Baby Jogger additionally informed NHTSA that they have corrected all labeling noncompliances and that all future productions of the infant car seat/stroller systems and stand-alone units will be in full compliance with FMVSS No. 213.

In summation, Baby Jogger believes that the described noncompliance of the subject infant car seat/stroller systems and standalone units is inconsequential to motor vehicle safety, and that its petition, to exempt Baby Jogger from providing recall notification of noncompliance as required by 49 U.S.C. 30118 and remedying the recall noncompliance as required by 49 U.S.C. 30120 should be granted.

NHTSA notes that the statutory provisions (49 U.S.C. 30118(d) and 30120(h)) that permit manufacturers to file petitions for a determination of inconsequentiality allow NHTSA to exempt manufacturers only from the duties found in sections 30118 and 30120, respectively, to notify owners, purchasers, and dealers of a defect or noncompliance and to remedy the defect or noncompliance. Therefore, any decision on this petition only applies to the subject child restraints that Baby Jogger no longer controlled at the time it determined that the noncompliance existed. However, any decision on this petition does not relieve child restraint distributors and dealers of the prohibitions on the sale, offer for sale, or introduction or delivery for introduction into interstate commerce of the noncompliant child restraints under their control after Baby Jogger notified them that the subject noncompliance existed.

**Six County Association of Governments—Construction and Operation Exemption—A Rail Line Between Levan and Salina, Utah**

**AGENCY:** Surface Transportation Board, DOT.

**ACTION:** Notice of construction and operation exemption.

**SUMMARY:** The Board is granting an exemption under 49 U.S.C. 10502 from the prior approval requirements of 49 U.S.C. 10901 for Six County Association of Governments (Six County) to construct and operate a new line of railroad between Salina, Utah, and a connection with an existing line of the Union Pacific Railroad Company near Juab, Utah. The rail line would provide an alternative rail service option to local industries, particularly the Southern Utah Fuel Company coal mine located about 30 miles northeast of Salina. This exemption is subject to environmental mitigation conditions.

**DATES:** The exemption will be effective on October 3, 2015; petitions for reconsideration must be filed by September 23, 2015.

**ADDRESSES:** An original and 10 copies of all pleadings, referring to Docket No. FD 34075 must be filed with the Surface Transportation Board, 395 E Street SW., Washington DC 20423–0001. In addition, one copy of each filing in this proceeding must be served on petitioner’s representative: Sandra L. Brown, Thompson Hine LLP, 1919 M Street NW., Suite 700, Washington, DC 20036–1600.

**FOR FURTHER INFORMATION CONTACT:** Nathaniel Bawcombe, (202) 245–0376. (Assistance for the hearing impaired is available through the Federal Information Relay Service (FIRS) at: (800) 877–8339). **Surface Transportation Board**

**Information Collection Activities: Statutory Licensing and Consolidation Authority**

**AGENCY:** Surface Transportation Board, DOT.

**ACTION:** 30-day notice and request for comments.

**SUMMARY:** As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act of 1995, 44 U.S.C. 3501–3519 (PRA), the Surface Transportation Board (Board) gives notice that it is requesting from the Office of Management and Budget (OMB) approval of an extension of the information collection—Statutory Licensing and Consolidation Authority—further described below. The Board previously published a notice about this collection in the **Federal Register**, 80 FR 38,508 (July 6, 2015). That notice allowed for a 60-day public review and comment period. One comment was received and is addressed in the agency’s submission to OMB as part of this approval process.

Under 49 U.S.C. 10901–03 and §§ 11323–26, rail carriers and non-carriers are required to file an application with the Board, or seek an exemption (through petition or notice) from the full application process under § 10502, before they may construct, acquire, or operate a line of railroad; abandon or discontinue operations over a line of railroad; or consolidate their interests through a merger or common-control arrangement. (The relevant information collections are described in more detail below.)

Comments are requested concerning: (1) The accuracy of the Board’s burden estimates; (2) ways to enhance the quality, utility, and clarity of the information collected; (3) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology, when appropriate; and (4) whether the collection of information is necessary for the proper performance of the functions of the Board, including whether the collection has practical utility.

*Total Annual “Non-hour Burden” Cost:* Approximately \$1,537.50 (sum total of the cost per response × number of responses for each type of filing). Filings are submitted electronically to the Board; so there is no cost for filing with the Board. However, respondents are sometimes required, as part of this collection, to send letters to certain governmental agencies notifying them of the proposed action being sought before the Board. (Copies of these letters are part of an environmental and historic report that is sometimes required as part of this collection.) Because some of these agencies may require hard copy letters, there may be some limited mailing costs, which we have estimated at approximately \$12.50 per response.

*Needs and Uses:* Under the Interstate Commerce Act, as amended by the ICC Termination Act of 1995, Public Law 104-88, 109 Stat. 803 (1995), persons seeking to construct, acquire or operate a line of railroad and railroads seeking to abandon or to discontinue operations over a line of railroad or, in the case of two or more railroads, to consolidate their interests through merger or a common-control arrangement are required to file an application with the Board. See 49 U.S.C. 10901-03 and 11323-26. Under 49 U.S.C. 10502, persons may seek an exemption from many of the application requirements of §§ 10901-03 and 11323-26 by filing with the Board a petition for exemption or notice of exemption in lieu of an application. The collection by the Board of these applications, petitions, and notices enables the Board to meet its statutory duty to regulate the referenced rail transactions. See *Table—Statutory and Regulatory Provisions* below.

