SECURITIES AND EXCHANGE COMMISSION

Self-Regulatory Organizations; The NASDAQ Stock Market LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Allow Listed Companies To Opt in to Nasdaq’s All-Inclusive Annual Listing Fee

DATES: August 4, 2015.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”)1 and Rule 19b–4 thereunder,2 notice is hereby given that, on July 22, 2015, The NASDAQ Stock Market LLC (“Nasdaq” or “Exchange”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I, II, and III, below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

Nasdaq proposes to allow listed companies not currently subject to Nasdaq’s all-inclusive annual listing fee to opt in to that fee program for 2016. The text of the proposed rule change is available on the Exchange’s Web site at http://nasdaq.cchwallstreet.com, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Effective January 1, 2015, Nasdaq adopted an all-inclusive annual listing fee, which simplifies billing and provides transparency and certainty to companies as to the annual cost of listing.3 This new fee structure was designed, primarily, to address customer complaints about the number and in some cases the variable nature of certain of Nasdaq’s listing fees. It also provides benefits to Nasdaq, including eliminating the multiple invoices that were sent to a company each year and providing more certainty as to revenue.4

While this new fee structure will become operative for all listed companies in 2018, listed companies were allowed to elect to be subject to the all-inclusive annual listing fee effective January 1, 2015, and were provided certain incentives to do so.5 Companies have reacted favorably to the new fee program and these incentives.

Nasdaq now proposes to allow currently listed companies that did not previously opt in to the all-inclusive annual fee program to do so effective January 1, 2016. In addition, Nasdaq proposes to offer companies an incentive to opt in, similar to the incentive offered companies that opted in to the all-inclusive annual fee program for 2015. Specifically, from July 22, 2015 until December 31, 2015, Nasdaq will allow companies to opt in to the all-inclusive annual fee program starting in 2016. Any company that does so will not be billed for the listing of additional shares after it submits the opt-in form to Nasdaq, regardless of when the shares were issued.6

2 Id.
3 See IM–5910–1(b)(1) and IM–5920–1(b)(1).
4 In addition to incentivizing companies to elect to switch to the all-inclusive annual fee program, this incentive may also reduce confusion about the switch to the all-inclusive annual fee program for some companies. Because listing of additional shares fees are billed based on a company’s public filings, shares changes could be billed after the company has opted in and potentially not until 2016, when the company believes it should not receive any further listing of additional shares fee bills. While some of these issuances would also be billed in 2015, Nasdaq believes that the simplicity...
provides for the equitable allocation of reasonable dues, fees, and other charges among its members, issuers and other persons using its facilities, and does not unfairly discriminate between customers, issuers, brokers or dealers. Nasdaq believes that the proposed incentives offered to companies that elect the all-inclusive annual listing fee starting in 2016 are reasonable, equitable and not unfairly discriminatory. These incentives are available equally to all companies and would provide the same benefit to all companies that make the election. Moreover, no company is required to opt in to the all-inclusive annual fee program under this change. In addition, as noted above, Nasdaq will accrue benefits from companies electing the all-inclusive annual listing fee structure, including by eliminating the multiple invoices that are sent to a company each year and providing more certainty as to revenue, and the incentives are designed to help Nasdaq capture these benefits sooner, which is a reasonable and non-discriminatory reason to provide the incentives to companies. Companies that elected to be subject to the all-inclusive fee during the initial opt-in period, effective for 2015, would not be disadvantaged in that they receive the benefit of having their fees calculated based on the maximum total shares outstanding as of the earlier December 31, 2014, date applicable to companies that opted in during 2014, and they received the benefits of the all-inclusive annual fee program for 2015.

The proposed changes to conform certain language in IM–5920–1 with the comparable provision of IM–5910–1, clarify that for both domestic and foreign issuers, total shares outstanding includes the aggregate number of all securities outstanding for each class of listed equity securities. In addition, the proposed rule change modifies the fee schedule for ADRs and the description of how fees are assessed on a foreign private issuer to clarify that the all-inclusive annual fee is based not just on “shares” but, like a domestic company, is based on the total of all of the foreign private issuer’s listed equity securities, including, for example, ADRs and warrants, and such companies are not charged separately for each individual equity security listed. Nasdaq also proposes to make changes to the rule text to reflect that the all-inclusive fee program has already become effective.

