

- Individual business owners to analyze their operations in comparison to similar firms, compute their market share, and assess their growth and future prospects.
- Researchers and businesses to understand the innovation and research and development activities conducted by entrepreneurs.
- Federal agencies to assess the competitiveness of businesses by ownership characteristics.
- Data users to understand time-series data in certain industries for entrepreneurs.
- Business owners or perspective business owners to gain knowledge about the funding of businesses.

Businesses which reported any business activity on any one of the following Internal Revenue Service (IRS) tax forms will be eligible for survey selection: 1040 (Schedule C), "Profit or Loss from Business" (Sole Proprietorship); 1065, "U.S. Return of Partnership Income"; 941, "Employer's Quarterly Federal Tax Return"; 944 "Employer's Annual Federal Tax Return"; or any one of the 1120 corporate tax forms. Current plans will only request responses from businesses filing the 941, 944, or 1120 tax forms. Estimates for businesses filing the 1040 or 1065 tax returns will be created using statistical modeling of administrative data and will only provide data by gender, ethnicity, race, and veteran status by geography, industry, and size of firm.

The 2014 ASE collection is electronic only. An initial letter that informs the respondents of their requirement to complete the survey and provides survey access instructions will be mailed from the Census Bureau's processing headquarters in Jeffersonville, Indiana. There will be 290,000 letters mailed to employer businesses that were in business during 2014. Initial mailout will occur in September 2015, with a due date of November 4, 2015. There will be two follow-up letter mailings to nonrespondents after the due date. Closeout of mail operations is scheduled for January 2016. Upon the close of the collection period, the response data will be processed, edited, reviewed, tabulated, and released publicly.

The survey will collect data on the gender, ethnicity, race, and veteran status for up to four persons owning the majority of rights, equity, or interest in the business. These data are needed to evaluate the extent and growth of business ownership by women, minorities, and veterans in order to provide a framework for assessing and directing federal, state, and local

government programs designed to promote the activities of disadvantaged groups.

The SBA and the MBDA will use the data to allocate resources for their business assistance programs.

The data will also be widely used by private firms and individuals to evaluate their own businesses and markets. Additionally, the data will be used by entrepreneurs to write business plans and loan application letters, by the media for news stories, by researchers and academia for determining firm characteristics, and by the legal profession in evaluating the concentration of minority businesses in particular industries and/or geographic areas.

Affected Public: Business or other for-profit; Not-for-profit institutions.

Frequency: Annually.

Respondent's Obligation: Mandatory.

Legal Authority: Title 13 U.S.C., Sections 8(b), 131, and 182; and Executive Order 11625, Section 1(a)(3).
