Appendix A—Ferry Program Frequently Asked Questions

1. What is a designated recipient?

Answer: A designated recipient is an entity designated by the governor of a state, responsible local official, and publicly owned operators of public transportation to receive and apportion amounts under Section 5336 to urbanized areas of 200,000 or more in population, or a state or regional authority, if the authority is responsible under the laws of a state for a capital project and for financing and directly providing public transportation.

2. What is a direct recipient?

Answer: A direct recipient is an eligible entity authorized by a designated recipient or state to receive Urbanized Area Formula Program funds directly from FTA.

3. Is there a list of designated recipients under Section 5307?

Answer: Contact the FTA regional office for help with identifying the 5307 designated recipient in your area. The regional office contact information can be found at www.fta.dot.gov.

4. How can an entity determine whether it operates within the area of a Census-designated urbanized area?

Answer: Contact the FTA regional office to determine the designated urbanized area. The regional contact information can be found at www.fta.dot.gov.

5. Can I apply if I am not currently a direct recipient?

Answer: Yes, FTA will accept applications from entities in urbanized areas that are

eligible to be direct recipients, even if they are currently not a direct recipient.

6. How can I apply if I am not an eligible direct recipient or designated recipient?

Answer: Coordinate the project with the designated or eligible direct recipient for that entity to apply on your behalf. However, if your project is selected for an award, the designated or eligible direct recipient would obligate the funds.

7. Can State DOTs apply on behalf of public agencies within the state in which they administer FTA funds?

Answer: Yes, as long as the service is within an urbanized area.

8. If an agency previously received 5307 funds but now receives 5311 funds, can they still apply?

Answer: No, Section 5311 rural providers are not eligible to apply for the Passenger Ferry Grant Program. Applicants must be eligible designated or direct recipients of Section 5307.

9. Is a new start eligible under the Ferry program?

Answer: Capital for new systems is eligible if the project is not in the planning phase. Planning activities are not eligible under this competition.

10. Are public car-ferries eligible?

Answer: Ferry systems that accommodate cars must also accommodate walk-on passengers in order to be eligible.

11. Is the construction of a ferry maintenance facility an eligible capital project?

Answer: Yes.

12. Is a new vessel construction funded by FTA grants considered a public work or rolling stock and therefore subject to Davis Bacon?

Answer: Yes, a new vessel construction is rolling stock. Davis Bacon applies to construction, alteration, or repairs of public buildings or public works, but it does not apply to rolling stock.

13. Does the term "terminals & related infrastructure" projects include the floating docks and access ramps where the passengers board?

Answer: Yes.

14. Is there a difference between the FTA's Passenger Ferry Grant Program and FHWA's Ferry Boat Formula Grant Funding Program?

Answer: There may be subtle differences between FTA's and FHWA's programs. However, FHWA no longer has a discretionary program. It is now a formula program. Please refer to FHWA's page for more information: <http://www.fhwa.dot.gov/>.

15. What is the grant process after an entity is selected?

Answer: An agency would work with the FTA regional office to apply for the funds in FTA's electronic management system. The **Federal Register**

announcing selection will also provide grant-making instructions.