*Retention Period:* Information in these collections is maintained by the Board

for ten years, after which it is transferred to the National Archives as permanent records.

**DATES:** Comments on this information collection should be submitted by October 8, 2015.

**ADDRESSES:** Written comments should be identified as “Paperwork Reduction Act Comments, Surface Transportation Board, Statutory Licensing and Consolidation Authority.” These comments should be directed to the Office of Management and Budget, Office of Information and Regulatory Affairs, Attention: Chandana L. **SUPPLEMENTARY INFORMATION:** Under §§ 10901-03 and 11323-26, an application must be filed to seek authority under these sections, but an applicant may file a petition or notice pursuant to an exemption under 49 U.S.C. 10502. Respondents seeking authority from the Board under these provisions must submit certain information required under the Board’s related regulations. Statutory Authority To Preserve Rail  
Service (49 U.S.C. 10904-05 and 10907,

**AGENCY:** Surface Transportation Board, DOT.

**ACTION:** 30-day notice and request for comments.

**SUMMARY:** As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act of 1995, 44 U.S.C. 3501-3519 (PRA), the Surface Transportation Board (Board) gives notice that it is requesting from the Office of Management and Budget (OMB) approval of an extension of the information collection—Statutory Authority to Preserve Rail Service—further described below. The Board previously published a notice about this collection in the **Federal Register**. 80 FR 38509 (July 6, 2015). That notice allowed for a 60-day public review and comment period. No comments were received.

Under these statutory provisions, the Board administers programs designed to preserve railroad service or rail rights-of-way. When a line is proposed for abandonment, affected shippers, communities, or other interested persons may seek to preserve rail service by filing with the Board: an offer of financial assistance (OFA) to subsidize or purchase a rail line for which a railroad is seeking abandonment (49 U.S.C. 10904), including a request for the Board to set terms and conditions of the financial assistance; a request for a public use condition (§ 10905); or a trail-use request (16 U.S.C. 1247(d)). Similarly, when a line is placed on a system diagram map identifying it as an anticipated or potential candidate for abandonment, affected shippers, communities, or other interested persons may seek to preserve rail service by filing with the Board a feeder line application to purchase the identified rail line (§ 10907). When a line is so placed on the map, the feeder line applicant need not demonstrate that the public convenience and necessity

require or permit the sale of the line, but need only pay the constitutional minimum value to acquire it. Additionally, the railroad owning the rail line subject to abandonment must, in some circumstances, provide information to the applicant or offeror. The relevant information collections are described in more detail below.

Comments are requested concerning: (1) The accuracy of the Board’s burden estimates; (2) ways to enhance the quality, utility, and clarity of the information collected; (3) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology when appropriate; and (4) whether the collection of information is necessary for the proper performance of the functions of the Board, including whether the collection has practical utility.

*Total “Non-hour Burden” Cost:* None identified. Filings are submitted electronically to the Board.

*Needs and Uses:* Under the Interstate Commerce Act, as amended by the ICC Termination Act of 1995, Public Law 104-88, 109 Stat. 803 (1995), and Section 8(d) of the National Trails System Act, 16 U.S.C. 1247(d) (Trails Act), persons seeking to preserve rail service may file pleadings before the Board to acquire or subsidize a rail line for continued service, or to impose a trail use or public use condition. Under 49 U.S.C. 10904, the filing of an OFA starts a process of negotiations to define the financial assistance needed to purchase or subsidize the rail line sought for abandonment. Once the OFA is filed, the offeror may request additional information from the railroad, which the railroad must provide. If the parties cannot agree to the sale or subsidy, either party also may file a request for the Board to set the terms and conditions of the financial assistance. Under § 10905, a public use request allows the Board to impose a 180-day public use condition on the abandonment of a rail line, permitting the parties to negotiate a public use for the rail line. Under § 10907, a feeder line application provides the basis for authorizing an involuntary sale of a rail line. Finally, under 16 U.S.C. 1247(d), a trail-use request, if agreed upon by the abandoning carrier, requires the Board to condition the abandonment by issuing a Notice of Interim Trail Use (NITU) or Certificate of Interim Trail Use (CITU), permitting the parties to

*Total Burden Hours* (annually including all respondents): 368 hours

<sup>1</sup> In the 60-day notice for this collection, the Board estimated that the number of Trail-Use Request Extensions would be 94, but, upon further review, staff has revised the number to 24 because staff believes that number more accurately reflects the annual number of this type of filing.

<sup>2</sup> In the 60-day notice, the Board used four hours for the estimated hours for filing of an “OFA-Request to Set Terms and Conditions,” but, upon review, staff updated this amount to more accurately reflect the hourly burden for this filing, estimating it to be 40 hours rather than four. Therefore, this notice updates those burden hours.
