SUPPLEMENTARY INFORMATION:

Executive Order 12866, Classification

This proposed rule has been determined to be non-significant and, therefore was not reviewed by the Office of Management and Budget (OMB) under Executive Order 12866.

Authority

The Multi-Family Housing program is administered, subject to appropriations, by the U.S. Department of Agriculture (USDA) as authorized under Sections 514, 515 and 516 of the Housing Act of 1949, as amended (42 U.S.C. 1484, 1485, and 1486).

Environmental Impact Statement

This document has been reviewed in accordance with 7 CFR part 1940, subpart G, "Environmental Program." RHS has determined that this action does not constitute a major Federal action significantly affecting the quality of the environment. In accordance with the National Environmental Policy Act of 1969, Public Law 91-190, an Environmental Impact Statement is not required.

Regulatory Flexibility Act

This proposed rule has been reviewed with regard to the requirements of the Regulatory Flexibility Act (5 U.S.C. 601-612). The undersigned has determined and certified by signature on this document that this rule will not have a significant economic impact on a substantial number of small entities since this rulemaking action does not involve a new or expanded program nor does it require any more action on the part of a small business than required of a large entity.

Executive Order 13132, Federalism

The policies contained in this rule do not have any substantial direct effect on States, on the relationship between the National Government and the States, or on the distribution of power and responsibilities among the various levels of Government. This rule does not impose substantial direct compliance costs on State and local Governments; therefore, consultation with the States is not required.

Executive Order 12988, Civil Justice Reform

This rule has been reviewed under Executive Order 12988. In accordance with this rule: (1) Unless otherwise specifically provided, all State and local laws that are in conflict with this rule will be preempted; (2) no retroactive effect will be given to this rule except as specifically prescribed in the rule; and (3) administrative proceedings of the National Appeals Division of the Department of Agriculture (7 CFR part 11) must be exhausted before bringing suit in court that challenges action taken under this rule.

Unfunded Mandate Reform Act (UMRA)

Title II of the UMRA, Public Law 104-4, establishes requirements for Federal Agencies to assess the effects of their regulatory actions on State, local, and tribal Governments and on the private sector. Under section 202 of the UMRA, Federal Agencies generally must prepare a written statement, including cost-benefit analysis, for proposed and Final Rules with "Federal mandates" that may result in expenditures to State, local, or tribal Governments, in the aggregate, or to the private sector, of \$100 million or more in any one-year. When such a statement is needed for a rule, section 205 of the UMRA generally requires a Federal Agency to identify and consider a reasonable number of regulatory alternatives and adopt the least costly, more cost-effective, or least burdensome alternative that achieves the objectives of the rule.

This rule contains no Federal mandates (under the regulatory provisions of title II of the UMRA) for State, local, and tribal Governments or for the private sector. Therefore, this rule is not subject to the requirements of sections 202 and 205 of the UMRA.

Paperwork Reduction Act of 1995

The information collection requirements contained in this regulation have been approved by OMB and have been assigned OMB control number 0575-0189. This proposed rule contains no new reporting or recordkeeping requirements that would require approval under the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35).

E-Government Act Compliance

Rural Development is committed to complying with the E-Government Act to promote the use of the Internet and other information technologies to provide increased opportunities for citizen access to Government information and services and for other purposes.

Programs Affected

The programs affected by this regulation are listed in the Catalog of Federal Domestic Assistance under number 10.405—Farm Labor Housing Loans and Grants; 10.415—Rural Rental Housing Loans; and 10.427—Rural Rental Assistance Payments.

Executive Order 13175, Consultation and Coordination With Indian Tribal Governments

This executive order imposes requirements on RHS in the development of regulatory policies that have tribal implications or preempt tribal laws. RHS has determined that the proposed rule does not have a substantial direct effect on one or more Indian tribe(s) or on either the relationship or the distribution of powers and responsibilities between the Federal Government and the Indian tribes. Thus, the proposed rule is not subject to the requirements of Executive Order 13175. If tribal leaders are interested in consulting with RHS on this proposed rule, they are encouraged to contact USDA's Office of Tribal Relations or Rural Development's Native American Coordinator at (720) 544-2911 or AIAN@usda.gov to request such consultation.

