

program(s) that are included in the Combined State Plan.

This consolidated ICR for the Unified or Combined State Plan will replace existing planning information collections for the core programs. For States that choose to submit a Combined State Plan, the existing information collections for the program-specific State plans for the optional programs will continue to exist under their current control numbers. If the Combined State Plan is approved, the State is not required to submit any other plan to receive Federal funding for any optional program covered under that Combined State Plan (WIOA sec. 103(b)(2)). If a State plan for an optional program changes from the one approved under the Combined State Plan, the State may have to submit additional plans to the appropriate Department—such additional plans will be counted under the optional programs' existing information collection requirements.

Some of the optional programs that a State may include in the Combined State Plan currently fulfill their program-specific State planning requirements through a broader information collection administered by the program's appropriate Department. For example, section 103(b)(2) of WIOA specifically allows the employment and training activities carried out under the Community Services Block Grant (CSBG) Act administered by the Department of Health and Human Services and employment and training activities under the Department of Housing and Urban Development to be included in a WIOA Combined State Plan. However, the existing CSBG information collection, for example, includes planning elements for the employment and training activities along with planning elements for other activities under CSBG. Therefore, if States choose to include programs such as these in the Combined Plan, only the portion of the existing planning requirements that address the employment and training activities are included in the Combined State Plan (WIOA sec. 103), and States are still required to separately submit all other required elements of a complete CSBG State Plan directly to the Federal agency that administers the program.

Departmental program-specific State Plan requirements for the optional programs that may be included in the Combined State Plan will continue collecting data under the information collections currently approved by OMB. This Notice is not soliciting comments about these currently approved information collections.

As mentioned above, this ICR is intended to cover the State planning information collection requirements in sections 102 and 103 of WIOA. The notice of proposed rulemaking (NPRM) proposing regulations that would implement those sections was published on April 16, 2015, at 80 FR 20573. The comment period closed on June 15, 2015. The proposed regulations that correspond to these information collection requirements are: 20 CFR part 676 (WIOA Adult, Dislocated Worker, and Youth programs and Wagner-Peyser Act programs); 34 CFR part 361, subpart D (State Vocational Rehabilitation Services Program); and 34 CFR part 463, subpart H (Adult Education and Family Literacy Act programs).

Sec. 102(c)(1)(A) of WIOA requires States to submit their first Unified State Plan to the Secretary of Labor not later than 120 days prior to the commencement of the second full program year after the date of enactment of WIOA, which was July 22, 2014. Therefore, the second full program year commences on July 1, 2016, and the State plans must be submitted no later than March 3, 2016. Approval of this ICR is required so that the States can begin working to develop their plans, a process that requires months of coordination among State agencies and other stakeholders.

The Departments have all worked together to develop this information collection; however, this information collection will initially be approved under a Department of Labor, Employment and Training Administration (ETA) account using the common forms clearance process that allows several agencies to use a single information collection instrument. Burden estimates for all the partner agencies have been included in this Notice, in order to facilitate an understanding of the full impact of the collection; however, in accordance with OMB guidance for common forms, the ICR submitted to OMB will initially identify only the ETA burdens. OMB approval of the ICR will trigger the ability for the other Federal agencies to formally submit requests to sign on the collection; those actions would not require additional notice or public comment. This ICR may receive OMB approval before Final Rules implementing WIOA are published. If this occurs, the Departments will submit another ICR for this collection to OMB to incorporate the Final Rule citations, as required by 5 CFR 1320.11(h). Those citations currently do not exist and, therefore, cannot be included at this time. Additionally, the Departments will review, analyze, and incorporate

any comments received on the NPRM that are relevant to this ICR together with comments we receive in response to this **Federal Register** Notice in order to finalize the substantive information collection requirements to the extent legally possible.

SUPPLEMENTARY INFORMATION:

I. Background: The Wage and Hour Division (WHD) of the Department of Labor administers the Fair Labor Standards Act (FLSA), 29 U.S.C. 201, *et seq.*, which sets the Federal minimum wage, overtime pay, recordkeeping, and youth employment standards of most general application. See 29 U.S.C. 206, 207, 211, 212. FLSA section 14(c) provides that the Secretary of Labor, "to the extent necessary to prevent curtailment of opportunities for employment, shall by regulation or order provide for the employment, under special certificates, of individuals" whose productivity for the work performed is limited by disability at subminimum wages commensurate with the individual's productivity. 29 U.S.C. 214(c). In accordance with section 14(c), the WHD regulates the employment of individuals with disabilities under special certificates and governs the application and approval process for obtaining the certificates. See 29 CFR part 525. DOL proposes to revise Form WH-226, the Application for Authority to Employ Workers with Disabilities at Special Minimum Wages, and WH-226A, the Supplemental Data Sheet for Application for Authority to Employ Workers with Disabilities at Special Minimum Wages. The proposed new information collections on these forms will assist DOL in fulfilling its statutory directive to administer and enforce the section 14(c) program, including the new conditions introduced to section 14(c) certificate holders pursuant to the Workforce Innovation and Opportunity Act (WIOA), which was signed into law on July 22, 2014. Forms WH-226 and WH-226A are the only information collections under Control Number 1235-0001 that DOL proposes to revise at this time.

