## DEPARTMENT OF COMMERCE

### International Trade Administration

#### Aerospace Executive Service Trade Mission at Singapore Airshow; February 15-19, 2016

**AGENCY:** International Trade Administration, Department of Commerce.

**ACTION:** Notice.

#### Mission Description

The United States Department of Commerce, International Trade Administration is organizing an Aerospace Executive Service Trade Mission (AESTM) to Singapore in conjunction with the Singapore Airshow 2016 (<http://www.singaporeairshow.com>). The AESTM will include representatives from a variety of U.S. aerospace-industry manufacturers and service providers. The mission participants will be introduced to international agents, distributors and end-users whose capabilities are targeted to each participant's needs. This year a key mission goal is to recruit U.S. firms that have not previously participated in this AESTM to the Singapore Airshow.

Mission participants will also be briefed by key local industry leaders who can advise on local market conditions and opportunities.

In addition, the Commercial Service will offer its AsiaNow Showtime program during the Singapore Airshow,

where mission participants can meet one-on-one with Commercial Service aerospace and defense industry specialists from various markets in Asia. The industry specialists will be on-hand to discuss market trends and opportunities in their respective markets.

#### Mission Goals

The mission's goal for the Aerospace Executive Service (AES) at the Singapore Airshow is to facilitate an effective presence for small to medium-sized U.S. companies without the major expenses associated with purchasing and staffing exhibition space. The AES will enable U.S. aerospace companies to familiarize themselves with this important air show, conduct market research, and explore export opportunities through pre-screened meetings with potential partners. It will give the U.S. companies a small presence at the show, with an office infrastructure environment and the support of knowledgeable U.S. Commercial Service staff focused on furthering company-specific objectives. This mission also seeks to recruit a minimum of six participants new to the AESTM at the Singapore Airshow.

#### Mission Scenario

Within the U.S. Pavilion at the 2016 Singapore Airshow, the Commercial Service will maintain a 66-square-meter booth that will include 48 square meters of kiosk space for the mission participants, where each participant may display company literature and conduct meetings with visitors to the air show, including buyer delegations from the Asia-Pacific region recruited by Commercial Service staff as part of the AsiaNow program. The Commercial Service booth will also house an area for meetings with Commercial Service staff and a Business Information Office (BIO) reception area (18 square meters). Commercial Service staff will be available to provide market information and offer logistical assistance to AESTM participants throughout the trade mission duration at the Singapore Airshow.

- In summary, participation in the AESTM includes:
  - Pre-show breakfast briefing on February 15;
  - Daily transportation to and from the designated hotel and Singapore Airshow;
  - Pre-scheduled meetings with potential partners, distributors, and end users recruited by the Commercial Service;
  - One show entry pass per company representative;
