SUPPLEMENTARY INFORMATION:

I. Abstract

The gathering of this information is in keeping with the purposes of the Indian Gaming Regulatory Act of 1988 (IGRA or the Act), Public Law 100-497, 25 U.S.C. 2701, *et seq.*, which include: Providing a statutory basis for the operation of gaming by Indian tribes as a means of promoting tribal economic development, self-sufficiency, and

strong tribal governments; ensuring that the Indian tribe is the primary beneficiary of the gaming operation; and declaring that the establishment of independent federal regulatory authority for gaming on Indian lands, the establishment of federal standards for gaming on Indian lands, and the establishment of the Commission are necessary to meet congressional concerns regarding gaming and to protect such gaming as a means of generating tribal revenue. 25 U.S.C. 2702. The Act established the Commission and laid out a comprehensive framework for the regulation of gaming on Indian lands.

II. Data

Title: Management Contract Provisions.

OMB Control Number: 3141-0004.

Brief Description of Collection:

Amongst other actions necessary to carry out the Commission's statutory duties, the Act requires the NIGC Chairman to review and approve all management contracts for the operation and management of class II and/or class III gaming activities, and to conduct background investigations of persons with direct or indirect financial interests in, and management responsibility for, management contracts. 25 U.S.C. 2710, 2711. The Commission is authorized to "promulgate such regulations and guidelines as it deems appropriate to implement" IGRA. 25 U.S.C. 2706(b)(10). The Commission has promulgated parts 533, 535, and 537 of title 25, Code of Federal Regulations, to implement these statutory requirements.

Section 533.2 requires a tribe or management contractor to submit a management contract for review within 60 days of execution, and to submit all of the items specified in § 533.3. Section 535.1 requires a tribe to submit an amendment to a management contract within 30 days of execution, and to submit all of the items specified in § 535.1(c). Section 535.2 requires a tribe or a management contractor, upon execution, to submit the assignment by a management contractor of its rights under a previously approved management contract. Section 537.1 requires a management contractor to submit all of the items specified in § 537.1(b), (c) in order for the Commission to conduct background investigations on: each person with management responsibility for a management contract; each person who is a director of a corporation that is a party to a management contract; the ten persons who have the greatest direct or indirect financial interest in a management contract; any entity with a

financial interest in a management contract; and any other person with a direct or indirect financial interest in a management contract, as otherwise designated by the Commission. This collection is mandatory, and the benefit to the respondents is the approval of Indian gaming management contracts, and any amendments thereto.

Respondents: Tribal governing bodies and management contractors.

Estimated Number of Respondents: 20.

Estimated Annual Responses: 43 (submissions of contracts, contract amendments, contract assignments, and background investigation material).

Estimated Time per Response: Depending on the type of collection, the range of time can vary from 10.0 burden hours to 20.0 burden hours for one item.

Frequency of Response: Varies; usually no more than once per year.

Estimated Total Annual Burden Hours on Respondents: 692.

Estimated Total Non-hour Cost Burden: \$500,000.

Title: Fees.

OMB Control Number: 3141-0007.

Brief Description of Collection:

Amongst other actions necessary to carry out the Commission's statutory duties, the Act requires Indian tribes that conduct a class II and/or class III gaming activity to pay annual fees to the Commission on the basis of the assessable gross revenues of each gaming operation using rates established by the Commission. 25 U.S.C. 2717. The Commission is authorized to "promulgate such regulations and guidelines as it deems appropriate to implement" IGRA. 25 U.S.C. 2706(b)(10). The Commission has promulgated part 514 of title 25, Code of Federal Regulations, to implement these statutory requirements.

Section 514.6 requires a tribe to submit, along with its fee payments, quarterly fee statements (worksheets) showing its assessable gross revenues for the previous fiscal year in order to support the computation of fees paid by each gaming operation. Section 514.7 requires a tribe to submit a notice within 30 days after a gaming operation changes its fiscal year. Section 514.15 allows a tribe to submit fingerprint cards to the Commission for processing by the Federal Bureau of Investigation (FBI), along with a fee to cover the NIGC's and FBI's costs to process the fingerprint cards on behalf of the tribes. Parts of this collection are mandatory and the other part is voluntary. The required submission of the fee worksheets allows the Commission to both set and adjust fee rates, and to support the computation of fees paid by

each gaming operation. In addition, the voluntary submission of fingerprint cards allows a tribe to conduct statutorily mandated background investigations on applicants for key employee and primary management official positions.