2. Statutory Basis

Nasdaq believes that the proposed rule change is consistent with the provisions of Section 6 of the Act, in general, and with Sections 6(b)(4) and (5) of the Act, in particular, in that it

of ending billing of listing of additional shares fees on the date the company opts-in offsets any potential revenue lost from such bills. Share issuances already billed at the time the company submits the opt-in form will not be forgiven.

7 Under the ordinary operation of the existing rules, companies are billed for 2016 based on the total shares outstanding as of December 31, 2015. The incentive described will extend the use of that number to the total shares outstanding for purposes of determining the company’s 2017 bill. The number of shares outstanding used to calculate annual fees for 2016 and 2017 may include shares issued after the company has opted in to the all-inclusive annual listing fee, if such shares are reflected in a public filing or other information held by Nasdaq as of December 31, 2015.

8 A company that elected in during 2014 is billed until December 31, 2017, based on the lower of its total shares outstanding at the time of billing or the total shares outstanding reflected in information held by Nasdaq as of December 31, 2014.

9 This is the same definition of total shares outstanding used for the standard annual fee in Rule 5910(c)(4) and 5920(c)(6).

SECURITIES AND EXCHANGE COMMISSION

Self-Regulatory Organizations; Municipal Securities Rulemaking Board; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change Consisting of Revisions to the Electronic Municipal Market Access System, Real-Time Transaction Reporting System and Short-Term Obligation Rate Transparency System

August 4, 2015.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”) † and Rule 19b–4 thereunder,2 notice is hereby given that on July 23, 2015, the Municipal Securities Rulemaking Board (the “MSRB” or “Board”) filed with the Securities and Exchange Commission (the “SEC” or “Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the MSRB. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The MSRB filed with the Commission a proposed rule change relating to the MSRB’s Electronic Municipal Market Access (“EMMA”) system, Real-time Transaction Reporting System (“RTRS”), and Short-Term Obligation Rate Transparency (“SHORT”) system. The proposed rule change consists of revisions to the facilities for the EMMA system, RTRS, and SHORT system to better align the language of the information facilities to the MSRB’s administration of these systems. The proposed rule change adds references to the MSRB’s core operational hours, clarifies the twenty-four hours a day, seven days a week (“24/7”) availability of many aspects of the MSRB’s systems, and makes minor changes of a technical nature. The MSRB has filed the proposed rule change under Section 19(b)(3)(A)(iii) of the Act3 and Rule 19b–4(f)(6)4 thereunder, as a noncontroversial rule change that renders the proposal effective upon filing. The proposed rule change would be made operative on August 24, 2015.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the MSRB included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The MSRB has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The EMMA system is an information facility for the collection and dissemination of municipal securities disclosure documents and related information. The EMMA system includes a public Web site, the EMMA portal, which provides for free public access to disclosures and transparency information for municipal securities. RTRS is an information facility for the collection and dissemination of information about transactions occurring in the municipal securities market. The SHORT system is an information facility for the collection and dissemination of information and disclosure documents about securities bearing interest at short-term rates (auction rate securities and variable-rate demand obligations). The information facilities for the EMMA system, RTRS, and SHORT system serve to outline the high level parameters by which the MSRB operates these systems.

The purpose of the proposed rule change is to better align the language of the information facilities for the EMMA system, RTRS, and SHORT system to the MSRB’s administration of these systems. The proposed rule change would add references to the MSRB’s core operational hours, clarify the 24/7 availability of many aspects of the MSRB’s systems and make minor changes of a technical nature to these information facilities. These changes are more fully described below.

MSRB Core Operational Hours

The MSRB maintains core operational hours for its transparency systems of
