Hand Trucks and Certain Parts Thereof From the People’s Republic of China: Continuation of Antidumping Duty Order

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

DATES: Effective date: August 19, 2015.

SUMMARY: As a result of the determinations by the Department of Commerce (the Department) and the International Trade Commission (ITC) that revocation of the antidumping duty order on hand trucks and certain parts thereof (hand trucks) from the People’s Republic of China (PRC) would likely lead to a continuation or recurrence of dumping and material injury to an industry in the United States, the Department is publishing a notice of continuation for this antidumping duty order.

SUPPLEMENTARY INFORMATION:

Background

On March 2, 2015, the Department initiated this sunset review on the antidumping duty order on hand trucks from the PRC, pursuant to section 751(c) and 752 of the Tariff Act of 1930, as amended (the Act).1 As a result of the review, the Department found that revocation of the antidumping order would likely lead to a continuation or recurrence of dumping, and therefore, notified the ITC of the magnitude of the dumping margins likely to prevail were the order to be revoked.2 On August 5, 2015, the ITC published its determination pursuant to section 751(c) and 752 of the Act that revocation of the antidumping duty order of hand trucks from the PRC would lead to a continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.3

Scope of the Order for Hand Trucks

The merchandise subject to this antidumping duty order consists of hand trucks manufactured from any material, whether assembled or unassembled, complete or incomplete, suitable for any use, and certain parts thereof, namely the vertical frame, the handling area and the projecting edges or toe plate, and any combination thereof.

A complete or fully assembled hand truck is a hand-propelled barrow consisting of a vertically disposed frame having a handle or more than one handle at or near the upper section of the vertical frame; at least two wheels at or near the lower section of the vertical frame; and a horizontal projecting edge or edges, or toe plate, perpendicular or angled to the vertical frame, at or near the lower section of the vertical frame. The projecting edge or edges, or toe plate, slides under a load for purposes of lifting and/or moving the load.

That the vertical frame can be converted from a vertical setting to a horizontal setting, then operated in that horizontal setting as a platform, is not a basis for exclusion of the hand truck from the scope of this petition. That the vertical frame, handling area, wheels, projecting edges or other parts of the hand truck can be collapsed or folded is

Continuation of the Order

As a result of the determinations by the Department and the ITC that revocation of this antidumping duty order would likely lead to a continuation or recurrence of dumping and material injury to an industry in the United States, pursuant to sections 751(c) and 751(d)(2) of the Act, the Department hereby orders the continuation of the antidumping duty order on hand trucks from the PRC. U.S. Customs and Border Protection will continue to collect cash deposits for estimated antidumping duties at the rates in effect at the time of entry for all imports of subject merchandise.

The effective date of the continuation of this order will be the date of publication in the Federal Register of this notice of continuation. Pursuant to section 751(c)(2) of the Act, the Department intends to initiate the next five-year review of this order not later than 30 days prior to the fifth anniversary of the effective date of continuation of the order.

This five-year (sunset) review and this notice are in accordance with section 755 of the Act, and 19 CFR 351.218(f)(4).

Dated: August 12, 2015.

International Pacific Halibut Commission Appointments

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of call for nominations.

SUMMARY: In May 2015, NOAA Fisheries publicly solicited nominations for two presidential appointments to serve as U.S. Commissioners to the IPHC. This multi-step nomination process is intended to provide extensive participation by stakeholders in the Pacific halibut fishery and result in the appointment of two highly qualified individuals to represent the U.S. Government in this important international fisheries management organization. The most recent IPHC public nomination process yielded two names for the two expiring seats, both re-nominations. U.S. Commissioners to the IPHC are appointed for a term not to exceed 2 years, but are eligible for reappointment. While this recent solicitation of nominations resulted in two strong candidates, NOAA Fisheries is seeking a greater number of nominations from which to propose two candidates for appointment by the President. Additionally, the lack of a larger candidate pool impacts the ability of recommending officials to propose Alternative Commissioners. The Secretary of State, in consultation with the Secretary of Commerce, may designate Alternative U.S. Commissioners to serve in the absence of duly appointed U.S. Commissioners. Nominations for IPHC U.S. Commissioner and letters of public support that have already been submitted in response to the original solicitation notice do not need to be resubmitted. Nominations are open to all qualified individuals and may include current Commissioners.

DATES: Nominations must be received by September 18, 2015. A list of nominees will be published on the NMFS Alaska Regional Office Web site (http://www.alaskafisheries.noaa.gov/) on September 23, 2015. Public comments relating to this list of nominees will be accepted until October 23, 2015.

ADDRESSES: Nominations for U.S. Commissioners to the IPHC may be made in writing to Mr. Patrick E. Moran, Office of International Affairs and Seafood Inspection, National Marine Fisheries Service, at 1315 East-West Highway, Silver Spring, MD 20910. Nominations may also be sent via fax (301–713–2313) or email (IPHC2015nominations@noaa.gov). Please send all public comments via email to IPHC2015comments@noaa.gov.

FOR FURTHER INFORMATION CONTACT: Mr. Patrick E. Moran, (301) 427–8370.

SUPPLEMENTAL INFORMATION:

Background

The IPHC is a bilateral regional fishery management organization established pursuant to the Convention between Canada and the United States for the Preservation of the Halibut Fishery of the North Pacific Ocean and Bering Sea (Convention). The Convention was signed at Ottawa, Ontario, on March 2, 1953, and was amended by a Protocol Amending the Convention signed at Washington, DC, on March 29, 1979. The Convention’s central objective is to publish the stocks of Pacific halibut in waters off the west coasts of Canada and the United States.