Respondents: Indian gaming operations.

Estimated Number of Respondents: 651.

Estimated Annual Responses: 71,375.

Estimated Time per Response: Depending on the type of collection, the range of time can vary from 0.5 burden hours to 2.0 burden hours for one item.

Estimated Total Annual Burden on Respondents: 38,292.5.

Estimated Total Non-hour Cost Burden: \$1,467,585.

Title: Minimum Internal Control Standards for Class II Gaming.

OMB Control Number: 3141-0009.

Brief Description of Collection:

Amongst other actions necessary to carry out the Commission's statutory duties, the Act directs the Commission to monitor class II gaming conducted on Indian lands on a continuing basis in order to ensure that the Indian tribe is the primary beneficiary of the gaming operation and to protect such gaming as a means of generating tribal revenue, and to assure that gaming is conducted fairly and honestly by both the operator and players. 25 U.S.C. 2702(2), 2706(b)(1). The Commission is also authorized to "promulgate such regulations and guidelines as it deems appropriate to implement" IGRA. 25 U.S.C. 2706(b)(10). The Commission has promulgated part 543 of title 25, Code of Federal Regulations, to aid it in monitoring class II gaming on a continuing basis.

Section 543.3 requires a tribal gaming regulatory authority (TGRA) to submit to the Commission a notice requesting an extension to the deadline (by an additional six months) to achieve compliance with the requirements of the new tier after a gaming operation has moved from one tier to another. Section 543.5 requires a TGRA to submit a detailed report after the TGRA has approved an alternate standard to any of the NIGC's minimum internal control standards, and the report must contain all of the items specified in § 543.5(a)(2). Section 543.23(c) requires a tribe to maintain internal audit reports and to make such reports available to the Commission upon request. Section 543.23(d) requires a tribe to submit two copies of the agreed-upon procedures

(AUP) report within 120 days of the gaming operation's fiscal year end. This collection is mandatory and allows the NIGC to confirm tribal compliance with the minimum internal control standards in the AUP reports.

Respondents: Tribal governing bodies.
Estimated Number of Respondents: 466.

Estimated Annual Responses: 834.

Estimated Time per Response: Depending on the type of collection, the range of time can vary from 1.0 burden hours to 108.0 burden hours for one item.

Estimated Total Non-hour Cost Burden: \$8,736,040.

Title: Facility License Notifications and Submissions.

OMB Control Number: 3141-0012.

Brief Description of Collection:

Amongst other actions necessary to carry out the Commission's statutory duties, the Act requires Indian tribes that conduct class II and/or class III gaming to issue "a separate license . . . for each place, facility, or location on Indian lands at which class II [and class III] gaming is conducted," 25 U.S.C. 2710(b)(1), (d)(1), and to ensure that "the construction and maintenance of the gaming facilities, and the operation of that gaming is conducted in a manner which adequately protects the environment and public health and safety." 25 U.S.C. 2710(b)(2)(E). The Commission is authorized to "promulgate such regulations and guidelines as it deems appropriate to implement" IGRA. 25 U.S.C. 2706(b)(10). The Commission has promulgated part 559 of title 25, Code of Federal Regulations, to implement these requirements.

Section 559.2 requires a tribe to submit a notice (that a facility license is under consideration for issuance) at least 120 days before opening any new facility on Indian lands where class II and/or class III gaming will occur, with the notice containing all of the items specified in § 559.2(b). Section 559.3 requires a tribe to submit a copy of each newly issued or renewed facility license within 30 days of issuance. Section 559.4 requires a tribe to submit an attestation certifying that by issuing the facility license, the tribe has determined that the construction, maintenance, and operation of that gaming facility is conducted in a manner that adequately protects the environment and the public health and safety. Section 559.5 requires a tribe to submit a notice within 30 days if a facility license is terminated or

expires or if a gaming operation closes or reopens. Section 559.6 requires a tribe to maintain applicable and available Indian lands or environmental and public health and safety documentation, and provide that documentation if requested by the NIGC. This collection is mandatory and enables the Commission to perform its statutory duty by ensuring that tribal gaming facilities on Indian lands are properly licensed by the tribes.

