adding a new paragraph that will incorporate by reference all of the NFPA codes currently referenced in each paragraph. The new paragraph in §§ 51.200 and 59.130 adds clarity to each section but does not alter the content. This merely is a technical change.

In the proposed rulemaking, we stated that we would be adding a new paragraph (c) to § 17.1. This subparagraph was intended to permit fire and safety specialists to determine when upgrades to existing facilities are necessary on a case-by-case basis. The proposed paragraph was intended as an exception to the NFPA codes and standards for Medical Foster Homes. Upon further consideration, we are not going to adopt the new paragraph (c) in § 17.1 because this regulation merely
