

Revision: In Fiscal Year 2015, MBDA has developed a new client intake and customer transaction forms for use in the business center program. The new forms include a statement regarding MBDA's intended use by MBDA and transfer of the information collected to other federal agencies for the purpose of conducting research and studies on minority businesses.

The following new information will be provided on the MBDA Client Engagement Form: *By submitting this form, your company agrees to allow the Minority Business Development Agency (MBDA) in Washington, D.C. to share this document, information contained therein, and any supplementary material provided by your company (collectively "Client Engagement Form") on an as needed basis, with other United States Government agencies to carry out appropriate due diligence and more effectively advocate for your interests. The Client Engagement Form also may be used by MBDA and MBDA Business Centers for the purposes of conducting research, studies, and analysis consistent with the MBDA mission as stated in Executive Order 11625. The Client Engagement Form is considered business confidential and will not be shared with any other person or organization outside the U.S. Government unless the MBDA Headquarters is given permission to do so by your company. All business confidential information will be protected from disclosure to the extent permitted by law.*

The following new information will be provided on the Client Transaction Form: *By submitting this form, your company agrees to allow the Minority Business Development Agency (MBDA) in Washington, D.C. to share this document, information contained therein, and any supplementary material provided by your company (collectively "Verification Form") on an as needed basis, with other United States Government agencies to carry out appropriate due diligence and more effectively advocate for your interests. The Verification Form also may be used by MBDA and MBDA Business Centers for the purposes of conducting research, studies, and analysis consistent with the MBDA mission as stated in Executive Order 11625. The Verification Form is considered business confidential and will not be shared with any other person or organization outside the U.S. Government unless the MBDA Headquarters is given permission to do so by your company. All business confidential information will be protected from disclosure to the extent permitted by law.*

- The goal of this action is to proactively protect the ecosystem role of unmanaged forage species. In this context, “unmanaged” refers to species not currently managed by the Mid-Atlantic, New England, or South Atlantic Fishery Management Councils, or the Atlantic States Marine Fisheries Commission. The Council has not yet determined which type of action it will develop. The action could take the form of a new fishery management plan, an amendment to an existing fishery management plan, or another action.
- Scoping is the process of identifying issues, potential impacts, and a reasonable range of alternatives associated with a management action.

Scoping provides the first and best opportunity for the public to make suggestions and raise concerns about new Council actions. Public comments early in the development of this action will help the Council identify effective management alternatives and issues of concern.

FOR FURTHER INFORMATION CONTACT: Thomas A. Nies, Executive Director, New England Fishery Management Council; telephone: (978) 465–0492.

SUPPLEMENTARY INFORMATION:

Agenda

The Advisors will review preliminary 2015 scallop survey results and discuss

initial recommendations from the Scallop Plan Development Team (PDT) for FY 2016 and FY 2017 (default) fishery specifications (Framework 27). The Advisors will also provide input on potential Council work priorities for 2016 related to the scallop fishery management plan, and potentially identify recommendations for prioritizing the various potential work items. Staff will review from [draft analyses prepared for Amendment 19,] an action to address timing issues for fishery specifications, and advisors will identify preferred alternative recommendations. Staff will review progress on planning of a future workshop to discuss issues about potential inshore depletion. Finally, staff will review preliminary input from the PDT based on a Council motion to evaluate how to potentially improve information collected by observers on discard mortality and highgrading. Other business may be discussed.
