I. Introduction

On July 27, 2015, the Postal Service filed a petition pursuant to 39 CFR 3050.11 requesting that the Commission initiate an informal rulemaking proceeding in order to consider changes in analytical principles relating to periodic reports.¹ Proposal Six is attached to the Petition and identifies the proposed analytical method change as a change related to the methodology used for measuring the national totals of revenue, pieces, and weight in the Revenue, Pieces, and Weight (RPW) Report for Click-N-Ship (CNS) Priority Mail. The Postal Service concurrently filed a non-public library reference, along with an application for non-public treatment of materials.²

II. Summary of Proposal

The Postal Service explains that the current RPW methodology relies on two sources for CNS: (1) CNS system census data regarding transactions involving insured extra services; and (2) statistical estimates from the Origin Destination Information System (ODIS)-RPW probability sampling system for CNS Priority mail that are not associated

with insured transactions (including Priority Mail transactions where insurance is included). Petition, Proposal Six at 3. Under Proposal Six, ODIS-RPW statistical sampling estimates would be replaced with the remaining CNS system census transactional data. *Id.* All data for CNS would therefore be census derived from CNS system generated transactions, with the exception of flat-rate products.³ In addition, CNS census activity would be adjusted to reflect refunds from the corresponding time period. *Id.* at 5.

As part of the public Excel spreadsheet filed with the Petition, the Postal Service provides an example of the kind of impact that a switch to census data would have on RPW Report data from the first quarter of Fiscal Year 2015. *Id.* at 7-8. Table A compares current ODIS-RPW report totals to RPW totals when incorporating new census sources. *Id.* at 8. The results show that the CNS portion of Priority Mail revenue, volume, and weight would have decreased, respectively, by 13.7, 14.3, and 4.4 percent, while extra service revenue would have increased by 18 percent. *Id.*

The Postal Service asserts that the proposed changes will provide "a complete source of transaction-level data for mail piece revenue and volume characteristics, and their associated extra services needed for RPW reporting." *Id.* at 7. The Postal Service also states that the proposed changes would provide a more accurate report of flat-rate product weights and would provide a process for adjusting revenue and transactions thereby aligning them with the accounting treatment of refund revenue. *Id.*

III. Initial Commission Action

The Commission establishes Docket No. RM2015-15 for consideration of matters raised by the Petition. Additional information concerning the Petition may be accessed via the Commission's Web site at <http://www.prc.gov>. Interested persons may submit comments on the Petition and Proposal Six no later than September 2, 2015. Reply comments are due no later than September 11, 2015. Pursuant to 39 U.S.C. 505, Lyudmila Y. Bzhilyanskaya is designated as an officer of the Commission (Public Representative) to represent the interests of the general public in this proceeding.

IV. Ordering Paragraphs

It is ordered:

³ *Id.* As weight is not required for flat-rate products within the CNS system, ODIS-RPW estimated weight per piece would be used to estimate weight for flat-rate products. *Id.*

1. The Commission establishes Docket No. RM2015-15 for consideration of the matters raised by the Petition of the United States Postal Service Requesting Initiation of a Proceeding to Consider a Proposed Change in Analytical Principles (Proposal Six), filed July 27, 2015.

2. Comments are due no later than September 2, 2015. Reply comments are due no later than September 11, 2015.

3. Pursuant to 39 U.S.C. 505, the Commission appoints Lyudmila Y. Bzhilyanskaya to serve as an officer of the Commission (Public Representative) to represent the interests of the general public in this docket.

4. The Secretary shall arrange for publication of this order in the **Federal Register**.

By the Commission.

Shoshana M. Grove,
Secretary.

FR 39839), there were technical errors that are identified and corrected in the Correction of Errors section of this correcting document.

II. Summary of Errors

On page 39854, in our discussion of case-mix weights, there was a sorting error in Table 9: CY 2016 Case-Mix Payment Weights.

On page 39906, in our discussion of the overall impact of the home health prospective payment system in CY 2016, we inadvertently provided the incorrect percent decrease in expenditures when comparing CY 2015 payments to estimated CY 2016 payments.

III. Correction of Errors

In FR Doc. 2015–16790 of July 10, 2015 (80 FR 39839), make the following corrections:

On page 39854, Table 9—CY 2016 Case-Mix Payment Weights is corrected to read as follows:

SUPPLEMENTARY INFORMATION: In the April 13, 2015, **Federal Register** (80 FR 19852), we requested proposals from Indian Tribes wishing to establish special migratory bird hunting regulations for the 2015–16 hunting season, under the guidelines described in the June 4, 1985, **Federal Register** (50 FR 23467). In this supplemental proposed rule, we propose special migratory bird hunting regulations for 31 Indian Tribes, based on the input we received in response to the April 13, 2015, proposed rule, and our previous rules. As described in that proposed rule, the promulgation of annual migratory bird hunting regulations involves a series of rulemaking actions each year. This proposed rule is part of that series.

We developed the guidelines for establishing special migratory bird hunting regulations for Indian Tribes in response to tribal requests for recognition of their reserved hunting rights and, for some Tribes, recognition of their authority to regulate hunting by
