year to year, and determine what new services customers desire. The customer service survey consists of one document containing questions about timeliness, cost effectiveness, accuracy, consistency, usefulness of services and results, and the professionalism of employees. Some examples of survey questions include the following: “I receive results in a timely manner,” “Official results are accurate,” and “Inspection personnel are knowledgeable.” These survey questions would be assessed using a one to five rating scale with responses ranging from “strongly disagree” to “strongly agree” or “no opinion.” Customers would also be asked about the products for which they primarily request service, and what percentage of their product is officially inspected. Customers can also provide additional comments or request new or existing services on the survey. Space would be added on the revised survey for customers to provide their email addresses should they wish to be directly contacted about their survey responses.

By obtaining information from customers through a voluntary customer service survey, FGIS believes that it will continue to improve services and service delivery of its official inspection, grading, and weighing programs that meets or exceeds customer expectations.

**Estimate of Burden:** Public reporting burden for this collection of information is estimated to average 10 minutes (i.e., 0.167 hours) per response.

**Respondents:** The primary respondents will be interested current or potential customers of the official inspection, grading, and weighing program who either visit the GIPSA Web site or receive the link via outreach communications.

**FY 2016: Estimated Number of Respondents:** 605 (i.e., 1100 total customers times 55% response rate = 605).

**Frequency of Responses:** 1.

**Estimated Annual Burden:** 109 hours (605 responses times 0.167 hours/response = 100 hours plus 495 non respondents times 0.0170 hours/response = 10 hours)

**FY 2017:**

**Estimated Number of Respondents:** 616. (i.e., 1100 total customers times 56% response rate = 616).

**Frequency of Responses:** 1.

**Estimated Annual Burden:** 111 hours (616 responses times 0.167 hours/response plus 484 non respondents times 0.0170 hours/response = 111 hours).

**FY 2018:**

**Estimated Number of Respondents:** 627 (i.e., 1100 total customers times 57% response rate = 627).

**Frequency of Responses:** 1.

**Estimated Annual Burden:** 105 hours (627 responses times 0.167 hours/response plus 473 non respondents times 0.0170 hours/response = 113 hours).

As required by the PRA (44 U.S.C. 3506(c)(2)(A)) and its implementing regulations (5 CFR 1320.8(d)(1)(i)), GIPSA specifically requests comments on: (1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) the accuracy of GIPSA’s estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

All responses to this notice will be summarized and included in the request for OMB approval. All comments will become a matter of public record.

Larry Mitchell,
Administrator, Grain Inspection, Packers and Stockyards Administration.

**FOR FURTHER INFORMATION CONTACT:** Requests for additional information or copies of the information collection instrument(s) and instructions should be directed to Erica M. Filipek, U.S. Census Bureau, EID, CENHQ Room 7K057, 4600 Silver Hill Road, Washington, DC 20233–6900, telephone (301) 763–5161 (or via email at erica.mary.filipek@census.gov).

**SUPPLEMENTARY INFORMATION:**

I. **Abstract**

The Census Bureau plans to request a revision of a currently approved collection for forms C–700, C–700(R), C–700(SL), and C–700(F). These forms are used to conduct the Construction Progress Reporting Surveys (CPRS) and collect information on the dollar value of construction put in place. Form C–700, Private Construction Projects, collects construction put in place data for nonresidential projects owned by private companies or individuals. Form C–700(R), Multi-family Residential Projects, collects construction put in place data for private multi-family residential buildings. Form C–700(SL), State and Local Government Projects, collects construction put in place data for state and local government projects. Form C–700(F), Federal Government Projects collects construction put in place for federal government projects.

The Census Bureau uses the information from these surveys to publish the value of construction put in place for the ‘Construction Spending’ monthly principal economic indicator. Published estimates are used by a variety of private business and trade associations to estimate the demand for building materials and to schedule production, distribution, and sales efforts. They also provide various government agencies with a tool to evaluate economic policy and to measure progress towards established goals. For example, Bureau of Economic Analysis staff use data to develop the construction components of gross private domestic investment in the gross domestic product. The Federal Reserve Board and the Department of the Treasury use the value in place data to predict the gross domestic product, which is presented to the Board of Governors and has an impact on monetary policy.

