DEPARTMENT OF HEALTH AND HUMAN SERVICES

Health Resources and Services Administration

Health Center Program

AGENCY: Health Resources and Services Administration, HHS.

ACTION: Notice of Class Deviation from Competition Requirements for the Health Center Program.

SUMMARY: In accordance with the Awarding Agency Grants Administration Manual (AAGAM) Chapter 2.04.103, the Bureau of Primary Health Care (BPHC) has been granted a class deviation from the exceptions to maximum competition requirements contained in the AAGAM Chapter 2.04.104A-5 to provide additional funding without competition to the 144 Health Center Program award recipients whose budget period ends November 30, 2015, for up to 5 months. The extension allows BPHC to eliminate the December 1 budget period start date by redistributing these grants to established start dates later in the fiscal year, thereby allowing award recipients comparable opportunity to prepare and submit applications while allowing BPHC to remain compliant with internal process timelines.

SUPPLEMENTARY INFORMATION:

Intended Recipient of the Award: Health Center Program award recipients with a project period end date of November 30, 2015.

Amount of Non-Competitive Awards: \$85,451,535.

Period of Supplemental Funding: December 1, 2015, to maximum April 30, 2016.

CFDA Number: 93.224.

Authority: Section 330 of the Public Health Service Act, as amended (42 U.S.C. 254b, as amended).

Justification: Targeting the nation's neediest populations and geographic areas, the Health Center Program currently funds nearly 1,300 health centers that operate approximately 9,000 service delivery sites in every state, the District of Columbia, Puerto Rico, the Virgin Islands, and the Pacific Basin. In 2013, more than 21 million patients, including medically underserved and uninsured patients, received comprehensive, culturally competent, quality primary health care services through the Health Center Program award recipients. Due to the vast size of the Health Center Program, the active grants are distributed across seven budget periods that begin on the first of the month, December through June.

BPHC uses the information award recipients report annually via the Uniform Data System (UDS) to objectively determine the patient and service area requirements that new and continuing applications must address. The requirements are available for applicant use in June. The deviation allows BPHC to redistribute the award recipients with December 1 starting dates to budget period start dates later in the fiscal year, thus allowing these award recipients comparable opportunity to prepare and submit applications while allowing BPHC to remain compliant with internal process timelines. By September 15, 2015, \$85,451,535 will be awarded to these 144 award recipients to continue approved activities for up to 5 months. Award recipients will report progress and financial obligations made during their budget period extension through routine reports.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Office of the Secretary, Office of the Assistant Secretary for Administration

Statement of Organization, Functions, and Delegations of Authority; Office of the Assistant Secretary for Public Affairs

Part A of the HHS Organization Manual Office of the Secretary, Department of Health and Human Services (HHS) is being amended at Chapter AP, "Office of the Assistant Secretary for Public Affairs (ASPA)," as last amended at 70 FR 61621-22, dated Oct. 25, 2005. Over the past several years, ASPA has been refining its organizational structure to improve its strategic and operational communication capacities to more effectively support the mission and strategic priorities of the Department. A substantive element of this change has been a shift from a purely operational structure focusing on defined services to one that builds a whole-of-ASPA approach that draws on all communication skills across each of three key portfolios—health care, public health, and human services. The proposed organizational realignments will, therefore, update and revise ASPA's structure to reflect this more functional, strategic operational approach. The changes are described below:

I. Under Part A, Chapter AP, Section AP.00 Mission, delete in its entirety and replace with the following:

AP.00 Mission: The ASPA serves as the Secretary's principal counsel on public affairs, leading efforts across the Department to promote transparency, accountability and access to critical public health and human services information to the American people. The Office of the Assistant Secretary for Public Affairs conducts national public

affairs programs, provides centralized leadership and guidance for public affairs activities within HHS' Staff and Operating Divisions and regional offices, manages the Department's digital communications and administers the Freedom of Information and Privacy Acts. The Division leads the planning, development and implementation of emergency incident communications strategies and activities for the Department. The ASPA reports directly to the HHS Secretary.

II. Under Part A, Chapter AP, Section AP.10 Organization, delete in its entirety and replace with the following:

AP.10 Organization. The Office of the Assistant Secretary for Public Affairs, headed by the Assistant Secretary for Public Affairs (ASPA) who reports to the Secretary, supports public affairs efforts for three primary issue areas: Public Health, Human Services, and Health Care. ASPA consists of the following organizations:

- The Office of the Assistant Secretary for Public Affairs, Agency Chief FOIA Officer
- The Office of the Principal Deputy Assistant Secretary
 - Strategic Planning Division
 - Speechwriting Division
- The Office of the Deputy Assistant Secretary for Public Health
- The Office of the Deputy Assistant Secretary for Health Care
- The Office of the Deputy Assistant Secretary for Human Services
 - Broadcast Services Division
 - Digital Communications Division
- Executive Officer/Deputy Agency Chief FOIA Officer
 - Business Operations Division
 - Administrative Operations Division
 - FOIA/Privacy Act Division

III. Under Section AP.20 Functions, delete in its entirety, and replace with the following:

A. The Office of the Assistant Secretary for Public Affairs (AP)—Provides executive leadership, policy direction, and management strategy for the Department's public affairs programs and activities. Counsels and acts for the Secretary and the Department in carrying out responsibilities under statutes, Presidential directives, and Secretarial orders for informing the general public, specialized audiences, HHS employees, and other Federal employees about the programs, policies, and services of the Department. Establishes and enforces policies and practices which produce an accurate, clear, efficient, and consistent flow of information to the general public and other audiences about departmental programs and activities. Provides
