NPRM Notice of Proposed Rulemaking  
COTP Captain of the Port

##### **A. Regulatory History and Information**

The Coast Guard is issuing this final rule after publication of NPRM USCG-2015-0563 (80 FR 42072; Jul. 16, 2015) which received no comments.

##### **B. Basis and Purpose**

The legal basis for the rule is the Coast Guard's authority to establish safety zones: 33 U.S.C. 1231; 33 CFR 1.05-1, 160.5; Department of Homeland Security Delegation No. 0170.1.

The purpose of this safety zone is to protect mariners and spectators from the hazards associated with the fireworks display, such as accidental discharge of fireworks, dangerous projectiles, and falling hot embers or other debris.

##### **C. Discussion of the Final Rule**

The Captain of the Port, Delaware Bay, is establishing a safety zone on specified waters that will encompass all waters of Indian River Bay, within a 200 foot radius of the fireworks barge in approximate position 38-36.58 N., 075-09.00 W., adjacent to Millsboro, Delaware. The safety zone will be effective from 8:45 p.m. to 10:15 p.m. on August 22 and September 26, 2015,

unless cancelled earlier by the Captain of the Port. Should inclement weather require cancellation of the fireworks display on the above scheduled dates, the safety zone will be effective from 8:45 p.m. to 10:15 p.m. on August 23 and September 27, 2015, respectively.

Entry into, transiting, or anchoring within the safety zone is prohibited unless authorized by the Captain of the Port, Delaware Bay, or his designated representative. The Captain of the Port, Delaware Bay, or his representative may be contacted via VHF channel 16 or at 215-271-4807.

##### **D. Regulatory Analyses**

We developed this rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analysis based on these statutes or executive orders.

###### *1. Regulatory Planning and Review*

This proposed rule is not a significant regulatory action under section 3(f) of Executive Order 12866, Regulatory Planning and Review, as supplemented by Executive Order 13563, Improving Regulation and Regulatory Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of Executive Order 12866 or under section 1 of Executive Order 13563. The Office of Management and Budget has not reviewed it under those Orders. Although this regulation will restrict access to the regulated area, the effect of this rule will not be significant because: (i) The Coast Guard will make extensive notification of the Safety Zone to the maritime public via maritime advisories so mariners can alter their plans accordingly; (ii) vessels may still be permitted to transit through the safety zone with the permission of the Captain of the Port on a case-by-case basis; and (iii) the size and duration of the zone are relatively limited in scope.

###### *2. Impact on Small Entities*

The Regulatory Flexibility Act of 1980 (RFA), 5 U.S.C. 601-612, as amended, requires federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term "small entities" comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this proposed rule will not have a significant economic impact on a substantial number of small entities.

This proposed rule would affect the following entities, some of which may be small entities: The owners or
