Certain Pasta From Italy: Final Results of Changed Circumstances Review

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

DATES: *Effective Date:* August 14, 2015.

SUMMARY: On June 12, 2015, the Department of Commerce (the Department) published its notice of initiation and preliminary results of a changed circumstances review (CCR) of the antidumping duty order on Certain Pasta from Italy.¹ The Department preliminarily determined that P.A.P. S.R.L. (PAP SRL) is the successor-in-interest to P.A.P. SNC Di Paziienza G. B. & C. (PAP SNC). No parties submitted comments, and for these final results we continue to find that PAP SRL is the successor-in-interest to PAP SNC.

FOR FURTHER INFORMATION CONTACT: Cindy Robinson or Eric B. Greynolds, AD/CVD Operations, Office III, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-3797 and (202) 482-6071, respectively.

SUPPLEMENTARY INFORMATION:

Background

On April 22, 2015, PAP SRL requested that the Department conduct a CCR to determine whether it is the successor-in-interest to PAP SNC, for purposes of determining antidumping duties due as a result of the *Pasta from Italy Order*.² On June 12, 2015, the Department published its *Initiation and Preliminary Results*, in which it preliminarily determined that PAP SRL is the successor-in-interest to PAP SNC.³ The Department invited

interested parties to comment on the *Preliminary Results*.⁴ We received none.

Scope of the Order

Imports covered by the order are shipments of certain non-egg dry pasta. The merchandise subject to review is currently classifiable under items 1901.90.90.95 and 1902.19.20 of the Harmonized Tariff Schedule of the United States (HTSUS). Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the merchandise subject to the order is dispositive.⁵

Final Results of Changed Circumstances Review

Because no parties submitted comments on the Department's *Initiation and Preliminary Results*, and because there is no other information or evidence on the record that calls into question the *Initiation and Preliminary Results*, the Department determines that PAP SRL is the successor-in-interest to PAP SNC for the purpose of determining antidumping duty liability.

Instructions to U.S. Customs and Border Protection

As a result of this determination, we find that PAP SRL should receive the cash deposit rate previously assigned to PAP SNC in the most recently completed review of the antidumping duty order on certain pasta from Italy. Consequently, the Department will instruct U.S. Customs and Border Protection to collect estimated antidumping duties for all shipments of subject merchandise exported by PAP SRL and entered, or withdrawn from warehouse, for consumption on or after the publication date of this notice in the **Federal Register** at the current cash deposit rate for PAP SNC, which is zero.⁶ This cash deposit requirement

⁶ PAP SNC was a respondent in the 14th administrative review of the *Pasta from Italy Order* and received a deposit rate of 3.57 percent. See *Pasta from Italy: Final Results of the Fourteenth Antidumping Duty Administrative Review*, 76 FR 76937 (December 9, 2011). As a result of the "section 129" determination, the company's deposit rate is now zero; see *Notice of Implementation of Determination Under Section 129 of the Uruguay Round Agreements Act: Stainless Steel Plate in Coils From Belgium, Steel Concrete Reinforcing Bars From Latvia, Purified Carboxymethylcellulose From Finland, Certain Pasta From Italy, Purified*
