Notice of Change to Announcement of Requirements and Registration for the U.S. Tall Wood Building Prize Competition

AGENCY: Rural Business-Cooperative Service, USDA.

ACTION: Notice of change to Announcement of Requirements and Registration for the U.S. Tall Wood Building Prize Competition.

SUMMARY: The U.S. Department of Agriculture (USDA) in a cooperative partnership with the Softwood Lumber Board and the Binational Softwood Lumber Council is conducting a prize competition funding initiative to support the demonstration of tall wood buildings in the United States. The U.S. Tall Wood Building Prize Competition (the “Competition”) is being conducted to showcase the architectural and commercial viability of advanced wood products in tall building construction in order to support employment

opportunities in rural communities, maintain the health and resiliency of the Nation’s forests, and advance sustainability in the built environment.

On October 10, 2014, USDA published official competition rules in the **Federal Register** in Notice 79 FR 61275. The competition rules note that the Prize Purse is a combined pool from the Competition Partners of \$2 million and that the Prize Purse may increase, but will not decrease. The rules also state that any increases in the Prize Purse will be posted on the Competition Web site

(www.tallwoodbuildingcompetition.org) and published in the **Federal Register**.

The Softwood Lumber Board has committed an additional \$1 million to support the competition. By way of this notice, USDA is informing the public that the combined competition prize purse is now \$3 million in accordance with the competition’s official rules.

The Prize Purse will be used to fund one or more awards; the number of awards made will depend on the estimated amount of Eligible Expenses proposed by the winning Project Proponent Team(s). Award(s) will be made to the winning Project Proponent Team(s) to cover incremental costs of transitioning their building from a traditional structure to a wood structure, *i.e.*, those costs incurred only because of the Project Proponent Team’s innovative use of wood products in the demonstration structure. Additional details may be found in the original **Federal Register** Notice.

Authority: 15 U.S.C. 3719.

Dated: August 7, 2015.

Polyethylene Terephthalate Film, Sheet and Strip From Brazil: Preliminary Results of Antidumping Duty Administrative Review; 2013–2014

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

DATES: *Effective Date:* August 12, 2015.

SUMMARY: In response to requests from DuPont Teijin Films, Mitsubishi Polyester Film, Inc., and SKC, Inc. (collectively, Petitioners), the

Department of Commerce (the Department) initiated an administrative review of the antidumping duty order on polyethylene terephthalate film, sheet and strip (PET film) from Brazil.¹ On February 6, 2015, the Department published, in the **Federal Register**, a notice of revocation of the antidumping duty order on PET film from Brazil, effective November 10, 2013.²

Accordingly, this administrative review covers Terphane Ltda. and Terphane Inc. (collectively, Terphane) for the period of review (POR) November 1, 2013, through November 9, 2013. As we currently have no evidence of any reviewable entries, shipments or sales of subject PET film by Terphane during the POR, we are issuing a preliminary no shipment determination.³

SUPPLEMENTARY INFORMATION:

Scope of the Order

The products covered by this order are all gauges of raw, pre-treated, or primed PET film, whether extruded or co-extruded. PET film is classifiable under subheading 3920.62.00.90 of the Harmonized Tariff Schedule of the United States.⁴

Methodology

The Department is conducting this review in accordance with section 751(a)(2) of the Tariff Act of 1930, as amended (the Act). For a full description of the methodology underlying our conclusions, *see* Preliminary Decision Memorandum. The Preliminary Decision Memorandum is a public document and is on file electronically *via* Enforcement and

³ Terphane is the only respondent in this review.

In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly on the Internet at <http://www.trade.gov/frn/index.html>. The signed Preliminary Decision Memorandum is identical in content.

Preliminary Determination of No Shipments

Based on information Terphane submitted after the initiation of this administrative review and information collected from U.S. Customs and Border Protection (CBP), the Department has preliminarily determined that the record evidence indicates that Terphane currently had no reviewable entries during the POR. In addition, the Department finds that it is not appropriate to rescind the review with respect to Terphane but, rather, to complete the review and issue appropriate instructions to CBP based on the final results of this review, as is our practice.⁵

Assessment Rates

The Department clarified its "automatic assessment" regulation on May 6, 2003. This clarification will apply to entries of subject merchandise during the POR produced by companies included in these final results of review for which these companies did not know that the merchandise was destined for the United States. In such instances, we will instruct CBP to liquidate un-reviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction. For a full discussion of this clarification, see *Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003). We intend to issue assessment instructions directly to CBP 15 days after publication of the final results of this review.

Disclosure and Public Comment

Interested parties are invited to comment on these preliminary results and submit written arguments or case briefs within 30 days after the date of publication of this notice, unless

otherwise notified by the Department.⁶ Parties are reminded that written comments or case briefs are not the place for submitting new factual material. Rebuttal briefs, limited to issues raised in the case briefs, will be due five days later.⁷ Parties who submit case or rebuttal briefs are requested to submit with each argument: (1) A statement of the issue; and (2) a brief summary of the argument. Parties are requested to provide a summary of the arguments not to exceed five pages and a table of statutes, regulations, and cases cited.

Any interested party who wishes to request a hearing must submit a written request to the Assistant Secretary for Enforcement and Compliance within 30 days after the day of publication of this notice. A request should contain: (1) The party's name, address, and telephone number; (2) the number of participants; and (3) a list of issues to be discussed.⁸ Issues raised in the hearing will be limited to those raised in case briefs. The Department will issue the final results of administrative review, including the results of our analysis of issues raised in any briefs, within 90 days after the date on which the preliminary results were issued, unless the deadline for the final results is extended.⁹

Notification to Importers

This notice serves as a preliminary reminder to the importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This notice is published in accordance with sections 751(a)(2)(B) and 777(i) of the Act and 19 CFR 351.214(f).

Dated: August 3, 2015.
