

instead, has prepared an environmental assessment (EA) for the GMP (GMP/EA).

FOR FURTHER INFORMATION CONTACT: Jim O'Connell, Project Manager; NPS/Northeast Region; 15 State Street; Boston, MA 02019 or Sarah Olson, Superintendent; Martin Van Buren NHS; 1013 Old Post Road; Kinderhook, NY 12106.

SUPPLEMENTARY INFORMATION: The GMP for Martin Van Buren National Historic Site will provide long-term guidance for resource management, visitor services, and interpretive programming. The three GMP alternatives evaluated in the GMP/EA focus on management of lands added to the park in 2009, maintaining and protecting resources, visitor use, facilities, access, interpretation, and NPS operations in the park as a whole. GMP planning and alternatives development incorporated input from park partners and cooperators; participants in local community meetings; consultation with local, regional, and national government agencies; and comments gathered at a 2009 public scoping session. The public was informed about the process and invited to participate through newsletters, emails, letters, and response cards.

The GMP was originally scoped as an EIS; however, internal discussions and input received during public and agency scoping did not raise any potentially significant environmental issues nor has the impact analysis identified any potentially significant adverse impacts. It is also noted that many of the actions proposed in the GMP/EA will have benefits to the park's resources, operational needs, and visitor experiences. For these reasons the NPS determined that an EA is the appropriate level of environmental review for the GMP.

Dated: June 18, 2015.

SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on August 21, 2014, based on a Complaint filed by Enterprise Systems Technologies S.a.r.l. of Luxembourg ("Enterprise"). 79 FR 49537-38 (Aug. 21, 2014). The Complaint alleges violations of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, in the importation into the United States, the sale for importation, and the sale within the United States after importation of certain communications or computing devices and components thereof by reason of infringement of certain claims of U.S. Patent Nos. 6,691,302 ("the '302 patent"); 5,870,610; 6,594,366; and 7,454,201. The notice of investigation named the following respondents: HTC Corporation of Taoyuan, Taiwan; HTC America, Inc. of Bellevue, Washington; LG Electronics Inc. of Seoul, Republic of Korea; LG Electronics USA, Inc. of Englewood Cliffs, New Jersey; LG Electronics MobileComm U.S.A., Inc. of San Diego, California; Samsung Electronics Co. Ltd. of Seoul, Republic of Korea; Samsung Electronics America, Inc. of Ridgefield Park, New Jersey; Samsung Telecommunications America, LLC of Richardson, Texas (collectively, "Remaining Respondents"); Apple Inc. of Cupertino, California ("Apple"); and Cirrus Logic Inc. of Austin, Texas ("Cirrus"). The Office of Unfair Import Investigations was also named as a party to the investigation.

On September 9, 2014, the ALJ issued an initial determination, Order No. 6, granting intervenor status to Google Inc. of Mountain View, California ("Google"). On March 9, 2015, the ALJ issued an ID, Order No. 20, terminating the investigation as to Cirrus. On June 5, 2015, the ALJ issued an ID, Order No. 37, terminating the investigation as to Apple. The Commission determined not to review those IDs.

On May 21, 2015, the ALJ issued Order No. 34, an initial determination terminating the '302 patent from the investigation based upon a lack of standing. Enterprise filed a petition for review on May 28, 2015. The parties subsequently moved for a 60-day extension to file any further briefing on the issue. The Commission granted the motion on June 1, 2015, and extended the date for determining whether to review Order No. 34 to August 21, 2015. Thus, Order No. 34 remains outstanding.

On June 22, 2015, Enterprise, Remaining Respondents, and Google jointly moved to terminate the investigation in its entirety based upon settlement. On June 29, 2015, the Commission investigative attorney filed a response in support of the motion. No other responses to the motion were received.

The ALJ issued the subject ID on July 1, 2015, and a corrected version on July 17, 2015, granting the joint motion for termination. The ALJ found that the settlement agreement satisfies the requirements of Commission Rule 210.21(b). She further found, pursuant to Commission Rule 210.50(b)(2), that there is no indication that termination of the investigation would adversely impact the public interest. No one petitioned for review of the ID.

The Commission has determined not to review the ID as corrected. In light of the settlement, the Commission has determined to vacate Order No. 34 as moot.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in Part 210 of the Commission's Rules of Practice and Procedure (19 CFR part 210).

By order of the Commission.

Issued: July 23, 2015.

Lisa R. Barton,

Secretary to the Commission.
