

done without intending to relinquish his/her U.S. nationality.

In addition to the time spent processing renunciations overseas and domestically, the full cost of processing renunciations includes a portion of overhead costs that support consular operations overseas per OMB Circular A-25, Revised. These costs include overseas rent and security, information technology equipment, and applicable headquarters support. The Consular Time Charge of \$135 per hour was not used in calculating the cost of a renunciation service. The Consular Time Charge is used in conjunction with other for-fee services listed on the Schedule of Fees for Consular Services that are provided outside of the office or outside of normal working hours.

Four comments asserted that the renunciation should be made more efficient rather than more costly. A few asked if there were ways to reduce bureaucracy and paperwork to lower the cost of the service. Specifically, one commenter pointed to the German renunciation process, which involves an online application, mailed certified copies of certain documents, and no in-person interviews. As described above, certain legal requirements exist in the U.S. system, unique to our laws and jurisprudence, to protect both the integrity of the process and the rights of those renouncing. The renunciation process involves significant safeguards to ensure that the renunciant is a U.S. national, fully understands the serious consequences of renunciation, and seeks to renounce voluntarily and intentionally. In short, the comprehensive process of expatriation under U.S. law does not impinge, but rather protects, the right of expatriation.

Finally, two comments raised questions about payment options and sought clarification on the effective date for the fee change. The new fee for processing renunciations took effect September 12, 2014. Payment by credit card (at most posts) or cash (in local or U.S. currency) is accepted at post at the time that the oath of renunciation is sworn.

In addition to the comments on the renunciation fee increase, the Department also received eight comments about the changes in immigrant and nonimmigrant visa fees. Most sought clarification on how the visa fees were changing, which payment options are available, and when the new fees will go into effect. One commenter asserted that the visa fees are set too low.

All tiered immigrant and nonimmigrant visa fees addressed in this rulemaking are set to reflect the

costs of providing each service. The new visa fees went into effect on September 12, 2014. Further details on particular fees, including payment options, can be found on the Web site of the embassy or consulate where the applicant would like to make a visa appointment.

Conclusion

The Department adjusted the fees in light of the CoSM's findings that the U.S. government was not fully covering its costs for providing these consular services. Pursuant to OMB guidance, the Department endeavors to recover the cost of providing services that benefit specific individuals, as opposed to the general public. See OMB Circular A-25, ¶ 6(a)(1), (a)(2)(a). For this reason, the Department has adjusted the Schedule.

Regulatory Findings

For a summary of the regulatory findings and analyses regarding this rulemaking, please refer to the findings and analyses published with the interim final rule, which can be found at 79 FR 51247, which are adopted herein. The rule became effective September 6, 2014. As noted above, the Department has considered the comments submitted in response to the interim final rule, and does not adopt them. Thus, the rule remains in effect.

This proposed rule is not a significant regulatory action under section 3(f) of Executive Order 12866, Regulatory Planning and Review, as supplemented by Executive Order 13563, Improving Regulation and Regulatory Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of Executive Order 12866 or under section 1 of Executive Order 13563. OMB has not reviewed it under those Orders. The Department of State has also considered this rule in light of Executive Order 13563, dated January 18, 2011, and affirms that this regulation is consistent with the guidance therein.

Federal Housing Administration (FHA): Standardizing Method of Payment for FHA Insurance Claims

AGENCY: Office of the Assistant Secretary for Housing-Federal Housing Commissioner, HUD.

ACTION: Final rule.

SUMMARY: This final rule is a cost-savings measure to update HUD's regulations regarding the payment of FHA insurance claims in debentures. Section 520(a) of the National Housing Act grants the Secretary discretion to pay insurance claims in cash or debentures. Although some sections of HUD's regulations have provided mortgagees the option to elect payment of FHA insurance claims in debentures, HUD has not paid an FHA insurance claim in debentures under these regulations in approximately 5 years. This final rule amends applicable FHA regulations to bring consistency in determining the method of payment for FHA insurance claims. This final rule follows publication of the February 20, 2015, proposed rule and adopts the proposed rule without change.

DATES: *Effective Date:* September 24, 2015.