Estimated Total Non-hour Cost Burden: \$6,663.

Title: Minimum Technical Standards for Class II Gaming Systems and Equipment.

OMB Control Number: 3141-0014.

Brief Description of Collection:

Amongst other actions necessary to carry out the Commission's statutory duties, the Act directs the Commission to monitor class II gaming conducted on Indian lands on a continuing basis in order to ensure that the Indian tribe is the primary beneficiary of the gaming operation and to protect such gaming as a means of generating tribal revenue, and to assure that gaming is conducted fairly and honestly by both the operator and players. 25 U.S.C. 2702(2), 2706(b)(1). Section

547.5(d)(3) requires a TGRA to maintain records of approved emergency hardware and software modifications to a class II gaming system (and a copy of the testing laboratory report) so long as the gaming system remains available to the public for play, and must make the records available to the Commission upon request. Section 547.5(f) requires a TGRA to maintain records of its following determinations: (i) Regarding a testing laboratory's (that is owned or operated or affiliated with a tribe) independence from the manufacturer and gaming operator for whom it is providing the testing, evaluating, and reporting functions; (ii) regarding a testing laboratory's suitability determination based upon standards no less stringent than those set out in 25 CFR 533.6(b)(1)(ii) through (v) and based upon no less information than that required by 25 CFR 537.1; and/or (iii) the TGRA's acceptance of a testing laboratory's suitability determination made by any other gaming regulatory authority in the United States. The TGRA must maintain said records for a minimum of three years and must make the records available to the Commission upon request. Section 547.17 requires a TGRA to submit a detailed report for each enumerated standard for which the TGRA approves an alternate standard, and the report must contain the items identified in § 547.17(a)(2). III. Request for Comments

Regulations at 5 CFR part 1320, which implement provisions of the Paperwork Reduction Act, require that interested members of the public have an opportunity to comment on an agency's information collection and recordkeeping activities. See 5 CFR 1320.8(d). To comply with the public consultation process, the Commission previously published its 60-day notice and request for comments and of its intent to submit the above-mentioned information collection requests to OMB for approval. See 80 FR 32176 (June 5, 2015). The Commission did not receive any comments in response to that notice and request for comments.

The Commission will submit the preceding requests to OMB to renew its approval of the information collections and to approve its request for a new information collection to conduct voluntary stakeholder satisfaction surveys. The Commission is requesting a three-year term of approval for each of these information collection and recordkeeping activities.

You are again invited to comment on these collections in order for the Commission to: (i) Evaluate whether the proposed information collection is necessary for the agency to perform its duties, including whether the

information is useful; (ii) evaluate the accuracy of the agency's estimate of the burden of the proposed information collection; (iii) enhance the quality, usefulness, and clarity of the information to be collected; and (iv) minimize the burden on the respondents, including the use of automated collection techniques or other forms of information technology. It should be noted that as a result of the Commission reviewing its own records that track the number of tribal and/or management contractor submissions and after surveying tribal gaming operators, TGRAs, and management contractors regarding the Commission's submission and recordkeeping requirements, many of the previously published burden estimates have changed since the publication of the Commission's 60-day notice on June 5, 2015. If you wish to comment in response to this notice, you may send your comments to the office listed under the **ADDRESSES** section of this notice by October 13, 2015.

Comments submitted in response to this second notice will be summarized and become a matter of public record. The NIGC will not request nor sponsor a collection of information, and you need not respond to such a request, if there is no valid OMB Control Number.

Dated: September 4, 2015.

Shannon O'Loughlin,
Chief of Staff.

Notice of Availability for the Final Environmental Impact Statement for the Central Valley Project Municipal and Industrial Water Shortage Policy, Central Valley, California

AGENCY: Bureau of Reclamation, Interior.

ACTION: Notice.

