FOR FURTHER INFORMATION CONTACT: Matt Renkey or Jerry Huang at (202) 482-2312 and (202) 482-4047, respectively (India); Robert Palmer at (202) 482-9068 (Italy); Myrna Lobo at (202) 482-2371 (the People's Republic of China, and the Republic of Korea); Kristen Johnson at (202) 482-4793 (Taiwan), AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Background

On June 23, 2015, the Department of Commerce (Department) initiated the countervailing duty investigations of certain corrosion-resistant steel products from India, Italy, the People's Republic of China, the Republic of Korea, and Taiwan.¹ Currently, the preliminary determinations are due no later than August 27, 2015.

Postponement of Due Date for the Preliminary Determinations

Section 703(b)(1) of the Tariff Act of 1930, as amended (Act), requires the Department to issue the preliminary determination in a countervailing duty investigation within 65 days after the date on which the Department initiated the investigation. However, section 703(c)(1) of the Act permits the Department to postpone making the preliminary determination until no later than 130 days after the date on which it initiated the investigation if, among other reasons, the petitioner makes a timely request for a postponement, or the Department concludes that the parties concerned are cooperating and determines that the investigation is extraordinarily complicated. On August 3, 2015, United States Steel Corporation;

¹ See *Certain Corrosion-Resistant Steel Products from the People's Republic of China, India, Italy, the Republic of Korea, and Taiwan: Initiation of Countervailing Duty Investigations*, 80 FR 37223 (June 30, 2015) (*Initiation Notice*).

Nucor Corporation; Steel Dynamics, Inc.; ArcelorMittal USA, LLC; AK Steel Corp.; and California Steel Industries (collectively, Petitioners) made a timely request to postpone the preliminary countervailing duty determinations.² Therefore, pursuant to the discretion afforded the Department under 703(c)(1)(A) of the Act and because the Department does not find any compelling reason to deny the request, we are fully extending the due date until 130 days after the Department's initiation for the preliminary determinations. The deadline for the completion of the preliminary determinations is now November 2, 2015.³

Dated: August 6, 2015.

SUPPLEMENTARY INFORMATION:

Background

Sections 101(a)(5)(A) and (D) of the MMPA (16 U.S.C. 1361 *et seq.*) direct the Secretary of Commerce to allow, upon request, the incidental, but not intentional, taking of small numbers of marine mammals by U.S. citizens who engage in a specified activity (other than commercial fishing) within a specified geographical region if certain findings are made and either regulations are issued or, if the taking is limited to harassment, a notice of a proposed authorization is provided to the public for review.

An authorization for incidental takings shall be granted if NMFS finds that the taking will have a negligible impact on the species or stock(s), will not have an unmitigable adverse impact on the availability of the species or stock(s) for subsistence uses (where relevant), and if the permissible methods of taking and requirements

pertaining to the mitigation, monitoring and reporting of such takings are set forth. NMFS has defined "negligible impact" in 50 CFR 216.103 as ". . . an impact resulting from the specified activity that cannot be reasonably expected to, and is not reasonably likely to, adversely affect the species or stock through effects on annual rates of recruitment or survival."

Section 101(a)(5)(D) of the MMPA established an expedited process by which citizens of the U.S. can apply for a one-year authorization to incidentally take small numbers of marine mammals by harassment, provided that there is no potential for serious injury or mortality to result from the activity. Section 101(a)(5)(D) establishes a 45-day time limit for NMFS review of an application followed by a 30-day public notice and comment period on any proposed authorizations for the incidental harassment of marine mammals. Within 45 days of the close of the comment period, NMFS must either issue or deny the authorization.

Summary of Request

On April 22, 2015, Bergerson submitted a request to NMFS requesting an IHA for the possible harassment of small numbers of Pacific harbor seal (*Phoca vitulina richardii*) and California sea lion (*Zalophus californianus*) incidental to construction associated with the Front Street Marine Transload Facility in the city of Newport, Oregon, for a period of one year starting November 2015. NMFS determined the IHA application was complete on July 29, 2015, and proposes to issue an IHA that would be valid between November 1, 2015, and October 31, 2016. NMFS is proposing to authorize the Level B harassment of Pacific harbor seal and California sea lion.

Description of the Specified Activity

Overview

The purpose of the proposed Front Street Marine Transload Facility construction is to construct a new transload and fish buying facility at the current location of the Undersea Gardens. The new transload facility would provide local fisherman with an alternative location for selling their fish and shellfish in Newport, Oregon (see Figure 1 of Bergerson's IHA application).

The current Undersea Gardens and all associated structures would be removed prior to construction of the new facility. The new transload facility would consist of a 132-foot wide by 141-foot deep wharf comprised of precast concrete panels supported on steel