SUPPLEMENTARY INFORMATION:

I. Background—the February 20, 2015, Proposed Rule

On February 20, 2015, HUD published a rule in the **Federal Register**, at 80 FR

9253, proposing to bring consistency and uniformity to the payment of FHA insurance claims among FHA programs. Under section 520(a) of the National Housing Act, the Secretary has the discretion to pay insurance claims in either cash or debentures.¹ HUD pursued this proposed rule because some of FHA's regulations provided mortgagees with the ability to request and receive payment of an insurance claim on a loan insured under the National Housing Act in debentures. As a result of these regulations, HUD was required to maintain an interagency agreement with the United States Department of the Treasury (Treasury), which is the agency responsible for issuing and servicing debentures, costing HUD over \$206,000 per year, despite the fact that there are no current debentures being serviced by Treasury for HUD, and HUD has not paid an FHA insurance claim in debentures in approximately 5 years.

The February 20, 2015, rule proposed amending FHA's regulations to bring uniformity and consistency in the payment of FHA insurance claims among FHA programs in the following sections: §§ 203.400, 203.476, 203.478, 207.259, 220.751, 220.760, 220.822, 221.762, 232.885, 236.265, 241.261, 241.885, and 241.1205. As a result of these changes, § 220.760 was proposed to be removed because it was unnecessary. Please see the February 20, 2015, proposed rule for a more detailed description of the proposed changes.

II. This Final Rule

The public comment period for the proposed rule closed on April 21, 2015, and HUD did not receive any public comments. As a result, this final rule adopts the proposed rule without change.

III. Findings and Certifications

Regulatory Review—Executive Order 13563

Executive Order 13563 (Improving Regulations and Regulatory Review) directs executive agencies to analyze regulations that are “outmoded, ineffective, insufficient, or excessively burdensome, and to modify, streamline, expand, or repeal them in accordance with what has been learned.” Executive Order 13563 also directs that, where relevant, feasible, and consistent with regulatory objectives, and to the extent permitted by law, agencies are to identify and consider regulatory approaches that reduce burdens and

maintain flexibility and freedom of choice for the public.

Consistent with Executive Order 13563, the purposes of the reform to FHA's regulations regarding Secretarial discretion of the type of FHA insurance claim payment are to eliminate unnecessary spending and to bring consistency regarding the payment of insurance claims across FHA programs. As discussed in the preamble, the interagency agreement with Treasury costs HUD over \$206,000 per year, even though HUD currently does not have any debentures for payment of FHA insurance claims in circulation, and has not made a payment in debentures in approximately 5 years for these insurance claims. In addition, different FHA programs treat payment of FHA insurance claims differently, and this final rule simplifies the regulations so that the authority to determine the method of claim payment rests with the Secretary who can determine whether it is fiscally prudent to offer FHA insurance claim payments in debentures, cash, or both.

Regulatory Flexibility Act

The Regulatory Flexibility Act (RFA) (5 U.S.C. 601 *et seq.*) generally requires an agency to conduct a regulatory flexibility analysis of any rule subject to notice and comment rulemaking requirements, unless the agency certifies that the rule will not have a significant economic impact on a substantial number of small entities. This final rule only changes the party which has the authority to determine the method of payment of FHA single family, multifamily, and healthcare insurance claims. Accordingly, the undersigned certifies that this final rule will not have a significant economic impact on a substantial number of small entities.

Environmental Impact

This final rule does not direct, provide for assistance or loan and mortgage insurance for, or otherwise govern or regulate the following: real property acquisition, disposition, leasing, rehabilitation, alteration, demolition, or new construction. Furthermore, the rule does not establish, revise, or provide for standards for construction or construction materials, manufactured housing, or occupancy. Accordingly, under 24 CFR 50.19(c)(1), this final rule is categorically excluded from environmental review under the National Environmental Policy Act of 1969 (42 U.S.C. 4321).

Executive Order 13132, Federalism

Executive Order 13132 (entitled “Federalism”) prohibits an agency from

publishing any rule that has federalism implications if the rule either (i) imposes substantial direct compliance costs on State and local governments and is not required by statute or (ii) preempts State law, unless the agency meets the consultation and funding requirements of section 6 of the Executive order. This final rule does not have federalism implications and does not impose substantial direct compliance costs on State and local governments or preempt State law within the meaning of the Executive order.

Unfunded Mandates Reform Act

Title II of the Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) (UMRA) establishes requirements for Federal agencies to assess the effects of their regulatory actions on State, local, and tribal governments and on the private sector. This final rule does not impose any Federal mandates on any State, local, or tribal governments or on the private sector, within the meaning of the UMRA.

Paperwork Reduction Act

This final rule reduces information collection requirements already submitted to the Office of Management and Budget (OMB) under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520). In accordance with the Paperwork Reduction Act, an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless the collection displays a currently valid OMB control number.
