Marine Mammal Stock Assessment Reports

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of availability; response to comments.

SUMMARY: As required by the Marine Mammal Protection Act (MMPA), NMFS has incorporated public comments into revisions of the 2014 marine mammal stock assessment reports (SARs).

ADDRESSES: Electronic copies of SARs are available on the Internet as regional compilations and individual reports at the following address: <http://www.nmfs.noaa.gov/pr/sars/>.

FOR FURTHER INFORMATION CONTACT: Shannon Bettridge, Office of Protected Resources, 301-427-8402, Shannon.Bettridge@noaa.gov; Marcia Muto, Alaska Fisheries Science Center,

SUPPLEMENTARY INFORMATION:

Background

Section 117 of the MMPA (16 U.S.C. 1361 *et seq.*) requires NMFS and the U.S. Fish and Wildlife Service (FWS) to prepare SARs for each stock of marine mammals occurring in waters under the jurisdiction of the United States. These reports contain information regarding the distribution and abundance of the stock, population growth rates and trends, the stock's Potential Biological Removal (PBR) level, estimates of annual human-caused mortality and serious injury from all sources, descriptions of the fisheries with which the stock interacts, and the status of the stock. Initial reports were completed in 1995.

The MMPA requires NMFS and FWS to review the SARs at least annually for strategic stocks and stocks for which significant new information is available, and at least once every three years for non-strategic stocks. NMFS and FWS are required to revise a SAR if the status of the stock has changed or can be more accurately determined. NMFS, in conjunction with the Alaska, Atlantic, and Pacific Scientific Review Groups (SRGs), reviewed the status of marine mammal stocks as required and revised reports in each of the three regions.

As required by the MMPA, NMFS updated SARs for 2014, and the revised reports were made available for public review and comment for 90 days (80 FR 4881, January 29, 2015). NMFS received comments on the draft SARs and has revised the reports as necessary. This notice announces the availability of the final 2014 reports for the 88 stocks that are currently finalized. These reports are available on NMFS' Web site (see **ADDRESSES**).

Comments and Responses

NMFS received letters containing comments on the draft 2014 SARs from the Marine Mammal Commission (Commission), the Makah Tribe, seven non-governmental organizations (The Humane Society of the United States, Center for Biological Diversity, Oceana, Turtle Island Restoration Network, Hawaii Longline Association, Sustainable Fisheries Association, and the Maine Lobstermen's Association), and five individuals.