In addition, section 11(d) of the FLSA authorizes the Secretary of Labor to regulate, restrict, or prohibit industrial homework as necessary to prevent circumvention or evasion of the minimum wage requirements of the Act. 29 U.S.C. 211(d). Pursuant to section 11(d), the WHD issues special certificates governing the employment of individual homeworkers and employers of homeworkers. DOL restricts homework in seven industries (*i.e.*, knitted outerwear, women's apparel, jewelry manufacturing, gloves and mittens, button and buckle manufacturing, handkerchief manufacturing, and embroideries) to those employers who obtain certificates. See 29 CFR 530.1, 530.2. The DOL may issue individual certificates in those industries for an individual

homeworker (1) who is unable to adjust to factory work because of a disability or who must remain at home to care for a person with a disability in the home, and (2) who has been engaged in industrial homework in the particular industry prior to certain specified dates as set forth in the regulations or is engaged in industrial homework under the supervision of a State Vocational Rehabilitation Agency. See 29 CFR 530.3, 530.4. The DOL also allows employers to obtain general (employer) certificates to employ homeworkers in all restricted industries, except women's apparel and hazardous jewelry manufacturing operations. See 29 CFR 530.101. Form WH-2, the Application for Special Industrial Homeworker's Certificate, and Form WH-46, the Application for Certificate to Employ Homeworkers, are used in the application process for obtaining these certificates, and Form WH-75, Homeworker Handbook, is used to assist with recordkeeping. No revisions to these forms are proposed at this time.

The FLSA also requires that the Secretary of Labor, to the extent necessary to prevent curtailment of employment opportunities, provide certificates authorizing the employment of full-time students at: (1) not less than 85 percent of the applicable minimum wage or less than \$1.60, whichever is higher, in retail or service establishments or in institutions of higher education (29 U.S.C. 214(b)(1), (3); 29 CFR part 519); and (2) not less than 85 percent of the applicable minimum wage or less than \$1.30, whichever is higher, in agriculture (29 U.S.C. 214(b)(2), 29 CFR part 519). The FLSA and the regulations set forth the application requirements as well as the terms and conditions for the employment of full-time students at subminimum wages under certificates and temporary authorization to employ such students at subminimum wages. The forms used to apply for these certificates are WH-200 (retail, service, or agricultural employers seeking to employ full-time students for 10 percent or more of total monthly hours of employment), WH-201 (institution of higher learning seeking to employ its students), and WH-202 (retail, service, or agricultural employers seeking to employ six or fewer full-time students). No revisions to these forms are proposed at this time.

FLSA section 14(a) requires that the Secretary of Labor, to the extent necessary to prevent curtailment of employment opportunities, provide by regulations or order for the employment of learners, apprentices, and messengers who, under special certificates may be

paid less than the statutory minimum wage. See 29 U.S.C. 214(a). This section also authorizes the Secretary to set limitations on such employment as to time, number, proportion, and length of service. The regulations at 29 CFR part 520 contain the provisions that implement the section 14(a) requirements. Form WH-205 is the application an employer uses to obtain a certificate to employ student-learners at wages lower than the federal minimum wage. Form WH-209 is the application an employer uses to request a certificate authorizing the employer to employ learners and/or messengers at subminimum wage rates. Regulations issued by the DOL's Office of Apprenticeship no longer permit the payment of subminimum wages to apprentices in an approved program; therefore, DOL has not issued apprentice certificates since 1987. See 29 CFR 29.5(b)(5). However, the WHD must maintain the information collection for apprentice certificates in order for the agency to fulfill its statutory obligation under FLSA to maintain this program. No revisions to these forms are proposed at this time.

II. *Review Focus*: The Department of Labor is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Enhance the quality, utility, and clarity of the information to be collected;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

III. *Current Actions*: The Department of Labor seeks an approval for the revision of this information collection in order to ensure effective administration of various special employment programs.