Executive Order 12372, Intergovernmental Consultation

These loans are subject to the provisions of Executive Order 12372 which require intergovernmental consultation with State and local officials. RHS conducts intergovernmental consultations for each loan in accordance with 2 CFR part 415, subpart C.

Background

Section 515(z)(1) of the Housing Act of 1949, as amended states that the Secretary shall require that borrowers in programs authorized by this section maintain accounting records in accordance with generally accepted accounting principles for all projects that receive funds from loans made or guaranteed by the Secretary. Since RHS considers 514 loans to have similar risks as 515 loans, the regulatory accounting requirements apply to both types of loans. See 7 CFR 3560.578.

RHS published an interim rule on November 26, 2004, (69 FR 69032-69176) to implement the consolidation of MFH's previous 14 separate regulations, with an effective date of February 24, 2005. As part of the interim rule, RHS required that engagement reports be submitted with the annual financial reports for borrowers with 16 or more units. Borrowers with less than 16 units in their housing project are required to submit annual financial reports using a limited scope engagement. Engagement is currently defined at 7 CFR 3560.11.

RHS proposes to remove engagement requirements as well as unit-based

requirements from 7 CFR 3560.11, 3560.301, 3560.302, 3560.303 and 3560.308 and replace it with risk-based requirements for audits utilizing a modified version of the HUD Office of Inspector General's (OIG's) Consolidated Audit Guide standard.

This proposed change is a result of RHS's participation in the White House's Domestic Policy Council's Rental Policy Working Group (RPWG) on an initiative to reduce duplications of requirements on customers, eliminate conflicting administrative requirements, and align program requirements in the affordable rental housing industry. The RPWG believes high-risk properties, which consists of properties that have combined federal financial assistance of \$500,000 or greater, should receive more stringent evaluation of financial performance. RHS agrees, and plans to implement a risk-based threshold to set the standard for audit guidelines. This will reduce the burden on project budgets, as multiple reports become unnecessary. Instead it will require financial reporting to include audits based on a modified version of the HUD OIG Consolidated Audit Guide, which are also acceptable to HUD.

Combined Federal financial assistance is defined as a combination of any or all of the sources identified below:

- The outstanding principal balance of a USDA Mortgage, a mortgage insured by the Federal Housing Administration (FHA) or HUD-held mortgages or loans (including flexible subsidy loans);
- Any USDA Rental Assistance or Project-based Section 8 assistance received during the fiscal year;
- Interest reduction payments received during the year (interest subsidy) and/or;
- Federal grant funds received during the year.

The Agency believes standardizing audit requirements is an important first step in aligning the financial reporting standards among various Federal and State agencies. The new policy eliminates a financial reporting burden by allowing owners who receive less than \$500,000 in combined Federal assistance to submit owner certified financial statements instead of audited financial statements.

Although the Agency is removing engagement requirements as it relates to the borrower's annual financial reporting requirements, Section 514 and 515 proposals for new construction are still subject to the agreed upon cost certification procedures set forth in 7 CFR 3560.72(b).

In addition to the changes in the annual reporting requirements outlined herein, the Agency is proposing two

additional certifications to the Performance Standards required under 7 CFR 3560.308(c). The borrower will be asked to certify there have been no changes in project ownership other than those approved by the Agency and identified in the certification; and that, real estate taxes are paid in accordance with state and/or local requirements and are current.

AGENCY: Office of Energy Efficiency and Renewable Energy, Department of Energy.

ACTION: Notice of proposed rulemaking.

SUMMARY: The U.S. Department of Energy (DOE) is proposing to revise its test procedure for battery chargers established under the Energy Policy and Conservation Act of 1975, as amended (EPCA).