There are two changes planned to the content of these questionnaires. The first is the elimination of the data item...
for square footage of the construction project. This information was used for editing but is no longer needed. The second change is the addition of a data item to collect the projected completion date to assist with imputation if a response is not obtained in future months.

II. Method of Collection

An independent systematic sample of construction projects is selected each month according to predetermined sample rates. Once a project is selected, it remains in the sample until completion of the project. Preprinted forms are mailed monthly to respondents to fill in current month data and any revisions to previous months. Respondents also have the option to report online using a password protected site. Nonrespondents are later called by a Census interviewer and are asked to report data over the phone. Having the information available from a database at the time of the interview greatly helps reduce the time respondents spend on the phone. Interviews are scheduled at the convenience of the respondent, which further reduces their burden.

III. Data

OMB Control Number: 0607–0153.
Form Number(s): C–700, C–700(R), C–700(SL), C–700(F).

Type of Review: Regular submission.
Affected Public: Individuals, Businesses or Other for Profit, Not-for-Profit Institutions, Small Businesses or Organizations, State and Local Government, and the Federal Government.

Estimated Number of Respondents:
C–700 = 6,900; C–700(R) = 3,300; C–700(SL) = 12,200; C–700(F) = 1,600;
TOTAL = 24,000.

Estimated Time per Response:
30 min. for the first month; and 10 min. for the subsequent month. We estimate, on average, that projects remain in sample for 12 months.

Estimated Total Annual Burden Hours: 56,000.
Estimated Total Annual Cost to Public: $0.

Respondent’s Obligation: Voluntary.
Legal Authority: Title 13 U.S.C. 131 and 182.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency’s estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Glenna Mickelson,
Management Analyst, Office of the Chief Information Officer.

Notice of National Advisory Council on Innovation and Entrepreneurship Meeting

AGENCY: Economic Development Administration, Commerce.

ACTION: Notice of an open meeting.

SUMMARY: The National Advisory Council on Innovation and Entrepreneurship (NACIE) will hold a public meeting on Thursday, September 17, 2015, 2:00–3:30 p.m. Eastern Daylight Time (EDT) and Friday, September 18, 2015, 8:45 a.m.–12:00 p.m. EDT. During this time, members will continue to work on various Council initiatives which include: Innovation, entrepreneurship and workforce talent. Additionally, the Council will discuss and identify next steps.

DATES:
Thursday, September 17, 2015, Time: 2:00–3:30 p.m. EDT
Friday, September 18, 2015, Time: 8:45 a.m.–12:00 p.m. EDT

SUPPLEMENTARY INFORMATION: The Council was chartered on November 10, 2009 to advise the Secretary of Commerce on matters related to innovation and entrepreneurship in the United States. NACIE’s overarching focus is recommending transformational policies to the Secretary that will help U.S. communities, businesses, and the workforce become more globally competitive. The Council operates as an independent entity within the Office of Innovation and Entrepreneurship (OIE), which is housed within the U.S. Commerce Department’s Economic Development Administration. NACIE members are a diverse and dynamic group of successful entrepreneurs, innovators, and investors, as well as leaders from nonprofit organizations and academia.

The purpose of this meeting is to discuss the Council’s planned work initiatives in three focus areas: Workforce/talent, entrepreneurship, and innovation. The final agenda will be posted on the NACIE Web site at http://www.eda.gov/oie/nacie/ prior to the meeting. Any member of the public may submit pertinent questions and comments concerning the Council’s affairs at any time before or after the meeting. Comments may be submitted to the Office of Innovation and Entrepreneurship at the contact information below. Those unable to attend the meetings in person but wishing to listen to the proceedings can do so through a conference call line: 1–888–469–3146, passcode: 1371820 for both meeting days on September 17 and September 18. Copies of the meeting minutes will be available by request within 90 days of the meeting date.

Julie Lenzer Kirk,
Director, Office of Innovation and Entrepreneurship.
