(Second Review)]

Chlorinated Isocyanurates From China and Spain; Institution of Five-Year Reviews

AGENCY: United States International Trade Commission.

ACTION: Notice.

SUMMARY: The Commission hereby gives notice that it has instituted reviews pursuant to the Tariff Act of 1930 (“the Act”), as amended, to determine whether revocation of the antidumping duty orders on chlorinated isocyanurates from China and Spain would be likely to lead to continuation or recurrence of material injury. Pursuant to the Act, interested parties are requested to respond to this notice by submitting the information specified below to the Commission;¹ to be assured of consideration, the deadline for responses is October 1, 2015. Comments on the adequacy of responses may be filed with the Commission by November 16, 2015.

DATES: *Effective Date:* September 1, 2015.

FOR FURTHER INFORMATION CONTACT:

Mary Messer (202-205-3193), Office of Investigations, U.S. International Trade Commission, 500 E Street SW., Washington, DC 20436. Hearing-impaired persons can obtain information on this matter by contacting the Commission’s TDD terminal on 202-205-1810. General information concerning the Commission may also be obtained by accessing its Internet server (<http://www.usitc.gov>). The public record for this proceeding may be viewed on the Commission’s electronic docket (EDIS) at <http://edis.usitc.gov>.

SUPPLEMENTARY INFORMATION:

Background.—On June 24, 2005, the Department of Commerce issued antidumping duty orders on imports of chlorinated isocyanurates from China and Spain (70 FR 36561). Following the five-year reviews by Commerce and the Commission, effective October 13, 2010, Commerce issued a continuation of the antidumping duty orders on imports of chlorinated isocyanurates from China and Spain (75 FR 62764). The Commission is now conducting second five-year reviews pursuant to section 751(c) of the Act, as amended (19 U.S.C. 1675(c)), to determine whether revocation of the orders would be likely to lead to continuation or recurrence of

material injury to the domestic industry within a reasonably foreseeable time. Provisions concerning the conduct of this proceeding may be found in the Commission’s Rules of Practice and Procedure at 19 CFR parts 201, subparts A and B and 19 CFR part 207, subparts A and F. The Commission will assess the adequacy of interested party responses to this notice of institution to determine whether to conduct full or expedited reviews. The Commission’s determinations in any expedited reviews will be based on the facts available, which may include information provided in response to this notice.

Definitions.—The following definitions apply to these reviews:

(1) *Subject Merchandise* is the class or kind of merchandise that is within the scope of the five-year reviews, as defined by the Department of Commerce.

(2) The *Subject Countries* in these reviews are China and Spain.

(3) The *Domestic Like Product* is the domestically produced product or products which are like, or in the absence of like, most similar in characteristics and uses with, the *Subject Merchandise*. In its original determinations and its expedited first five-year review determinations, the Commission defined a single *Domestic Like Product* as all chlorinated isocyanurates, coextensive with Commerce’s scope.

(4) The *Domestic Industry* is the U.S. producers as a whole of the *Domestic Like Product*, or those producers whose collective output of the *Domestic Like Product* constitutes a major proportion of the total domestic production of the product. In its original determinations, the Commission defined the *Domestic Industry* as all of the domestic integrated producers of chlorinated isocyanurates. The Commission was evenly divided in the original determinations with respect to whether or not to include those companies that only tablet and repackage chlorinated isocyanurates in the domestic industry (“tableters”). Three Commissioners found that tableters did not engage in sufficient production-related activity to qualify as domestic producers and three Commissioners found that they did. In its expedited first five-year review determinations, the Commission defined the *Domestic Industry* as all of the domestic integrated producers of chlorinated isocyanurates, excluding tableters. Two Commissioners found that the *Domestic Industry* includes tableters.

(5) An *Importer* is any person or firm engaged, either directly or through a
