The loop cost and loop count information is to be filed annually with NECA by July 31st of each year, and may be updated occasionally pursuant to 47 CFR 54.1306. Pursuant to section 54.1307, the information filed on July 31st of each year will be used to calculate universal service support for each study area and is filed by NECA with the Commission by October 1 of each year. An incumbent LEC is defined as a carrier that meets the definition of “incumbent local exchange carrier” in 47 CFR 51.5 of the Commission’s rules.

The requirements are necessary to verify that rate-of-return LECs are eligible to receive universal service support. Information filed with NECA pursuant to section 54.1305 is used to calculate universal service support payments to eligible carriers. Without this information, NECA and USAC

(Universal Service Administration Company) would not be able to calculate such payments to eligible carriers.