SUMMARY: The Bureau of Reclamation has prepared a Final Environmental Impact Statement (EIS) for the Central Valley Project Municipal and Industrial Water Shortage Policy. The Final EIS addresses updating the Central Valley Project Municipal and Industrial Water Shortage Policy and implementation guidelines. The Central Valley Project Municipal and Industrial Water Shortage Policy would be used by Reclamation to: (1) Define water

shortage terms and conditions for applicable Central Valley Project water service contractors, as appropriate; (2) establish Central Valley Project water supply allocations that, together with the municipal and industrial water service contractors' drought water conservation measures and other water supplies, would assist the municipal and industrial water service contractors in their efforts to protect public health and safety during severe or continuing droughts; and (3) provide information to water service contractors for their use in water supply planning and development of drought contingency plans.

DATES: The Bureau of Reclamation will not issue a final decision on the proposal for a minimum of 30 days after the date that the Environmental Protection Agency releases the Final EIS. After the 30-day period, the Bureau of Reclamation will complete a Record of Decision. The Record of Decision will state the action that will be implemented and will discuss all factors leading to the decision.

ADDRESSES: Send written correspondence or requests for copies of the Final EIS to Mr. Tim Rust, Bureau of Reclamation, Resources Management Division, 2800 Cottage Way, Sacramento, CA 95825, or via email to trust@usbr.gov. To request a compact disc of the Final EIS, please contact Mr. Tim Rust as indicated above, or call (916) 978-5516.

The Final EIS may be viewed at the Bureau of Reclamation's Web site at <http://www.usbr.gov/mp/cvp/mandi/index.html>. See the **SUPPLEMENTARY INFORMATION** section for locations where copies of the Final EIS are available for public review.

FOR FURTHER INFORMATION CONTACT: Mr. Tim Rust, Program Manager, Bureau of Reclamation, via email at trust@usbr.gov, or at (916) 978-5516.

SUPPLEMENTARY INFORMATION: The Central Valley Project is operated under Federal statutes authorizing the Central Valley Project, and by the terms and conditions of water rights acquired pursuant to California law. During any year, constraints may occur on the availability of Central Valley Project water for municipal and industrial water service contractors. The cause of the water shortage may be drought, unavoidable causes, or restricted operations resulting from legal and environmental obligations or mandates. Those legal and environmental obligations include, but are not limited to, the Endangered Species Act, the Central Valley Project Improvement Act (CVPIA), and conditions imposed on Central Valley Project water rights by

the California State Water Resources Control Board. The 2001 draft Central Valley Project Municipal & Industrial Water Shortage Policy, as modified by Alternative 1 B of the 2005 draft environmental assessment (EA), establishes the terms and conditions regarding the constraints on availability of water supply for the Central Valley Project municipal and industrial water service contracts.

Allocation of Central Valley Project water supplies for any given water year is based upon forecasted reservoir inflows and Central Valley hydrologic conditions, amounts of storage in Central Valley Project reservoirs, regulatory requirements, and management of Section 3406(b)(2) resources and refuge water supplies in accordance with CVPIA. In some cases, municipal and industrial allocations in water shortage years may differ between Central Valley Project divisions due to regional Central Valley Project water supply availability, system capacity, or other operational constraints.

The purpose of the update to the 2001 Central Valley Project Municipal & Industrial Water Shortage Policy, as modified by Alternative 1 B of the 2005 draft EA, is to provide detailed, clear, and objective guidelines for the distribution of Central Valley Project water supplies during water shortage conditions, thereby allowing Central Valley Project water users to know when, and by how much, water deliveries may be reduced in drought and other low water supply conditions.

The increased level of clarity and understanding that will be provided by the update to the 2001 draft Central Valley Project Municipal & Industrial Water Shortage Policy is needed by water managers and the entities that receive Central Valley Project water to better plan for and manage available Central Valley Project water supplies, and to better integrate the use of Central Valley Project water with other available non-Central Valley Project water supplies. The update to the 2001 draft Central Valley Project Municipal & Industrial Water Shortage Policy is also needed to clarify certain terms and conditions with regard to its applicability and implementation. The proposed action is the adoption of an updated Central Valley Project Municipal & Industrial Water Shortage Policy and its implementation guidelines.

The EIS analyzes five alternative actions. Alternative 1 is No Action, and represents the current 2001 draft Central Valley Project Municipal & Industrial Water Shortage Policy, as modified by Alternative 1 B of the 2005 EA, which
