

parties to a proceeding submit an entry of appearance within 10 days of the publication of the Notice of Initiation.

Because deadlines in Sunset Reviews can be very short, we urge interested parties who want access to proprietary information under administrative protective order (“APO”) to file an APO application immediately following publication in the **Federal Register** of this notice of initiation. The Department’s regulations on submission of proprietary information and eligibility to receive access to business proprietary information under APO can be found at 19 CFR 351.304–306.

Information Required From Interested Parties

Domestic interested parties, as defined in section 771(9)(C), (D), (E), (F), and (G) of the Act and 19 CFR 351.102(b), wishing to participate in a Sunset Review must respond not later than 15 days after the date of publication in the **Federal Register** of this notice of initiation by filing a notice of intent to participate. The required contents of the notice of intent to participate are set forth at 19 CFR 351.218(d)(1)(ii). In accordance with the Department’s regulations, if we do not receive a notice of intent to participate from at least one domestic interested party by the 15-day deadline, the Department will automatically revoke the order without further review.⁴

If we receive an order-specific notice of intent to participate from a domestic interested party, the Department’s regulations provide that *all parties* wishing to participate in a Sunset Review must file complete substantive responses not later than 30 days after the date of publication in the **Federal Register** of this notice of initiation. The required contents of a substantive response, on an order-specific basis, are set forth at 19 CFR 351.218(d)(3). Note that certain information requirements differ for respondent and domestic parties. Also, note that the Department’s information requirements are distinct from the Commission’s information requirements. Consult the Department’s regulations for information regarding the Department’s conduct of Sunset Reviews. Consult the Department’s regulations at 19 CFR part 351 for definitions of terms and for other general information concerning antidumping and countervailing duty proceedings at the Department.

This notice of initiation is being published in accordance with section 751(c) of the Act and 19 CFR 351.218(c).

Dated: August 20, 2015.

Christian Marsh,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Notice of Availability of the Draft NOAA Commercial Space Policy

AGENCY: National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of availability of a Draft NOAA Commercial Space Policy; request for comments.

SUMMARY: As a science-based services agency, the National Oceanic and Atmospheric Administration (NOAA) strives to understand and predict changes in weather, climate, oceans, and coasts, and to provide critical environmental intelligence to the American public, decision makers, and our partners. NOAA accomplishes this, in part, through the use of observations obtained through a range of systems, including satellites, ships, ground, and in-situ networks.

NOAA’s space-based Earth observations are both important and challenging to obtain. In recent years, the commercial sector has invested increasing amounts of capital and resources to develop new technologies, and to build, launch, and operate satellites and ground-based systems. In order to respond to an ever-growing demand for environmental information, NOAA seeks to maintain an observing enterprise that is flexible, responsive to evolving technologies, and economically sustainable, while supporting and upholding NOAA’s strong commitment to public safety and the international data sharing system upon which NOAA depends for global data.

This policy establishes the broad principles for the use of commercial space-based approaches for NOAA’s observational requirements, and opens a pathway for new industry to join the space-based Earth observation process. As a part of this effort, and to ensure we examine potential solutions, NOAA is seeking comments, suggestions, and innovative ideas from the public on Draft NOAA Commercial Space Policy. Through www.regulations.gov/#!docketDetail;D=NOAA-NMFS-2015-0109, the public can view the Draft NOAA Commercial Space Policy, submit ideas, review submissions from other parties, and make comments and collaborate on ideas.

⁴ See 19 CFR 351.218(d)(1)(iii).

All comments are welcome. In particular, NOAA would like comments on in the following areas:

1. Does this policy adequately support the continued success of NOAA's public safety mission?

2. Does this policy allow for the development of viable business models for potential providers of commercial data?

3. Does this policy sufficiently consider the impacts to the private weather industry, academia, and other stakeholders?

4. Does this policy appropriately reflect the importance of U.S. data policy and international data sharing commitments?

DATES: Comments must be received by 5:00 p.m. on October 1, 2015.

ADDRESSES: You may submit comments on this document, identified by NOAA-NMFS-2015-0109, by any of the following methods:

Electronic Submission: Submit all electronic public comments via the Federal e-Rulemaking Portal. Go to www.regulations.gov/ [#!docketDetail;D=NOAA-NMFS-2015-0109](#), click the "Comment Now!" icon, complete the required fields, and enter or attach your comments.

Mail: Submit written comments to: NOAA, c/o Mr. Troy Wilds, U.S. Department of Commerce, National Oceanic and Atmospheric Administration, Suite 51032, 14th and Constitution Avenue NW., Washington, DC 20230.

Instructions: Comments sent by any other method, to any other address or individual, or received after the end of the comment period, may not be considered by NOAA. All comments received are a part of the public record and will generally be posted for public viewing on www.regulations.gov without change. All personal identifying information (e.g., name, address, etc.), confidential business information, or otherwise sensitive information submitted voluntarily by the sender will be publicly accessible.
