during the current year. The covered revenues are freight revenue on merchandise exported from, or imported into, the United States. The covered expenses are expenses incurred in the United States for: (1) Fuel and oil; (2) wages and salaries paid to employees in the United States; (3) agents’ and brokers’ fees and commissions for arrangement of freight and passenger transportation; (4) aircraft handling and terminal services, aircraft (with crew) leasing expenses; and (5) all other expenses incurred in the United States except leasing (without crew) expenses.

Respondents are also asked to report: (1) Shipping weights on which freight revenues were earned; (2) the number of passengers transported to/from the United States; and (3) revenues associated with these passengers.

The data collected on the survey are needed to monitor U.S. trade in transport services to analyze the impact of U.S. trade on the U.S. and foreign economies, to compile and improve the U.S. economic accounts, to support U.S. commercial policy on trade in transport services, to conduct trade promotion, and to improve the ability of U.S. businesses to identify and evaluate market opportunities. The data are used in estimating the transport component of the U.S. international transactions accounts (ITAs) and national income and product accounts (NIPAs).

The Bureau of Economic Analysis (BEA) is proposing minor additions and modifications to the current BE–9 survey to minimize respondent burden while considering the needs of data users. Existing language in the instructions and definitions will be reviewed and adjusted as necessary to clarify survey requirements.

II. Method of Collection

Form BE–9 is a quarterly report that must be completed within 45 days after the end of each calendar quarter. BEA contacts potential respondents by mail the end of each calendar quarter. Entities required to report will be contacted individually by BEA. Entities not contacted by BEA have no reporting responsibilities.

BEA offers electronic filing through its eFile system for use in reporting on the BE–9 quarterly survey form. For information about eFile, go to www.bea.gov/efile. In addition, BEA posts all its survey forms and reporting instructions on its Web site, www.bea.gov/ssb. These may be downloaded, completed, printed, and submitted via fax or mail.

III. Data

OMB Control Number: 0608–0068.
will provide a platform for leading U.S. institutional investors, such as state pension and teacher retirement funds, and African government officials to discuss and implement best practices for reducing governance risk, strengthening capital markets and increasing long-term investment flows. At the same time, the program will help U.S. financial institutions and exporters to learn about and how to pursue opportunities to participate in large-scale business opportunities arising from transformational infrastructure projects in Africa. The goal of the Roadshow is to bring a new level of transparent and flexible private sector funding while providing private sector tools to improve the investment climate to allow more U.S. companies to close business deals.

The Roadshow is an initiative developed by the U.S. Department of Commerce in response to the need expressed by African leaders and the U.S. private sector for increased access to long-term private capital to fund large-scale infrastructure projects in Africa. It is a direct follow-up to the 2014 U.S.-Africa Business Forum and an official recommendation made by the President’s Advisory Council on Doing Business in Africa. For more information on the Roadshow concept, please see the official recommendations made by the President’s Advisory Council on Doing Business in Africa: http://www.trade.gov/pac-dbia/docs/PAC-DBIA-Report_Final.pdf. The inaugural launch in New York, New York will be the first event in a series of high-level engagements that are expected to be scheduled to take place across the continent of Africa. The Global Market’s Office of Europe, Middle East and Africa has entered into a joint project with McKinsey and Company to organize and hold the launch event. The launch event will comprise of approximately 20–25 individuals consisting of U.S. Government officials, government officials from African countries (expected to include at least some government Ministers and one or more heads of state), and representatives of U.S. institutional investors. The program will include keynote speeches, panels, and other presentations by attendees from both government and business. The program will include an overview of the financial business climate, a discussion of some of the leading proposed African infrastructure projects, and roundtable discussions on reactions to the proposed projects (including how to structure projects to attract foreign investment and factors that the U.S. private sector looks for and considers when assessing whether to invest). Public Participation: U.S. institutional investors or U.S. investment fund managers that represent U.S. institutional investors (state pension and teacher retirement funds), are eligible to apply for participation. Please note that space is limited at the launch event and applying does not guarantee participation. All applicants will be evaluated based on their ability to meet certain conditions and best satisfy the selection criteria as outlined below. Due to space limitations, participation is limited to no more than two representatives of each participating U.S. institutional investor or U.S. investment fund managers that represent U.S. institutional investors. If you are interested in being considered as a participant for the September 29, 2015 launch event, you must apply by sending an email to the address below by September 18th, 2015. The email must include the name of the proposed participant(s), title(s), company name, business contact information, a brief bio of the proposed participant(s), and a description of the company’s interest in the event (including any relevant past, on-going, or planned investments or intent to invest in infrastructure and/or in Africa). Investment fund managers also must certify that they represent U.S. institutional investors. Do not include any business confidential or proprietary information in the request. Requests to participate in the launch event will be evaluated by the Department of Commerce and McKinsey and Company based on (1) level of institutional interest, knowledge of, or experience investing in infrastructure projects and/or in Africa, (2) experience and ability of the proposed participant to engage in a substantive discussion of factors influencing U.S. institutional investment decisions in the infrastructure sector in African markets, and (3) level of proposed participant within the company to be represented. Decisions will be made without regard to political considerations; referrals from political organizations and any documents containing references to partisan political activities (including political contributions) will be removed from an applicant’s submission and not considered during the selection process. To apply send an email to: Roadshow@trade.gov.

If you are interested in being added to the distribution list for information about this program and about upcoming events, send an email to Roadshow@trade.gov with your name and contact information.

Floor-Standing, Metal-Top Ironing Tables and Certain Parts Thereof From the People’s Republic of China: Final Results of the Expedited Sunset Review of the Antidumping Duty Order

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

DATES: Effective Date: September 3, 2015.

SUMMARY: On May 1, 2015, the Department initiated the second sunset review of the Order on Floor-Standing, Metal-Top Ironing Tables and Certain Parts Thereof (ironing tables) from the People’s Republic of China (PRC) pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act). 1 The Department determined that it was appropriate to conduct an expedited review. The Department finds that revocation of this antidumping duty order would be likely to lead to continuation or recurrence of dumping up to the rate identified in the “Final Results of Review” section of this notice.

SUPPLEMENTARY INFORMATION:

Background

The antidumping duty order on ironing tables from the PRC was published on August 6, 2004.2 The sunset review on the antidumping duty order on ironing tables from the PRC was initiated by the Department on May 1, 2015 pursuant to section 751(c) of the Act.3
