

any time or in response to the stated agenda of planned meeting of the Board.

All written statements shall be submitted to the DFO for the Board, and this individual will ensure that the written statements are provided to the membership for their consideration. Contact information for the Board's DFO can be obtained from the GSA's FACA Database—<http://www.facadatabase.gov/>.

The DFO, pursuant to 41 CFR 102–3.150, will announce planned meetings of the Board. The DFO, at that time, may provide additional guidance on the submission of written statements that are in response to the stated agenda for the planned meeting in question.

Dated: August 12, 2015.

Aaron Siegel,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

DEPARTMENT OF DEFENSE

Department of the Navy

Meeting of the U.S. Naval Academy Board of Visitors

AGENCY: Department of the Navy, DoD.

ACTION: Notice of Partially Closed Meeting.

SUMMARY: The U.S. Naval Academy Board of Visitors will meet to make such inquiry, as the Board shall deem necessary, into the state of morale and discipline, the curriculum, instruction, physical equipment, fiscal affairs, and academic methods of the Naval Academy. The executive session of this meeting from 11:00 a.m. to 12:00 p.m. on September 28, 2015, will include discussions of new and pending administrative/minor disciplinary infractions and non-judicial punishment proceedings involving Midshipmen attending the Naval Academy to include but not limited to individual honor/conduct violations within the Brigade; the disclosure of which would constitute a clearly unwarranted invasion of personal privacy. For this reason, the executive session of this meeting will be closed to the public.

DATES: The open session of the meeting will be held on September 28, 2015, from 8:30 a.m. to 11:00 a.m. The executive session held from 11:00 a.m. to 12:00 p.m. will be the closed portion of the meeting.

ADDRESSES: The meeting will be held at the Library of Congress in Washington, DC. The meeting will be handicap accessible.

FOR FURTHER INFORMATION CONTACT: Lieutenant Commander Eric Madonia, USN, Executive Secretary to the Board of Visitors, Office of the Superintendent, U.S. Naval Academy, Annapolis, MD 21402–5000, (410) 293–1503.

SUPPLEMENTARY INFORMATION: This notice of meeting is provided per the Federal Advisory Committee Act, as amended (5 U.S.C. App.). The executive session of the meeting from 11:00 a.m. to 12:00 p.m. on September 28, 2015, will consist of discussions of new and pending administrative/minor disciplinary infractions and non-judicial punishments involving midshipmen attending the Naval Academy to include but not limited to, individual honor/conduct violations within the Brigade. The discussion of such information cannot be adequately segregated from other topics, which precludes opening the executive session of this meeting to the public. Accordingly, the Department of the Navy/Assistant for Administration has determined in writing that the meeting shall be partially closed to the public because the discussions during the executive session from 11:00 a.m. to 12:00 p.m. will be concerned with matters protected under sections 552b(c) (5), (6), and (7) of title 5, United States Code.

Authority: 5 U.S.C. 552b.

Dated: July 11, 2015.

N.A. Hagerty-Ford

Commander, Judge Advocate General's Corps, U.S. Navy, Federal Register Liaison Officer.

BILLING CODE 3810–FF–P

DEPARTMENT OF ENERGY

Office of Science; Department of Energy; Notice of Renewal of the High Energy Physics Advisory Panel

Pursuant to Section 14(a)(2)(A) of the Federal Advisory Committee Act, App. 2, and section 102–3.65, title 41, Code of Federal Regulations and following consultation with the Committee Management Secretariat, General Services Administration, notice is hereby given that the High Energy Physics Advisory Panel has been renewed for a two-year period.

The Panel will provide advice to the Director, Office of Science (DOE), and the Assistant Director, Mathematical & Physical Sciences Directorate (NSF), on long-range planning and priorities in the national high-energy physics program. The Secretary of Energy has determined that renewal of the Panel is essential to conduct business of the Department of Energy and the National Science

Foundation and is in the public interest in connection with the performance of duties imposed by law upon the Department of Energy.

The Panel will continue to operate in accordance with the provisions of the Federal Advisory Committee Act (Pub. L. 92–463), the General Services Administration Final Rule on Federal Advisory Committee Management, and other directives and instructions issued in implementation of those acts.

FOR FURTHER INFORMATION CONTACT: John Kogut at (301) 903–1298.

Issued in Washington DC on August 12, 2015.

Erica De Vos,

Acting Committee Management Officer.

Availability of Work Plan Chemical Problem Formulation and Initial Assessment and Data Needs Assessment Documents for Flame Retardant Clusters; Notice and Public Comment Periods

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: EPA is announcing the availability and opening of a 60-day public comment period for TSCA Work Plan Chemical problem formulation and initial assessment documents for three flame retardant clusters. EPA is also making available and opening a 120-day public comment period for the TSCA Work Plan Chemical data needs assessment document for the Brominated Phthalates flame retardant cluster. Based on experience in conducting TSCA Work Plan Chemical assessments and public input, starting in 2015 EPA will publish a problem formulation and initial assessment, or a data needs assessment, for each TSCA Work Plan assessment as a stand-alone document to facilitate public input prior to conducting further risk analysis. EPA believes publishing problem formulation and initial assessment documents for TSCA Work Plan assessments will increase transparency about EPA's thinking and analysis process, provide opportunity for the public to comment on EPA's approach, and give EPA the opportunity to receive additional information/data prior to EPA conducting detailed risk analysis
