or more venues. In fact, this reality is recognized by the QCT exemption itself through the timing requirement of “at or near the same time,” which does not note a specific time requirement. SNAP is also consistent with Rule 201 of Regulation SHO or applicable exemptive relief. Specifically, SNAP Eligible Orders marked Sell Short in a covered security subject to the short sale price test restriction will never be permitted to execute at prices at or below the NBB ascertained from the market snapshot taken pursuant to proposed Article 18, Rule 1(b)(2)(E). For SNAP Eligible Orders marked Sell Short with a limit price at one minimum price increment above the NBB ascertained from the market snapshot taken pursuant to proposed Article 18, Rule 1(b)(2)(E) or higher, such orders would simply be ranked on the SNAP CHX book at its limit price. However, for SNAP Eligible Orders marked Sell Short with a limit price at or below the NBB ascertained from the market snapshot taken pursuant to proposed Article 18, Rule 1(b)(2)(E), the Matching System would reprice such orders to one minimum price increment above the NBB ascertained from the market snapshot taken pursuant to proposed Article 18, Rule 1(b)(2)(E), during a short sale price test restriction, this ranking methodology would ensure that SNAP Eligible Orders marked Sell Short would not participate in the SNAP execution, as such orders would never have an executable price lower than one minimum price increment above the NBB ascertained from the market snapshot taken pursuant to proposed Article 18, Rule 1(b)(2)(E).

B. Self-Regulatory Organization’s Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. To the contrary, the Exchange believes that any burden on competition is necessary and appropriate in furtherance of the purposes of section 6(b)(5) of the Act because SNAP is an initiative that seeks to deemphasize speed as a key to trading success in order to further serve the interests of investors, as recently noted by Chair White, and thereby removes impediments and perfects the mechanisms of a free and open market.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

A. By order approve or disapprove the proposed rule change, or

B. Institute proceedings to determine whether the proposed rule change should be disapproved.

SECURITIES AND EXCHANGE COMMISSION

Self-Regulatory Organizations; The NASDAQ Stock Market LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend Nasdaq Rule 5745

September 2, 2015.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),1 and Rule 19b–4 thereunder,2 notice is hereby given that on August 31, 2015, The NASDAQ Stock Market LLC (“NASDAQ” or the “Exchange”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I, and II below, which Items have been prepared by Nasdaq. The Exchange filed the proposal as a “non-controversial” proposed rule change pursuant to Section 19(b)(3)(A)(ii) of the Act3 and Rule 19b–4(f)(6)
The Exchange proposes to amend Nasdaq Rule 5745 entitled “Exchange-Traded Managed Fund Shares” in connection with a type of open-end investment management investment company registered under the Investment Company Act of 1940, as amended (“1940 Act”), called an Exchange-Traded Managed Fund (“ETMF”). The shares of an ETMF are collectively referred to herein as “ETMF Shares” or “Shares.”

The Exchange has designated that the amendments be operative on October 1, 2015 so that they are in place by the expected launch of the initial ETMFs on that date.

The text of the proposed rule change is available at http://nasdaq.cchwallstreet.com/, at Nasdaq’s principal office, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend Nasdaq Rule 5745 in connection with the trading of ETMF Shares. Specifically, the Exchange proposes to add to Nasdaq Rule 5745 subsections (b)(6), (b)(6)(A) and (b)(6)(B) to clarify that all order attributes (“Order Attributes”), as described in Nasdaq Rule 4703, are applicable to ETMF Shares other than for certain exceptions.

The first exception is that any order with respect to ETMF Shares received with a routing instruction (as defined in Nasdaq Rule 4758) prior to the opening trading in the applicable ETMF security will be automatically canceled and returned. Since ETMFs are not permitted to trade prior to 9:30 a.m. (Eastern Time), the Exchange believes that allowing routing to occur only during Regular Market Session 7 through 4:00 p.m. (Eastern Time) is the best way to eliminate any possible confusion regarding system availability for trading ETMFs.

The other exception is that certain Time-in-Force Order Attributes, as defined in Nasdaq Rule 4703, are not applicable to orders in ETMF securities. These include orders designated to deactivate one year after entry and referred to as a “Good-till-Cancelled” or “GTC” Orders.8 If a GTC Order is designated as eligible for execution during Market Hours only, it may be referred to as having a Time-in-Force of “Market Hours Good-till-Cancelled” or “MGTC”.

B. Self-Regulatory Organization’s Statement of the Basis for, and Statutory Basis for, the Proposed Rule Change

2. Statutory Basis

Nasdaq believes that the proposal is consistent with Section 6(b) of the Act in general and Section 6(b)(5) of the Act in particular in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, and to remove impediments to and perfect the mechanism of a free and open market and a national market system.

The Exchange is proposing to clarify Nasdaq Rule 5745 by adding subsections (b)(6), (b)(6)(A) and (b)(6)(B) to clarify that all Order Attributes (as described in Nasdaq Rule 4703) are applicable to ETMF Shares other than
for certain exceptions, including that any order received with a routing instruction (as defined in Nasdaq Rule 4758) prior to the opening of trading in the ETMF security will be automatically canceled and returned. Also, the proposed rule seeks to clarify that certain Time-in-Force Order Attributes (as defined in Nasdaq Rule 4703) are not applicable for ETMF securities and include the following orders: GTC, MGTC, and SGTC Orders.15

The Exchange believes that, because this proposed rule change clarifies for all market participants exactly what types of Order Attributes are permissible for ETMF Shares and thereby reduces possible confusion in the trading of ETMF Shares, it will facilitate transactions in securities, remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, help to protect investors and the public interest. The proposed rule change is not designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

For the above reasons, Nasdaq believes the proposed rule change is consistent with the requirements of Section 6(b)(5) of the Act.16

B. Self-Regulatory Organization’s Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange believes that the proposed rule change will assist in the introduction of ETMFs through clarifying for all market participants exactly what types of Order Attributes are permissible for ETMF Shares and will reduce possible confusion in the trading of ETMF Shares.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on

which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act and Rule 19b–4(f)(6) thereunder.17

A proposed rule change filed pursuant to Rule 19b–4(f)(6) under the Act normally does not become effective for 30 days after the date of its filing. However, Rule 19b–4(f)(6)(iii)18 permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission’s Internet comment form (http://www.sec.gov/rules/sro.shtml); or

- Send an email to rule-comments@sec.gov. Please include File Number SR–NASDAQ–2015–103 on the subject line.

Paper Comments

- Send paper comments in triplicate to Brent J. Fields, Secretary, Securities and Exchange Commission, 100 F Street NE., Washington, DC 20549–1001.

All submissions should refer to File Number SR–NASDAQ–2015–103 on the subject line.
